Planning committee meeting to consider AELTC planning application, 26 October 2023

Our Development and Planning Applications Committee will be meeting on Thursday 26 October at 7.15pm to consider the application from the All England Lawn Tennis Club to expand the current tennis complex in Wimbledon.

However, the land remains subject to covenants imposed in the transfer in 1993, which includes provisions relating to the use and development of the land. **The covenants must be addressed by All England Lawn Tennis Club before any development is commenced** and we will be discussing this with the All England Lawn Tennis Club in due course, and following the consideration of the scheme by both the London Borough of Wandsworth and the Greater London Authority.
