### 4 REPORT ON THE PROPOSED REVISED STATEMENT OF PRINCIPLES UNDER THE GAMBLING ACT 2005, INCLUDING CONSIDERATION ON WHETHER TO RE-STATE THE 'NO CASINO' POLICY, FOLLOWING PUBLIC CONSULTATION. (Agenda Item 4)

The Licensing Manager presented an overview of the report. Following agreement by the Committee at its' meeting on 13<sup>th</sup> July to agree the draft statement of principles, a public consultation was undertaken between 19<sup>th</sup> July and 27<sup>th</sup> September 2021 and the report provided a summary of the responses to that consultation on the revised statement of principles under the Gambling Act 2005. It was noted that the majority of respondents were in support of the policy and of the retention of the no-casino policy as currently in place.

Section 349 of the Gambling Act 2005 requires licensing authorities before each successive period of three years to

“prepare a statement of the principles that they propose to apply in exercising their functions under this Act during that period, and publish the statement” For the London Borough of Merton, the revised statement of principles was required to be adopted by 31 December 2021.

Some amendments were also proposed to the statement of principles as a result of feedback received and these were outlined within the report.

A Local Area Profile had been developed and included within the statement of principles and this would inform operators what was expected when carrying out risk assessments and what should be taken into consideration about the locality when operating.

If approved, the revised statement of principles would be forwarded to Full Council for approval of its’ adoption at the upcoming meeting in November.

In response to questions from members, the Licensing Manager confirmed that the existing wards would be amended within the maps once the planned boundary changes were introduced following local elections in May 2022.

In response to further questions, the Licensing Manager advised that in regards to complaints, there was an enforcement protocol which would be followed including an investigation process which would include obtaining information from all parties before a decision on any further action was taken. The Licensing Manager informed members that compliance visits were undertaken for all gambling premises in Merton and they were well self-regulated and only one further follow up visit to one premises with the Police was required. Any enforcement action would be undertaken in consultation with the relevant responsible authorities including the Police and the Fire Authority.

RESOLVED:

A. That the Committee re-stated the no casino resolution and recommended it for adoption by full Council on 17 November 2021;

B. That the Committee considered the comments received during the public consultation process on the draft Gambling Statement of Principles, which took place between 19 July and 27 September 2021;
