Merton Council Overview and Scrutiny Commission

merton

Page Number

Date: 29 November 2023

Time: 7.15 pm

Venue: Council Chamber, Merton Civic Centre

AGENDA

		rage Number
1	Apologies for absence	
2	Declarations of pecuniary interest	
3	Minutes of the previous meeting	1 - 4
4	Council website update	5 - 10
5	Cabinet Member priorities	
	Verbal updates from Cabinet Member for Civic Pride, and Cabinet Member for Finance and Corporate Services.	
6	Budget and business plan (Round 1)	11 - 214
7	Work programme	215 - 222

This is a public meeting – members of the public are very welcome to attend. The meeting room will be open to members of the public from 7.00 p.m.

For more information about the work of this and other overview and scrutiny panels, please telephone 020 8545 3864 or e-mail scrutiny@merton.gov.uk. Alternatively, visit www.merton.gov.uk/scrutiny

Press enquiries: communications@merton.gov.uk or telephone 020 8545 3483 or 4093

Email alerts: Get notified when agendas are published www.merton.gov.uk/council/committee.htm?view=emailer

Public Information

Attendance at meetings

The public are welcome to attend meetings of the Council. Seating in the public gallery is limited and offered on a first come first served basis.

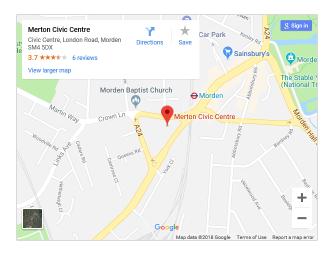

Audio/Visual recording of meetings

The Council will film meetings held in the Council Chamber for publication on the website. If you would like to film or record any meeting of the Council held in public, please read the Council's policy here or contact democratic.services@merton.gov.uk for more information.

Mobile telephones

Please put your mobile telephone on silent whilst in the meeting.

Access information for the Civic Centre

- Nearest Tube: Morden (Northern Line)
- Nearest train: Morden South, South Merton (First Capital Connect)
- Tramlink: Morden Road or Phipps Bridge (via Morden Hall Park)
- Bus routes: 80, 93, 118, 154, 157, 163, 164, 201, 293, 413, 470, K5

Further information can be found here

Meeting access/special requirements

The Civic Centre is accessible to people with special access requirements. There are accessible toilets, lifts to meeting rooms, disabled parking bays and an induction loop system for people with hearing difficulties. For further information, please contact democratic.services@merton.gov.uk

Fire alarm

If the fire alarm sounds, either intermittently or continuously, please leave the building immediately by the nearest available fire exit without stopping to collect belongings. Staff will direct you to the exits and fire assembly point. If you are unable to use the stairs, a member of staff will assist you. The meeting will reconvene if it is safe to do so, otherwise it will stand adjourned.

Electronic agendas, reports and minutes

Copies of agendas, reports and minutes for council meetings can also be found on our website. To access this, click https://www.merton.gov.uk/council-and-local-democracy and search for the relevant committee and meeting date.

Agendas can also be viewed online in the Borough's libraries and on the Mod.gov paperless app for iPads, Android and Windows devices.

Overview and Scrutiny Commission membership

Councillors:

Edward Foley (Chair) Mike Brunt (Vice-Chair) Agatha Mary Akyigyina OBE

Laxmi Attawar Billy Hayes

Usaama Kaweesa

Paul Kohler

Nick McLean

Stuart Neaverson

John Oliver

Tony Reiss

Substitute Members:

Sheri-Ann Bhim

Caroline Charles

Stephen Mercer

Thomas Barlow

Anthony Fairclough

Robert Page

Note on declarations of interest

ley (Chair) Mansoor Ahmad, Parent Governor

Representative - Secondary and Special

Sectors

Becky Cruise, Parent Governor

Co-opted Representatives

Representative

Dr Oona Stannard, Catholic Diocese

Roz Cordner, Church of England Diocese

Members are advised to declare any Disclosable Pecuniary Interest in any matter to be considered at the meeting. If a pecuniary interest is declared they should withdraw from the meeting room during the whole of the consideration of that mater and must not participate in any vote on that matter. For further advice please speak with the Managing Director, South London Legal Partnership.

What is Overview and Scrutiny?

Overview and Scrutiny describes the way Merton's scrutiny councillors hold the Council's Executive (the Cabinet) to account to make sure that they take the right decisions for the Borough. Scrutiny panels also carry out reviews of Council services or issues to identify ways the Council can improve or develop new policy to meet the needs of local people. From May 2008, the Overview & Scrutiny Commission and Panels have been restructured and the Panels renamed to reflect the Local Area Agreement strategic themes.

Scrutiny's work falls into four broad areas:

- ⇒ **Call-in**: If three (non-executive) councillors feel that a decision made by the Cabinet is inappropriate they can 'call the decision in' after it has been made to prevent the decision taking immediate effect. They can then interview the Cabinet Member or Council Officers and make recommendations to the decision-maker suggesting improvements.
- ⇒ **Policy Reviews**: The panels carry out detailed, evidence-based assessments of Council services or issues that affect the lives of local people. At the end of the review the panels issue a report setting out their findings and recommendations for improvement and present it to Cabinet and other partner agencies. During the reviews, panels will gather information, evidence and opinions from Council officers, external bodies and organisations and members of the public to help them understand the key issues relating to the review topic.
- ⇒ **One-Off Reviews**: Panels often want to have a quick, one-off review of a topic and will ask Council officers to come and speak to them about a particular service or issue before making recommendations to the Cabinet.
- ⇒ **Scrutiny of Council Documents**: Panels also examine key Council documents, such as the budget, the Business Plan and the Best Value Performance Plan.

Scrutiny panels need the help of local people, partners and community groups to make sure that Merton delivers effective services. If you think there is something that scrutiny should look at, or have views on current reviews being carried out by scrutiny, let us know.

For more information, please contact the Scrutiny Team on 020 8545 3864 or by e-mail on scrutiny@merton.gov.uk. Alternatively, visit www.merton.gov.uk/scrutiny

Agenda Item 3

All minutes are draft until agreed at the next meeting of the committee/panel. To find out the date of the next meeting please check the calendar of events at your local library or online at www.merton.gov.uk/committee.

OVERVIEW AND SCRUTINY COMMISSION 6 SEPTEMBER 2023

(7.15 pm - 9.10 pm)

PRESENT: Councillor Edward Foley (in the Chair), Councillor Michael Brunt,

Councillor Agatha Mary Akyigyina, Councillor Laxmi Attawar,

Councillor Billy Hayes, Councillor Paul Kohler,

Councillor Nick McLean, Councillor Stuart Neaverson,

Councillor John Oliver, Councillor Tony Reiss, Mansoor Ahmad,

Becky Cruise and Roz Cordner

ALSO PRESENT: Councillor Ross Garrod, Councillor Eleanor Stringer,

Hannah Doody (Chief Executive) and Calvin McLean (Interim Assistant Director Public Protection), Young Inspector Brandon

Alexander.

1 APOLOGIES FOR ABSENCE (Agenda Item 1)

Apologies were received from Cllr Usaama Kaweesa (with Cllr Caroline Charles as substitute) and Co-opted Member, Dr Oona Stannard.

2 DECLARATIONS OF PECUNIARY INTEREST (Agenda Item 2)

There were no declarations of pecuniary interest.

3 MINUTES OF THE PREVIOUS MEETING (Agenda Item 3)

The minutes were agreed as a true and accurate record of the previous meeting.

4 QUESTIONS TO THE LEADER OF THE COUNCIL (Agenda Item 4)

The Leader of the Council, Councillor Ross Garrod, gave an overview of his priorities for this year including Cost of Living work, the Council Plan, and the Borough of Sport's summer activities.

Next year's focus will be on our house building programme, creating affordable properties, and delivering on the Borough of Sport ambition (Borough of Sport launch is on 24th September at the Canons Leisure Centre).

The Chief Executive, Hannah Doody, updated the Commission that the new Corporate Management Team is now in situ, and introduced John Scarborough, Managing Director for SLLP and Monitoring Officer, to Members.

In response to Commission Members questions;

Members were reassured that community schools in Merton are all ok with regards to RAAC.

As a Local Authority we did undertake an analysis on our properties last year, however the Executive Director for Housing is revisiting this to ensure all still in order. With regards to Housing Stock, we expect Clarion to perform an analysis that housing is safe.

The New Hospitals Programme will also consider this issue.

Budget overspend is a forecast at present and can move. Inflation has had a big impact on our budget, along with cost of utilities and staff awards. We anticipate challenging savings ahead.

ULEZ – It's clear from the work that the Council has done around air quality, that there is a need to improve the quality of the air that we breathe. We stand with our residents and support them by introducing e-bikes, forest bikes, sustainable transport, and active travel, as well as walking and cycling strategy to support all this, and we have provided £1m towards supporting residents with scrappage scheme.

Several conversations have taken place with GLA, Mayor and Deputy Mayor for policing and the Councils desire for both police stations to remain open.

5 BCU COMMANDER - CRIME AND POLICING IN MERTON (Agenda Item 5)

The Borough commander, Detective Chief Superintendent Clair Kelland, gave an update on the recently launched 'New Met for London' and Turnaround Plan - More trust, less crime.

Focusing on community crime fighting and identifying top offenders.

Increased our resources in our Emergency Response teams to improve response times and we are now in the top quarter of the BCU.

Fixing our foundations – Creating additional training to support Detectives and Officers

Superintendent Luke Mooney - focusing locally on issues relating to Merton.

In response to questions:

- Future of Mitcham and Wimbledon Police stations are a top priority, and it is essential we retain them and invest in them.
- Professional Standards Directorate has been completely overhauled.
- Responding robustly to behaviour that is below the standard set will increase the confidence of our staff to report and speak out about unhealthy culture.
- Review underway into PCSO powers.

With regards to a question on whether there is full complement of staff in Ravensbury ward as there is a current lack of visibility of officers, Superintendent Luke Mooney agreed to arrange a walkaround with Cllr Caroline Charles.

6 SAFER MERTON - ANTISOCIAL BEHAVIOUR (Agenda Item 6)

The Chair invited the Interim Assistant Director of Public Protection and the Head of Community Safety to present their report on antisocial behaviour.

Safer Merton rely on a partnership approach to tackle antisocial behaviour, at a local, borough and Pan London level.

In response to questions:

- In terms of Mitcham Town Centre, there is an intensive action plan looking at the broader concerns affecting this area.
- Regular enhanced days of visibility If you feel your Ward could benefit, please get in touch with the Safer Merton team.
- Merton is consistently one of the safest boroughs in London.

Public Space Protection Order signage update – The Interim Assistant Director of Public Protection reported that unfortunately we were too optimistic that we would have enough performance data to report on this yet, but we can say that no concerns have been raised about the signage at this stage.

PSPO signage requires a six-week cooling off period. Kingdom supporting with enforcement and engagement of the PSPO. There have been 23 engagements during that six-week period. Monitoring will be monthly through board group, and we are happy to provide updates post Locations Board. We will also be monitoring the data in line with other data collected such as fly tipping etc.

7 SCRUTINY MEMBER SURVEY (Agenda Item 7)

The Chair gave an overview of the results.

Main points:

- We need to greatly improve scrutiny member survey returns.
- Members would like to see more expert witnesses at panel meetings.
- Members would like to undertake more site visits (where appropriate).

Members of the Commission are keen to reorganise the scrutiny panels and could set up a cross party working group to look at ideas for this, considering the organisational restructure / alignment with Directors and Cabinet Members. Scrutiny officer to send out meeting dates.

8 WORK PROGRAMME 2023/24 (Agenda Item 8)

The work programme was agreed.

Agenda Item 4

OVERVIEW & SCRUTINY COMMISSION

Date: 29 November 2023

Wards: All

Subject: Update – One Year On

Lead officer: Sean Cunniffe, Head of Customer Contact

Lead Member: Councillor Christie, Cabinet Member for Finance & Corporate Services

PURPOSE OF REPORT & EXECUTIVE SUMMARY

This briefing paper provides some further analysis and feedback on the website, one year on, as requested by the Overview & Scrutiny Commission of 09 November 2022.

1. PERFORMANCE

Our website was visited by;

Total users	-	The total number of people who visited the site in the specified date range.
Sessions		A session starts when a user views a web page and ends after 30 minutes of inactivity.
Views	5,574,312	Total number times a page was viewed.

Top 10 most viewed pages

Page	Views	% of total
1. Home	821,178	15%
2. My Tax and Benefits: manage your account online	275,796	5%
3. Search	260,067	5%
4. Collection days for rubbish, recycling and garden waste	192,612	3%
5. Garth Road Household Reuse and Recycling Centre	166,095	3%
6. Make a payment	138,321	2%
7. Parking permits	124,107	2%
8. Apply for or renew a parking permit	110,529	2%
9. Benefits, Council Tax and housing	94,422	2%
10. Rubbish and recycling	92,931	. 2%

One of the key performance indicators we measure is the amount of digital take-up of services as opposed to telephone requests. The first table below shows the continuous improvement attained throughout the year 2022/23 and completes the years information from the last report given to OSC. It continues the rise of on-line transaction being performed by residents.

				CRP 118 /		CRP 118 /
				SP 548 Digital		SP 548 Digital
				take-up (CRM		take-up (CRM
				services)		services)
	Actual	Actual	Actual	Actual		Target
	2022/23	2022/23	2022/23	2022/23		2022/23
Month	Digital transactions (web + FixMyStreet web + FixMyStreet app)	Phone transactions	Total transactions	Digital take-up	Month	Digital take-up
April	9,216	2,732	11,948	77%	April	71%
May	10,328	2,932	13,260	78%	May	72%
June	12,248	3,785	16,033	76%	June	69%
July	10,397	2,992	13,389	78%	July	70%
August	10,398	2,890	13,288	78%	August	72%
September	9,594	2,456	12,050	80%	September	70%
October	8,850	2,296	11,146	79%	October	70%
November	8,323	2,371	10,694	78%	November	70%
December	7,460	1,988	9,448	79%	December	72%
January	9,498	2,301	11,799	80%	January	73%

March			-	#N/A	March	80%
Year total	-	-	-	#VALUE!	Year total	

Our aim is for the Council's website to deliver a suite of on-line transactions and the website and complementary apps are therefore designed to ensure customers can easily access information and services across a myriad of devices. This strategy is aimed at meeting the changing needs of our customers for access to services and for services accessed on-line.

This table shows the improvement in on-line transactions 6 years and how we were aspirational at the start but will readjust our target for the forthcoming year to reflect the success we have achieved through both the website and apps such as Fix my Street.

2. Accessibility

Before publishing content, the Web Team edits it where necessary to ensure that it is written in Plain English, follows Merton's Style Guide, Government Digital Service content design guidelines, and the legally mandated "WCAG 2.1 AA" accessibility guidelines. These guidelines are very detailed, and content design is a skilled task, so this review stage is important.

The monthly accessibility index published by Socitm (Society of IT Managers) and Silktide ("Silktide Index") currently rate our website as "Excellent" for accessibility. This is based on automated testing for a selection of the WCAG 2.1 guidelines.

We no longer report on ease of access of the website as the data has proven to be unreliable as a result of Chat Bots skewering the results. We are looking at finding a solution to this. There is a customer feedback option at the end of all web pages and e-forms. The Web Team reviews all feedback monthly and uses this to drive improvement as demonstrated in the performance data above.

3. RECENT PERFORMANCE IMPROVEMENTS

We have recently launched the library services standalone website, under the Merton branding, offering significantly more in look and feel and on-line functionality.

We have also added the new mapping system which is useful for parking customers. This now gives a detailed map, highlighting controlled parking zones (CPZ's), and offering times and costs. This replaces the static PDF's.

Complaints are now routed through web forms and directly interrogated with back-office systems.

4. NEXT STEPS/MOVING FORWARD

We are looking to launch a new recruitment website as it is felt that the recruitment process lacks sufficient energy and appeal to entice prospective new employees.

Developmental work on Members Enquiries to begin to mirror the new complaints process and an element of automation.

The website continues to be work a in progress and is continuously reviewed for accuracy and improvements. We will continue to review every page at least once a year.

Preliminary work continues to be undertaken into the feasibility of connecting all online functionality under a single sign-on customer account.

A fully mediated access to services is available for those with accessibility issues either over the telephone or through our Library network.

Committee: Healthier Communities & Older People Overview and Scrutiny Panel

21 November 2023

Children and Young People Overview and Scrutiny Panel

27 November 2023

Sustainable Communities Overview and Scrutiny Panel

27 November 2023

Overview and Scrutiny Commission

29 November 2023

Wards: ALL

Subject: Budget 2024/25 and MTFS 2024-28

Lead officer: Asad Mushtag

Lead member: Councillor Billy Christie

Contact officer: Roger Kershaw

Recommendations:

- 1. That the Panels consider the draft savings and fees and charges proposals and associated draft equalities analyses set out in the report to Cabinet (16 November 2023, Attached)
- 2. That the Panels consider the proposed new growth proposals set out in the attached Cabinet report;
- 3. That the Panels consider the new capital proposals for 2024/25 to 2027/28 and the draft Capital Programme 2024-28
- 4. That the Overview and Scrutiny Commission considers the comments of the Panels on the Budget 2024/25 and MTFS 2024-28 and details provided in the report to Cabinet (Appendix 1) and provides a response to Cabinet when it meets on the 11 December 2023.

1. Purpose of report and executive summary

- 1.1 This report requests Scrutiny Panels to consider the latest information in respect of the Budget 2024/25 and MTFS 2024-28, including new savings and fees and charges proposals, new growth proposals, the draft capital programme 2024-28, and feedback comments to the Overview and Scrutiny Commission.
- 1.2 The Overview and Scrutiny Commission will consider the comments of the Panels and provide a response to Cabinet when it meets on the 11 December 2023.

2. Details - Revenue

- 2.1 The Cabinet of 16 November 2023 received a report on the Budget 2024/25 and MTFS 2024-28
- 2.2 At the meeting Cabinet

RESOLVED:

- 1. That Cabinet considers and agrees the new capital proposals for 2024/25 to 2027/28 and the draft Capital Programme 2024-2028 (Appendix 1) and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.
- 2. That Cabinet agrees the approach to setting a balanced budget outlined in the report
- 3. That Cabinet agrees the financial timetable for the Budget 2024/25 and MTFS 2024-28 (Appendix 5)
- 4. That Cabinet considers and agrees the draft growth proposals for 2024/25 to 2027/28 (Appendix 2) put forward by officers and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.
- 5. That Cabinet considers and agrees the new savings proposals for 2024/25 to 2027/28 (Appendix 3) and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.
- That Cabinet considers and agrees the Equalities Impact Assessments for each saving, where applicable, and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment. (Appendix 3)
- 2.3 Details of growth and savings proposals, with associated Equalities Impact Assessments, were agreed by Cabinet on 16 November 2023 in the attached report for consideration by Overview and Scrutiny panels and Commission.

3. Alternative Options

3.1 It is a requirement that the Council sets a balanced budget. The Cabinet report on 16 November 2023 sets out the progress made towards setting a balanced budget.. This identified the current budget position that needs to be addressed between now and the report to the Cabinet meeting on 19 February 2024, prior to Council on 6 March 2024, agreeing the Budget and Council Tax for 2024/25 and the Business Plan 2024-28, including the MTFS and Capital Programme 2024-28.

4. Capital Programme 2024-28

4.1 Details of the draft Capital Programme 2024-28 were agreed by Cabinet on 16 November 2023 in the attached report for consideration by Overview and Scrutiny panels and Commission.

5. Consultation undertaken or proposed

- 5.1 Further work will be undertaken as the process develops.
- 5.2 There will be a meeting in February 2024 with businesses as part of the statutory consultation with NNDR ratepayers. Any feedback from this meeting will be reported to Cabinet on 19 February 2024.
- 5.3 As for previous years, an information pack will be distributed to all councillors at the end of December with a request that it be brought to all Scrutiny and Cabinet meetings from 24 January 2024 onwards and to Budget Council. This should maintain the improvement for both councillors and officers which makes the budget setting process more manageable for councillors and ensures that only one version of those documents is available so referring to page numbers at meetings is easier. It also considerably reduces printing costs and reduces the amount of printing that needs to take place immediately prior to Budget Council.

6. Timetable

6.1 The timetable for the Business Plan 2024-28 from September 2023 to March 2024 including the revenue budget 2024/25, the MTFS 2024-28 and the Capital Programme for 2024-28 was agreed by Cabinet on 16 November 2023.

7. Financial, resource and property implications

7.1 These are set out in the Cabinet report 16 November 2023 (Appendix 1).

8. Legal and statutory implications

- 8.1 All relevant implications have been addressed in the Cabinet reports. Further work will be carried out as the budget process proceeds and will be included in further budget reports.
- 8.2 Detailed legal advice will be provided throughout the budget setting process further to any proposals identified and prior to any final decisions.

9. Human Rights, Equalities and Community Cohesion Implications

- 9.1 All relevant implications will be addressed in Cabinet reports on the budget process.
- 9.2 A draft equalities assessment has been carried out with respect to the proposed budget savings where applicable and is included in the budget report to Cabinet

on 16 November 2023

10. Crime and Disorder implications

- 10.1 All relevant implications will be addressed in Cabinet reports on the business planning process.
- 11. Risk Management and Health and Safety Implications
- 11.1 All relevant implications will be addressed in Cabinet reports on the business planning process.

Appendices – the following documents are to be published with this report and form part of the report

Appendix 1 - Cabinet report 16 November 2023: Budget 2024/25 and MTFS 2024-25

BACKGROUND PAPERS

12.1 The following documents have been relied on in drawing up this report but do not form part of the report:

Budget files held in the Corporate Services department. 2023/24 Budgetary Control and 2022/23 Final Accounts Working Papers in the Corporate Services Department. Budget Monitoring working papers MTFS working papers

Cabinet

Date: 16 November 2023

Subject: Budget 2024/25 and MTFS 2024-28

Lead officer: Asad Mushtaq, Executive Director of Finance & Digital

Lead member: Councillor Billy Christie, Cabinet Member for Finance and Corporate

Services

Recommendations:

1. That Cabinet considers and agrees the new capital proposals for 2024/25 to 2027/28 and the draft Capital Programme 2024-2028 (Appendix 1) and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.

- 2. That Cabinet agrees the approach to setting a balanced budget outlined in the report
- 3. That Cabinet agrees the financial timetable for the Budget 2024/25 and MTFS 2024-28 (Appendix 5)
- 4. That Cabinet considers and agrees the draft growth proposals for 2024/25 to 2027/28 (Appendix 2) put forward by officers and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.
- 5. That Cabinet considers and agrees the new savings proposals for 2024/25 to 2027/28 (Appendix 3) and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.
- 6. That Cabinet considers and agrees the Equalities Impact Assessments for each saving, where applicable, and refers them to the Overview and Scrutiny panels and Commission in November 2023 for consideration and comment.(Appendix 3)

1. Purpose of report and executive summary

- 1.1 This report presents an update of the Medium Term Financial Strategy (MTFS) since the initial report to Cabinet in June which rolled the MTFS forward and repriced it for the latest inflation assumptions.
- 1.2 The Capital Programme has been reviewed and the report sets out the details in the draft Capital Programme 2024-28 (Appendix 1) for approval.
- 1.3 The report sets out the approach towards setting a balanced budget for 2024-28.
- 1.4 The report sets out the draft financial timetable from September 2023 to March 2024 for setting the budget 2024/25 and council tax 2024/25.
- 1.5 The report presents initial growth proposals which are required to alleviate pressures on services which have been identified as part of ongoing budget

- monitoring procedures and by officer's expectations of demographic trends and other pressures such as the cost of living.(Appendix 2)
- 1.6 Finally, the report sets out initial draft savings proposals which have been identified by officers to contribute towards meeting the Council's statutory requirement to approve a balanced budget for 2024/25. (Appendix 3)
- 1.7 Equalities impact assessments for each saving, where applicable, are included in Appendix 3.
- 1.8 The council has clear priorities for its services but Members should note that the delivery of some of those priorities has been challenging due to the one-off nature of some government funding.

2. **Details**

- 2.1 The initial report to Cabinet in June updated the MTFS for known changes arising from outturn 2022/23 and revised inflation assumptions for pay and prices.
- 2.2 The MTFS gap was revised as follows:-

(cumulative) MTFS Gap (Council March 2023)	2024/25	2025/26	2026/27	2027/28
	£000	£000	£000	£000
	0	2,296	3,836	13,533
Ongoing impact of 3% pay award in 2023/24 Impact of increased pay and price inflation in 2024/25 Collection Fund (Surplus)/Deficit change on outturn	992	992	992	992
	2,513	2,513	2,513	2,513
	(1,945)	0	0	0
MTFS Gap 2024-28 (Cabinet June 2023)	1,560	5,801	7,341	17,039

3. Review of Assumptions

3.1 Pay

Ongoing cost of 2023/24 Pay Award

For 2023/24 the final pay award has just been agreed by the unions. Provision of 3% was included in the MTFS. An additional provision was added to the MTFS reported to Cabinet in June.

The Local Government Employers offer which has just been accepted is:-

 A one year (1 April 2023 – 31 March 2024) pay increase of £1,925 (pro rata for part-time employees) to be paid as a consolidated, permanent addition on all NJC points 2-43 inclusive. An increase of 3.88% on all allowances (as listed in the 2022 NJC Pay Agreement Circular dated 1st November 2022).

NB: Due to London weighting, workers in the inner London area would receive a flat rate increase of £2,352, with those in outer London receiving £2,226.

The actual cost for Merton can now be calculated. Based on the current offer it is estimated that the additional cost above the provision included in the MTFS 2023-27 agreed by Cabinet in March 2023 is c. £4.4m. This has an ongoing impact on the MTFS 2024-28 which is estimated to be as follows:-

(Cumulative)	2024/25	2025/26	2026/27	2027/28
	£000	£000	£000	£000
MTFS (Council – March 2023 3%)	2,975	2,975	2,975	2,975
Additional 1% provided (Cabinet June '23)	992	992	992	992
MTFS (Cabinet June '23)	3,967	3,967	3,967	3,967
Latest Estimated Cost of Pay Award '23/24	7,384	7,384	7,384	7,384
Estimated additional cost to include in MTFS	3,417	3,417	3,417	3,417

Once a more accurate estimate of the cost of the pay award is calculated it will be reported in a future report. The budget for the additional cost to services will be vired from corporate budgets when calculated.

Pay 2024/25

In respect of pay inflation over the MTFS 2024-28 the latest provision is as follows:-

(Cumulative)	2024/25	2025/26	2026/27	2027/28
Pay inflation (%)	3.0%	2.0%	2.0%	2.0%
Revised Estimate (cumulative £000)	3,174	5,289	7,405	9,521

3.2 Prices

3.2.1 Current inflation

The Consumer Prices Index (CPI) rose by 6.7% in the 12 months to September 2023, unchanged from August 2023. On a monthly basis, CPI rose by 0.5% in September 2023, the same rate as in September 2022.

The Consumer Prices Index including owner occupiers' housing costs (CPIH) rose by 6.3% in the 12 months to September 2023, the same rate as in August. On a monthly basis, CPIH rose by 0.5% in September 2023, compared with a rise of 0.4% in September 2022.

The largest downward contributions to the monthly change in both CPIH and CPI annual rates came from food and non-alcoholic beverages, where prices fell on the month for the first time since September 2021, and furniture and

household goods, where prices rose by less than a year ago. Rising prices for motor fuel made the largest upward contribution to the change in the annual rates.

Core CPI (excluding energy, food, alcohol and tobacco) rose by 6.1% in the 12 months to September 2023, down from 6.2% in August; the CPI goods annual rate fell slightly from 6.3% to 6.2%, while the CPI services annual rate rose from 6.8% to 6.9%.

Core CPIH (excluding energy, food, alcohol and tobacco) rose by 5.9% in the 12 months to September 2023, the same rate as in August; the CPIH goods annual rate fell slightly from 6.3% to 6.2%, while the CPIH services annual rate rose from 6.1% to 6.3%.

The RPI rate for September 2023 was 8.9%, which is down from 9.1% in August 2023.

Outlook for inflation:

The Bank of England's Monetary Policy Committee (MPC) sets monetary policy to meet the 2% inflation target and in a way that helps to sustain growth and employment. At its meeting ending on 1 November 2023, the MPC voted by a majority of 6–3 to maintain Bank Rate at 5.25%. Three members preferred to increase Bank Rate by 0.25 percentage points, to 5.5%.

The Bank of England MPC also published the November Monetary Policy report.

In the minutes to the November meeting, the MPC stated that "Twelve-month" CPI inflation fell to 6.7% both in September and 2023 Q3, below expectations in the August Report. This downside news largely reflects lower-than expected core goods price inflation. At close to 7%, services inflation has been only slightly weaker than expected in August. CPI inflation remains well above the 2% target, but is expected to continue to fall sharply, to 43/4% in 2023 Q4, 4½% in 2024 Q1 and 3¾% in 2024 Q2. This decline is expected to be accounted for by lower energy, core goods and food price inflation and, beyond January, by some fall in services inflation. In the MPC's latest most likely, or modal, projection conditioned on the market-implied path for Bank Rate, CPI inflation returns to the 2% target by the end of 2025. It then falls below the target thereafter, as an increasing degree of economic slack reduces domestic inflationary pressures. The Committee continues to judge that the risks to its modal inflation projection are skewed to the upside. Second-round effects in domestic prices and wages are expected to take longer to unwind than they did to emerge. There are also upside risks to inflation from energy prices given events in the Middle East."

Although the labour market remains tight by historical standards, the MPC say that "against a backdrop of subdued economic activity, employment growth is likely to have softened over the second half of 2023, and to a greater extent

than projected in the August Report. Falling vacancies and surveys indicating an easing of recruitment difficulties also point to a loosening in the labour market. Contacts of the Bank's Agents have similarly reported an easing in hiring constraints, although persistent skills shortages remain in some sectors. Pay growth has remained high across a range of indicators, although the recentrise in the annual rate of growth of private sector regular average weekly earnings has not been apparent in other series. There remains uncertainty about the near-term path of pay, but wage growth is nonetheless projected to decline in coming quarters from these elevated levels." In conclusion the MPC indicate that it is likely that monetary policy is likely to remain restrictive for an extended period of time It reported that it "will continue to monitor closely indications of persistent inflationary pressures and resilience in the economy as a whole, including a range of measures of the underlying tightness of labour market conditions, wage growth and services price inflation. Monetary policy will need to be sufficiently restrictive for sufficiently long to return inflation to the 2% target sustainably in the medium term, in line with the Committee's remit. Further tightening in monetary policy would be required if there were evidence of more persistent inflationary pressures."

In this report the MPC include forecast quarterly CPI inflation rates over the next three years as follows:-

2023	2024	2024	2024	2024	2025	2025	2025	2025	2026	2026	2026	2026
Qtr.4	Qtr.1	Qtr.2	Qtr.3	Qtr.4	Qtr.1	Qtr.2	Qtr.3	Qtr.4	Qtr. 1	Qtr.2	Qtr.3	Qtr.4
CPI	CPI	CPI	CPI									
%	%	%	%	%	%	%	%	%	%	%	%	%
4.6	4.4	3.6	3.3	3.1	2.5	2.1	2.1	1.9	1.9	1.7	1.6	1.5

The latest inflation and unemployment forecasts for the UK economy, based on a summary of independent forecasts are set out in the following table:-

Table: Forecasts for the UK Economy

Source: HM Treasury - Forecasts for the UK Economy (October 2023)							
•			,				
2023 (Quarter 4)	Lowest %	Highest %	Average %				
CPI	2.5	5.2	4.5				
RPI	5.5	9.9	6.4				
LFS Unemployment Rate	3.5	4.8	4.4				
2024 (Quarter 4)	Lowest %	Highest %	Average %				
CPI	0.7	4.0	2.5				
RPI	0.9	5.9	3.6				
LFS Unemployment Rate	2.8	5.2	4.6				

Clearly where the level of inflation during the year exceeds the amount provided for in the budget, this will put pressure on services to stay within budget and will require effective monitoring and control.

Independent medium-term projections for the calendar years 2023 to 2027 are summarised in the following table:-

Source: HM Treasury - Forecasts for the UK Economy (August 2023)								
	2023	2024	2025	2026	2027			
	%	%	%	%	%			
CPI	7.4	3.2	2.1	2.0	2.1			
RPI	9.0	4.5	2.9	2.7	3.4			
LFS Unemployment Rate	4.0	4.2	4.3	4.5	4.8			

The MTFS currently includes the following provision for price inflation:-

(Cumulative)	2024/25	2025/26	2026/27	2027/28
Price inflation (%)	3.0%	1.5%	1.5%	1.5%
Revised Estimate (cumulative	4,443	6,665	8,886	11,108
£000)				

3.3.3 Provision for Excess Inflation:

There is also a corporate provision which is held to assist services that may experience price increases greatly in excess of the budgeted inflation allowance provided when setting the budget. This will only be released for specific demonstrable demand. The provision was increased significantly in the budget agreed by the Council in March 2023 because of the cost of living crisis and persistently high level of inflation.

The provision in the MTFS is currently:-

	2024/25	2025/26	2026/27	2027/28
	£000	£000	£000	£000
Budget in MTFS 2023-27	3,808	3,808	3,808	3,808
Allocated to services in 2023/24	(3,660)	(3,660)	(3,660)	(3,660)
Balance	148	148	148	148

The cash limiting strategy is not without risks and if the inflation rate fails to return to the Government's 2% target levels of inflation by 2025/26 it will lead to further pressure on service budgets.

Work is currently ongoing with Directorates to assess the impact, service by service of the prevailing levels of inflation. This will be fed into future MTFS updates.

Inflation is still a major risk and it is likely that further pressures will emerge during the year for both pay and general price inflation.

3.3.4 London Living Wage (LLW) and Living Wage Employer Accreditation

Merton received accreditation as a Living Wage Employer in February 2023 and will introduce the Real Living Wage into Merton contracts - as and when the contracts come up for re-tendering

The MTFS 2023-27 currently includes provision for the additional cost of implementing the LLW for its contracts as follows:-

	2023/24	2024/25	2025/26	2026/27	2027/28
	£000	£000	£000	£000	£000
Provision in MTFS 2023-27	711	2,382	2,430	2,478	2,478
Less:					
Allocated to Security & Services Contract	(68)	(68)	(68)	(68)	(68)
Balance	643	2,314	2,362	2,410	2,410

The provision needs to be reviewed and regularly updated to ensure that the MTFS reflects the latest forecast cost of renewing council contracts.

3.3.5 DSG Deficit

The council and the Department for Education signed a DSG Safety Valve Agreement under which the council undertook to reach a positive in-year balance on its Dedicated Schools Grant (DSG) account by the end of 2026-27.

It is important that progress towards meeting the terms of the Agreement is closely monitored. As with most council services, the impact of stubbornly high inflation is continuing to increase costs as well as anticipated growth in EHCP numbers. The Council is required to submit quarterly returns to the DfE on progress and for the purposes of the latest MTFS update, those figures submitted on the September Return are used. Based on those figures the following is forecast:-

					Total
Forecast DSG impact on MTFS	2023/24	2024/25	2025/26	2026/27	Change
· ·	£m	£m	£m	£m	£m
Change	0.764	1.527	(0.870)	0.475	1.896

Given that under the DSG Safety Valve Agreement the DSG is expected to balance by 2026/27, any short-term adverse variance could be treated as a one-off short term issue and funded from revenue reserves.

3.3.6 Freedom Passes

Freedom Passes are administered by London Councils on behalf of London boroughs. The costs of Freedom Passes are driven by two key factors:-

 The estimated average number of journeys made by Freedom Pass holders over the past two years Previous work to calculate expected average fares per trip taking into account fare increases and decreases within a "basket of fares"

When forecasting demand, London Councils officers have attempted to establish a baseline, as well as lower range higher range scenarios. The latest estimates from London Councils are:-

	2024/25	2025/26	2026/27
	£m	£m	£m
Baseline	8.223	9.857	11.104
Lower range	7.973	9.366	10.550
Higher range	8.472	10.347	11.656

The table below compares the current provision in the budget and MTFS for Freedom Passes with the latest worst case estimate:-

	MTFS	MTFS	MTFS	MTFS
	2024/25	2025/26	2026/27	2027/28
	£m	£m	£m	£m
Merton MTFS Current Provision	8.669	10.843	13.017	15.191
Latest forecast (Higher range for 2024-27)	8.472	10.347	11.656	12.822
Change	(0.197)	(0.496)	(1.361)	(2.369)

London Councils expect to be able provide final estimates for the year at the end of November 2023.

3.7 Council Tax Base

The council tax base is the measure of the number of dwellings to which council tax is chargeable in an area or part of an area. The Council Tax base is calculated using the properties from the Valuation List together with information held within Council Tax records. The properties are adjusted to reflect the number of properties within different bands in order to produce the Council Tax Base (Band D equivalent).

All authorities notify the DLUHC of their unadjusted Council Tax Base using a CTB Form using valuation list information as at 11 September .

The CTB form for 2023 includes the latest details about the Council Tax Support Scheme and the technical reforms which impacted on discounts and exemptions. The Council has submitted its CTB form and based on this it is forecast that based on a standstill council tax there will be an additional council tax yield of c.£0.5m in 2024/25

A full analysis will be included in the report to Cabinet in December and Members will be asked to agree the Council Tax Base for Merton and Wimbledon and Putney Commons conservators.

4. Capital Programme and Investment Income Review

4.1 <u>Capital Programme Review</u>

During July, August and September a major review of all capital schemes has been undertaken and the outcome of this review is summarised in the table below, additional details are provided in appendices 1a, b and c of this report.

Department	Revised Budget 2023-24 £000's	Revised Budget 2024-25 £000's	Revised Budget 2025-26 £000's	Revised Budget 2026-27 £000's	Revised Budget 2027-28 £000's
Finance & Digital	8,168	6,329	1,280	7,536	7,331
ASC, Integrated Care & Public Health	0	0	0	0	0
Children, Lifelong Learning & Families	6,326	16,114	3,479	3,400	2,500
Environment, Civic Pride & Climate	14,274	11,469	15,655	12,970	11,320
Innovation & Change	45	0	0	0	0
Housing & Sustainable Development	12,228	18,086	20,682	17,962	2,152
Total	41,042	51,998	41,096	41,868	23,303

- 4.2 Cabinet are requested to refer the details of the Draft Capital Programme to Overview and Scrutiny Panels and Commission during the November cycle of scrutiny meetings.
- 4.3 The estimated capital financing costs of the capital programme included in the MTFS approved by Cabinet in March 2023 are as follows:-

	2023/24 £000	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000
Minimum Revenue Provision	4,841	5,197	6,129	7,861	11,499
External Borrowing Costs	6,041	6,020	4,949	5,097	6,528
Total Capital Financing Costs	10,882	11,217	11,078	12,958	18,027

4.4 Following the Capital Programme review and some debt restructuring including redemptions, the estimated capital financing costs are as follows:-

Proposed Programme Business Plan 2024-28	2023/24 £000s	2024/25 £000s	2025/26 £000s	2026/27 £000s	2027/28 £000s
MRP	4,965	4,567	5,429	6,210	7,545
Interest on Borrowing	4,272	3,377	3,377	3,377	3,189
Total Borrowing Costs	9,237	7,944	8,806	9,587	10,733

4.5 The net change in capital financing costs is:-

Movement in Projected Costs	2023/24	2024/25	2025/26	2026/27	2027/28
	£000s	£000s	£000s	£000s	£000s
MRP	124	(631)	(699)	(1,651)	(3,955)
Interest on Borrowing	(1,769)	(2,643)	(1,572)	(1,720)	(3,340)
Total Borrowing Costs	(1,646)	(3,274)	(2,272)	(3,371)	(7,295)

4.6 There are two main reasons for the change in capital financing costs since Council in March 2023 and the financial effect of each is summarised in the following table:-

	2023/24	2024/25	2025/26	2026/27	2027/28	TOTAL
	£000	£000	£000	£000	£000	£000
Debt Redemption	(1,728)	(2,754)	(2,257)	(2,257)	(2,257)	(11,253)
Review of Capital Programme	82	(520)	(15)	(1,114)	(5,038)	(6,605)
Total Capital Financing Costs	(1,646)	(3,274)	(2,272)	(3,371)	(7,295)	(17,858)

- 4.7 It is intended to utilise "Flexible Use of Capital Receipts" (FUCR) to fund the creation of a team to support the priorities of creating new homes both through a pipeline to deliver 400 genuinely affordable council homes and the regeneration of Morden Town Centre. This flexibility is currently available for qualifying receipts and expenditure for the financial years 2023-24 and 2024-25.
- 4.8 The Table below shows the proposed sums to 2027-28 (assuming the flexibility is extended over this period)

Housing Development Team	2024-25 £000s	2025-26 £000s	2026-27 £000s	2027-28 £000s
Proposed Budget	355	749	1,016	1,016
Total Flexible Use of Capital Receipts	355	1,104	2,120	3,136

- 4.9 To progress the flexible use of capital receipts the Authority will need to:
 - compile a Flexible use of Capital Receipts Strategy setting out details of projects to be funded through flexible use of capital receipts be prepared prior to the start of each financial year.
 - 2. the Strategy should be presented to full council or the equivalent at the earliest possible opportunity. The Guidance allows local authorities to update their Strategy during the year.
 - authorities must send details setting out their planned use of the flexibility to the Secretary of State, in advance of its use for each financial year, guidance is provided on its content including the forecast ongoing savings generated by the proposals
 - 4. Capital receipts being utilised must be from genuine disposals during the applicable period (the financial years 2023-25). Where the authority

- retains some exposure to the risks and rewards of the assets following disposal they could not be used under this flexibility.
- 5. the amount capitalised in the financial year must not exceed the amount set out in the plan provided to the Secretary of State, however, an authority may revise its plans and send an update at any time in the financial year.

5. Budget Monitoring 2023/24 and increasing pressure on services

- As reported to Cabinet in July based on expenditure for the first quarter there was a forecast net adverse variance of £8.186m. An update for the second quarter (to 30 September) is included elsewhere on the agenda for this meeting. Pressures on service budgets continue and the forecast for the second quarter is for a net adverse variance of £8.011m.
- 5.2 The main pressures currently are:-
 - Parking Services shortfall in income
 - Regulatory Services shortfall in income
 - Building and Development Control Shortfall in income
 - Development Management Agency staff and shortfall in income
 - Facilities energy costs and shortfall in income
 - Housing Homelessness
 - Children's Social Care
 - Dedicated Schools Budget
 - Adult Social Care Placements
- 5.3 Whilst every effort will be made to manage these services within existing budgets it is likely that growth proposals may be required to address some issues.
- 5.4 Merton is not alone in finding its service budgets under pressure. There is recent empirical evidence that other councils, including London boroughs are expecting overspends in their revenue budgets in 2023/24.
- 5.5 <u>London Councils Survey (August 2023)</u>

In a recent survey commissioned to understand in-year pressures affecting London boroughs based on quarter 1 forecasts (to which 24 out of 33 responded) findings included:-

- The average borough forecast overspend on the General Fund (excl. DSG) is £9.8m (4.3% overspend on budget).
- The total forecast overspend for the reporting boroughs are £220m.
- Of this, the largest overspends were in Adult Social Care (£100m),
 Childrens Social Care (£64m) & Housing (£51m).
- Three boroughs are forecasting overspends of over £25m.

• The forecast DSG overspend was £29m (1.2%) across 15 boroughs that responded.

6. Autumn Statement 2023 and Local Government Finance Settlement

The Chancellor of the Exchequer has announced that he will present the Government's Autumn Statement 2023 to Parliament on 22 November.

The Office for Budget Responsibility (OBR) have been commissioned to prepare an economic and fiscal forecast to be presented to Parliament alongside his Autumn Statement.

The Autumn Statement provides an update on the government's plans for the economy based on the latest forecasts from the Office for Budget Responsibility (OBR). The forecasts, called the Economic and fiscal outlook (EFO) are published twice yearly, at Budget and at Autumn Statement.

Whilst Government Departmental Expenditure Limits are expected to be announced, individual local authorities allocations will not be known until the Provisional Local Government Finance Settlement 2023 is published (expected in mid-December).

Given the current national economic forecasts and the fact that local government is not a protected area in the government's funding priorities it is difficult to forward plan with certainty.

Whilst the Autumn Statement and OBR Economic and fiscal outlook will provide Government department expenditure limits, the allocations to local government and in particular individual local authorities will not be known until the provisional Local Government Finance Settlement is announced (generally mid- December).

The provisional Settlement will provide key financial information for Merton including:-

- Settlement Funding Assessment (Revenue Support Grant and Business Rates)
- Core Spending Power
- Government Grant allocations
- Council Tax Referendum Principles (expected to be 5% i.e. 3% general, 2% Adult Social Care)

7. Approach to Setting a Balanced Budget

7.1 There has been a substantial improvement in the council's strategic approach to business planning in recent years and it is important that this is maintained.

- Planning should be targeted towards the achievement of a balanced budget over the four year MTFS period.
- 7.2 The key initial step in terms of budget management was to restructure the budget across the six new directorates from the four previous departments. This included amending budget structures to enable effective and efficient monitoring, management and reporting. This restructuring has now been completed. There may still need to be some adjustments made to the resource allocations between services.
- 7.3 Given this scenario, over the summer period officers have been working on the following:
 - a) Formulation of proposals to fund essential growth required to address necessary pressures
 - b) The identification of savings proposals and additional income from fees and charges which will be needed to produce a balanced budget and to contribute towards funding essential growth

8. **Growth Pressures**

- 8.1 The council has to constantly react to changing circumstances and develop effective and efficient ways of adapting to growing service demands and pressures. and The MTFS summary shown in paragraph 2.2 shows the budget gap for 2024-28 reported to Cabinet in June but it is clear as set out in paragraph 5 of this report that there will be some areas that will require additional support in order to be able to cope with pressures currently identified.
- 8.2 Service directorates have been reviewing their service projections against current budgets and have identified some growth requirements.
- 8.3 In formulating these growth proposals to address service demands in an increasingly pressurised environment, officers have recognised that not all of their requirements can be fulfilled immediately as resources are limited.
- 8.4 At the same time it is not possible at this stage in the budget cycle to be able to forecast with certainty the level of resources available. There are still a large number of variables which could have significant financial implications but which are yet to be announced.

8.5 **Growth Proposals**

8.5.1 Some growth proposals have been worked up to address immediate pressures and to provide support to the achievement of the Council's strategic priorities. This growth is expected to be affordable in 2024/25 within the council's current forecast

8.5.2 Initial priority growth proposals for each directorate are included in this report and summarised in the table below:-

Growth - Priority Proposals Cabinet 16 November 2023	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Total £000
Innovation and Change	560	178	(320)	0	418
Finance and Digital	420	33	0	0	453
Housing and Sustainable Development	301	0	0	0	301
Environment, Civic Pride and Climate	1,193	1,940	(153)	(100)	2,880
Children, Lifelong Learning, and Families	105	(40)	(65)	0	0
Adult Social Care, Integrated Care, and Public Health	0	0	0	0	0
Organisational Pay Review	260	45	43	38	386
Total Growth 2024-28	2,839	2,156	(495)	(62)	4,438
Cumulative Total	2,839	4,995	4,500	4,438	

8.5.2 Details of the priority growth proposals are included in Appendix 2.

8.5.3 Use of Reserves to Fund Growth

As will be seen some of the growth proposals are temporary. Where this is the case it is proposed that the growth is funded from reserves. This growth would be funded from the reserve "For use in Future Year's budgets" which was created to help to balance the council's budget over the medium term. The impact of the proposed funding is manageable given the level of funding required for time limited pressures.

The amount of growth that could be funded from reserves is summarised in the following table and detailed in Appendix 2:-

Short term growth funded from reserves	2024/25	2025/26	2026/27	2027/28	Total
	£000	£000	£000	£000	£000
Use of Reserves to fund growth	803	638	100	0	1,541

9. Savings and Fees and Charges

9.1 Initial savings proposals for each directorate are included in this report and summarised in the following table:-

Priority Savings Proposals	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Total £000
Innovation and Change	36	565	0	0	601
Finance and Digital	380	0	0	0	380
Housing and Sustainable Development	377	(40)	(60)	0	277
Environment, Civic Pride and Climate	310	30	0	0	340
Children, Lifelong Learning, and Families	60	0	0	0	60
Adult Social Care, Integrated Care, and Public Health	538	257	370	387	1,552
Total Savings 2024-28	1,701	812	310	387	3,210
Cumulative Total	1,701	2,513	2,823	3,210	

9.2 Details of the savings are included in Appendix 3.

9.3 Fees and Charges

Initial fees and charges proposals are included in this report and summarised in the following table:-

Fees and Charges Review - Additional Income	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Total £000
Innovation and Change	0	0	0	0	0
Finance and Digital	0	0	0	0	0
Housing and Sustainable Development	185	0	0	0	185
Environment, Civic Pride and Climate	223	0	0	0	223
Children, Lifelong Learning, and Families	0	0	0	0	0
Adult Social Care, Integrated Care, and Public Health	50	150	0	0	200
Total Savings 2024-28	458	150	0	0	608
Cumulative Total	458	608	608	608	

Details of the fees and charges proposals are included in Appendix 3.

10. **Update to MTFS 2024-28**

- 10.1 As indicated in the report, there have been a number of changes to information and data to factors which impact on the Council's MTFS and budget gap.
- 10.2 In addition, initial proposals are presented for savings and growth which are set out in the report and detailed in appendices
- 10.3 The net result of making these adjustments is to amend the forecast budget gap to the following:-

(cumulative)	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000
Revised MTFS Gap before savings and growth	43	4,858	4,640	9,771
Growth less funded from reserves	2,036	4,357	4,400	4,438
Revised MTFS Gap including savings/Fees and Charges	2,079	9,215	9,040	14,209
Priority Savings	(1,701)	(2,513)	(2,823)	(3,210)
Fees and Charges – Additional Income	(458)	(585)	(585)	(585)
Revised MTFS Gap including Growth and savings	(80)	6,117	5,632	10,414

A more detailed summary is included as Appendix 4.

10.4 Further work required

Whilst the MTFS is currently showing an essentially balanced budget in 2024/25 it is important to note that this is only an interim picture of the MTFS for 2024-28 as it stands at the moment. As indicated in the report, there are still a number of issues for which information is outstanding and it is therefore important to note that further growth and savings proposals may be required as the budget process goes forward to ensure that the council is able to set a balanced budget and council tax at its meeting in March 2024.

9. Alternative Options

9.1 The range of options available to the Council relating to the MTFS 2024-28 and for setting a balanced revenue budget and fully financed capital programme will be presented in reports to Cabinet and Council.

10. Consultation Undertaken or Proposed

- 10.1 All relevant bodies will be consulted during the budget setting process.
- 10.2 As indicated in the report details of savings proposals and associated equalities impact assessments, and growth proposals will be referred to the Overview and Scrutiny Panels and Commission in November as follows:-

Healthier Communities & Older People Overview &	21 November 2023
Scrutiny Panel	
Children and Young People Overview & Scrutiny Panel	22 November 2023
Sustainable Communities Overview & Scrutiny Panel	27 November 2023
Overview and Scrutiny Commission	29 November 2023

11. Timetable

11.1 In accordance with current financial reporting timetables.

12. Financial, resource and property implications

- 12.1 As contained in the body of the report.
- 13. Legal and statutory implications
- 13.1 As outlined in the report.

14. Human rights, equalities and community cohesion implications

14.1 None for the purposes of this report, these will be dealt with as the budget is developed for 2024-28

15. Crime and Disorder Implications

15.1 Not applicable.

16. Risk Management and health and safety implications

16.1 There is a specific key strategic risk for the Business Plan, which is monitored in line with the corporate risk monitoring timetable.

17. Appendices – The following documents are to be published with this Report and form part of the Report.

Appendix 1(a) – Summary Draft Capital Programme 2023-28

Appendix 1(b) – Detailed Draft Capital Programme 2023-28

Appendix 1(c) – Funding the Draft Capital Programme 2023-28

Appendix 2 – Growth proposals

Appendix 2(a) – Growth funded from reserves

Appendix 3 – Savings proposals and Fees and Charges proposals and associated Draft Equalities Impact Assessments

Appendix 4 – Updated Draft MTFS Gap 2024-28

Appendix 5 – Financial Planning Timetable September 2023 to March 2024

18. Background Papers

18.1 The following documents have been relied on in drawing up this report but do not form part of the report:

2022/23 Budgetary Control and Final Accounts Working Papers in the Corporate Services Department.

2023/24 Budget Monitoring working papers

MTFS working papers

Capital Programme working papers

Key

- Nurturing Civic Pride is about the relationship that people and communities have with a place this includes their physical surroundings and feelings of identity and belonging.
- Building a Sustainable Future Working towards a greener, more sustainable, and resilient future for the borough means better housing, action on climate change and supporting the health and wellbeing of our local communities.
- Creating a Borough of Sport From internationally renowned organisations like the All-England Club to grassroots clubs and organisations like Tooting and Mitcham FC, we want to strengthen our partnerships with sports clubs, organisations and businesses across the borough and promote increased participation in sports and activity.
- Modernisation The aims of the programme are two-fold. Firstly, to plan and support recovery as the country emerges from the pandemic. Secondly, to capture and build on some of the new ways of working to develop a modern council fit for the future.
- 5 <u>Corporate Budgets</u>

GROWTH PROPOSALS 2024-28 DEPARTMENT: Innovation and Change

Panel	Ref		Description of growth	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Type of Growth (see key)
	2024-25 ICG1	Service/Section Description Service Implication	Legal and Governance SLLP – Share of Monitoring Officer salary In previous years Merton has paid 12.5% of the salary of the MD SLLP in order that the post provides a Monitoring Officer function for both Merton and Richmond. Richmond has decided to employ an in-house Monitoring Officer which means Merton will pick up a greater share of the salary, which is covered by this growth. Merton will benefit from a dedicated Monitoring Officer to support all Members, lead elections, and manage all the Council's governance and constitutional affairs.	25				GS1/GI2
		Staffing Implications Strategic Priorities implications Impact on other departments Equalities Implications	None None supports all departments None					
	2024-25 ICG2	Service/Section Description	HR and OD HR and OD growth to drive successful recruitment and organisational change					
Page 41		Service Implication	The current lack of capacity in HR and OD is a major factor in the ongoing recruitment difficulties facing the organisation, which is in turn leading to the growth in agency spending, this year set to be more than £24million. This budget growth is required to create new specialist leadership in recruitment, enabling Merton to build our recruitment brand, and successfully bring new talent into the organisation, lessen our reliance of expensive external recruiters (spend in 22/23 on these was £150k), grow our OD to function so we can develop and retain our talent, lead our Apprenticeships programme, and meet our ambitions around EDI. This work is vital for the long term sustainability of the organisation; we have an aging permanent workforce and significant recruitment difficulties.	150	243			GS1
		Staffing Implications	This additional investment in HR and OD will allow us to begin to shape a service to meet the long term needs of the organisation, to bring new leadership into recrutment, and to better support organisational change.					
		Strategic Priorities implications Impact on other departments Equalities Implications	Full departmental restructure supports all departments in achieving change Growth in HR/OD will allow us to meet our EDI ambitions and have positive impact on equalities.					

GROWTH PROPOSALS 2024-28 DEPARTMENT: Innovation and Change

Panel	Ref		Description of growth	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Type of Growth (see key)
	2024-25 ICG3	Service/Section Description Service Implication	Communications and Engagement Budget for a permanent AD/Head of Communications and Engagement The Council currently contracts a Head of Communications through Penna at a cost of £130,000 pa. This post has no budget attached to it and is funded from reserves. This growth bid would create a budget for a permanent post, allowing the Council to recruit permanent communications and engagement leader who will shape a new service, with a stable workforce, managing out agency spend, reviewing the Council's channels, and rationalising operational expenditure. The post would work with colleagues in Parks and Open Spaces to lead an organisation-wide review of events, sponsorship, and commercial income generation, allowing us to maximise use of our assets, support our Borough of Sport aspirations, and manage an engagement led communications strategy through high quality events. The aim is to rationalise contracts and activity to make savings to match this growth in the following year.	65	(65)			GS1 - FUNDING FROM RESERVES
Page	7	Staffing Implications Strategic Priorities implications Impact on other departments Equalities Implications	None Supports the delivery of all Supports all departments in achieving ambitions None					
e 42		Service/Section Description Service Implication	Policy and Strategy Creation of a new Transformation team The transformation team will support our organisation wide, 'Making Change Together' programme, leading the four workstreams that will enable transformative change and long- term savings across the Council; Customer and Digital, Financial Sustainability, People and Culture, and Telling our Story. The team will consist of 4 officers, three programme managers, and one change manager, with the aim to recruit internally on secondments to provide opportunity to existing staff. The team will also support individual services in their own transformation programme. The proposal is to recruit this team as a 2 year fixed term resource. This investment in change capacity is vital to unlock savings and ongoing financial sustainability through transformational change. The extent of this is very difficult to quantify at this stage, however one example is the review of admin and business support across the organisation. We are currently spending more than £8m per annum on administrative and business support posts across the Council, 280 of which are filled by agency temps. There is a clear case for rationalisation and consolidation of resource which could realise substantial long-term savings over the next 1-2 financial years. This work will be driven by the transformation team.	320		(320)		GS2 - FUNDING FROM RESERVES
		Staffing Implications Strategic Priorities implications Impact on other departments Equalities Implications Total	plus 4 FTE (2 year fixed term) Supports the delivery of all Supports all departments in achieving change None	560	178	(320)	0

GROWTH PROPOSALS 2024-28

DIRECTORATE: Environment, Civic Pride and Climate

Panel	Ref		Description of growth	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Type of Growth (see key)
		Service/Section Description	Emergency Planning and Business continuty There is the need to grow the current emergency planning service to meet the business-as-usual demands as well as the need to increase resourcing to implement and meet the recommendations set out in the agreed action plan following the Galpin's Road incident.	80	0	0	0	GS1
		Service Implication	The service is seriously under resourced. Due to this, there is no resilience within the team in the event of any major incidents or absence of the officer. Part of the lessons learned from the tragedy at Galpin's Road is the need for an adequately resourced Emergency Planning and Civil Contingencies team to ensure the Council is well equipped to respond to any future incidents both in the short-term and the longer-term recovery phase.					
		Staffing Implications	To change the assistant civil contingencies officer to a civil contingencies officer					
Page		Strategic Priorities implications	Nurturing civic pride and through growth, will ensure Merton has Emergency Plans that are current, staff who are trained and clearly understand their roles and responsibilities and in the event of any major incident, business continuity plans that are co-ordinated and cohesive and meet the needs of businesses and voluntary organisations ensuring resilience is everybody's business.					
48		Impact on other departments	Without an adequately resourced team, the wider council is at risk of not being fullly trained in Emergency planning and there is no dedicated function to business continuity which poses risk to how prepared the teams and council is in the event of emergencies and issues.					
		Equalities Implications	none.

		Strategic Priorities implications	As well as being a statutory service this service is key to the delivery of a number of priorities with the "Civic Pride" Corporate Objective					
		Impact on other departments	Staff from other departments are incorporated into the meetings for the planning, delivery and governance of the service being re-tendered					
		Equalities Implications	It is envisaged that staff will TUPE to Merton at the cessation of the existing contact, appointment to any staff vacancies will be undertaken using Merton's processes and procedures and using Merton's employment terms and conditions

GROWTH PROPOSALS 2024-28 DIRECTORATE: Children, Lifelong Learning and Families

Panel	Ref		Description of growth	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Type of Growth (see key)
		Service/Section	Childrens Social Care					
C&YP		Description Service Implication	New Children's Home in Merton - feasibility & project costs To undertake a feasibility study and business plan development for a new Children's Home in Merton, to keep children in residential care in Merton (where appropriate) and at lower cost. Currently, commissioned care home placements cost between £184K and £724K per year. Other LAs in London have developed their own care homes to provide greater assurance on safety, quality and cost. The feasibility study would consider the potential as an invest to save project, site and management options. NB if an LBM site it may require capital investment but RSL sites may also be available, with the cost of works covered through rental payments. If a scheme proceeds on an LBM site (or involves a capital grant) the costs of this stage may be capitalizable	105	(40)	(65)		GP1 FUNDING FROM RESERVES
Page 54		Staffing Implications Strategic Priorities implications Impact on other departments Equalities Implications	None at this stage. The feasibility study would examine options to directly provide or contract Civic Pride Site and potential demand on capital programme The feasibility would include a full EIA, but it is expected that if taken forward it would have a positive impact on children in care with protected characteristics

DEPARTMENT: Innovation and Change

Panel	Ref		Description of growth				2027/28 £000	Type of Growth (see key)
		Service/Section	All Directorates					
	2024-25 ICG5	Description	Organisational Pay Review	260	45	43	38	GS1
		Service Implication	Merton is currently carrying a high number of interim staff at the top of the organisation, which is a major contributing factor to a high overall agency spend. This creates instability in the leadership of the organisation and makes it more difficult to drive through change. The pay review aims to address this.					
		Staffing Implications	The new scales will apply across tier 1 (EDs), tier 2 (ADs) and senior tier 3 (senior service heads). There will be no pay increases at tier one, just a regularisation of the market factor pay currently applied to ED roles.					
		Strategic Priorities implications	Merton struggles to recruit permanently to a number of roles, and one factor in this is that our substantive pay is often lower than that offered by our statistical and geographical neighbours. There is a need for a pay review across the organisation, a major piece of work that will take around 18 months. The first phase of this work has been to review					
Page 55			pay at the top three tiers of the organisation to allow us to permanently recruit into those senior roles, to regularise market factor supplements where they exist, and avoid ongoing and unsustainable agency/interim frees.					
(J		Impact on other departments	This is a review of senior pay across all departments					
		Equalities Implications	None as this will be a Council wide review, with the senior pay review being the first phase					
	<u>. </u>	Total		260	45	43	38	

Type of Growth Key

GI1	Income: Decrease due to fall in demand for service
GI2	Income: Decrease due to reduction/deletion of service

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Communications Team - Renegotiating and reprocurement of service contracts and income generation. (Ref.2024-25 ICS1)
Which Department/ Division has the responsibility for this?	Innovation and Change

Stage 1: Overview	
Name and job title of lead officer	Matt Burrows, Interim Head of Communication and Engagement
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc.)	The service currently holds a number of expensive IT system contracts that can be reprocured or cancelled, leading to savings. There is additional scope for income generation through advertising, in-house graphic design services and other commercial activity.
2. How does this contribute to the council's corporate priorities?	Improved value for money and increased income.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Impact will be on commercial organisations with which the Council ends its contractual arrangements with.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Finance and Digital hold a number of the contracts within the scope of this proposal. The Communication Team will retain overall responsibility.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ch applies	Tick which	applies	Reason
(quality group)	Positive impact		Potential		Briefly explain what positive or negative impact has been identified
<u>a</u>			negative	impact	
ge	Yes	No	Yes	No	
" ge		✓		✓	
D isability		✓		✓ /	
Gender Reassignment		✓		V	
Marriage and Civil		✓		✓	
Partnership					
Pregnancy and Maternity		✓		✓	
Race		✓		✓	
Religion/ belief		✓		✓	
Sex (Gender)		✓		✓	
Sexual orientation		✓		✓	
Socio-economic status		✓		✓	

7.	7. If you have identified a negative impact, how do you plan to mitigate it?						
N/A	\						
Sta	ge 4: Conclusion of the Equality Analysis						
	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal						
√	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.						
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.						
Page 66	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.						
	Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.						

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

tage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

Please include here a summary of the key findings of your assessment.

• The assessment has identified no potential for positive or negative impacts on protected characteristics.

Assessment completed by	Keith Burns, Interim Assistant Director: Customers, Policy and Improvement.	Signature:	Date: 25 October 2023
Improvement action plan signed off by Director/ Head of Service	Polly Cziok, Executive Director for Innovation and Change	Signature:	Date: 25 October 2023

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Council-wide Admin and Business Support functions (Ref.2024-25 ICS2)
Which Department/ Division has the responsibility for this?	Innovation and Change; Customers, Policy and Improvement

Stage 1: Overview	
Name and job title of lead officer	Keith Burns, Interim Assistant Director: Customers, Policy and Improvement
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (atc)	The review will lead to better and more streamlined business support and administration across the organisation and will aim to create more apprenticeships in place of reliance on agency staff.
How does this contribute to the council's corporate priorities?	Improved internal support to service delivery teams (supporting improved outcomes for residents) and better value for money.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	An initial review of posts in scope has identified approximately 205 posts across 120 roles. The 120 roles encompass a broad spectrum of administrative and business support roles, as well as associated roles such as programme management and support roles.
Stakeriolders, the worklorde etc.	There are a small number of service areas, primarily those delivered via partnership arrangements, which it has been agreed will be excluded from the scope of the review.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The scope of the review encompasses the six Directorates within the Council.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Information on the roles and posts in scope has been provided by Human Resources. The analysis to date has used anonymized data. During the course of the proposed review further work will be undertaken to understand the breakdown of the cohort of the in-scope workforce in order to be able to identify the extent to which there is the potential for disproportionate impact on particular protected characteristics. This more detailed analysis will allow for more nuanced and targeted mitigation strategies to be developed in respect of any disproportionate impacts identified.

Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ich applies			Reason
(equality group)	Positiv	e impact			Briefly explain what positive or negative impact has been identified
. , , , , ,			negative	impact	
	Yes	No	Yes	No	
Age	√				Increasing apprenticeship opportunities may positively impact opportunities for younger people to begin a career with the Council. Although further analysis is required, the likely age profile of the existing cohort of employees may mean a disproportionate impact on older employees.
Disability	✓		V		There may be positive impacts in terms of new systems, processes and technologies making roles more accessible to individuals with particular disabilities (subject to further testing). Again, further analysis is required, but there is the possibility for disproportionate impact depending on the proportion of individuals with disabilities in the overall in-scope cohort.
Gender Reassignment		✓		✓	No positive or negative impacts identified at this stage, but this will be subject to more detailed testing as outlined above.
Marriage and Civil Partnership		✓		✓	No positive or negative impacts identified at this stage, but this will be subject to more detailed testing as outlined above.
Pregnancy and Maternity		✓		✓	No positive or negative impacts identified at this stage, but this will be

U
മ
Õ
Ф
7
_

				۸۵	DENDIY 1
				Δ I	subject to more detailed testing as outlined above.
Race		✓	√		Again, further analysis is required, but there is the possibility for disproportionate impact depending on the proportion of individuals from black and minority ethnic communities in the overall in-scope cohort.
Religion/ belief		✓		✓	No positive or negative impacts identified at this stage, but this will be subject to more detailed testing as outlined above.
Sex (Gender)	√		√		Improved career pathways may provide positive impacts dependent on the gender balance across the overall in-scope cohort. Again, further analysis is required, but there is the possibility for disproportionate impact depending on the gender balance across the overall in-scope cohort.
Sexual orientation		✓		✓	No positive or negative impacts identified at this stage, but this will be subject to more detailed testing as outlined above.
Socio-economic status	√		✓		Improved career pathways and apprenticeships may provide positive impacts for low-income households and individuals. Negative impacts may arise as a result of the fact that the salaries of a significant proportion of the in-scope roles and posts are at the lower end of the Council's payscales.

7. If you have identified a negative impact, how do you plan to mitigate it?

This is an initial analysis prior to the review being commenced. The mitigation has several components:

- The review will be undertaken in a manner that is fully consistent with the Councils Policy and Procedures for managing Organisational Change.
- Further analysis of individualised data to provide a richer understanding of the potential for negative impact in regards to specific protected characteristics (and combinations of protected characteristics) as a precursor to developing more targeted mitigation actions.
- Ongoing engagement with the in-scope workforce to understand potential impacts and to co-design mitigations.
- Further full EIAs to be undertaken at relevant points in the review and in particular in relation to proposed new / changed delivery models.

Stage 4: Conclusion of the Equality Analysis

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
Further detailed analysis of the in-scope workforce is required in order to better understand the scope for positive or negative impacts to be present.	Completion of the more detailed analysis with support from Human Resources.	Analysis completed and outcome report presented to Corporate Management Team	31 January 2024	Existing	Keith Burns	Yes
or otential for negative inpacts identified against five Protected characteristics.	Compliance with Council's Policies and Procedures for managing organisational change.	End of review report completed.	31 May 2024	Existing	Keith Burns	Yes
	Completion of the detailed analysis referred to above.	Analysis completed and outcome report presented to Corporate Management Team	31 January 2024	Existing	Keith Burns	Yes

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

Please include here a summary of the key findings of your assessment.

- The assessment has identified the potential for a number of positive and negative impacts across five of the Protected Characteristics.
- It is recognized that further detailed analysis of the in-scope cohort is required in order to ascertain with a greater degree of confidence the potential for either positive or negative impacts to be present, which in turn will allow for more tailored mitigations to be developed and implemented. This further analysis may also change the impact assessment for the remaining five Protected Characteristics.
- Compliance with the Council's Policies and Procedures for managing organizational change is an important element of the mitigation plan, as is engagement with the in-scope workforce and co-design of mitigating actions.

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	A series of Finance and Digital Service savings (Ref. 2024-25 FDS 01 & 02)
Which Department/ Division has the responsibility for this?	Finance and Digital

Stage 1: Overview	
Name and job title of lead officer	Roger Kershaw. DoF Finance and Digital
1. What are the aims, objectives and desired outcomes of your opposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc) 2. How does this contribute to the	Various savings in back office costs from 24/25:- Insurance contributions Treasury Management Activities £40,000 £300,000
2. How does this contribute to the council's corporate priorities?	Assists with balancing the budget.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	None
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	None

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

• An analysis of recent years spend and income data.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick which applies		hich applies Tick which applies		Reason
(dequality group)	Positiv	e impact Potential		ntial	Briefly explain what positive or negative impact has been identified
Ø .	r		negative	impact	
7	Yes	No	Yes	No	
Age				1	Back office savings will not directly affect protected characteristics.
Disability				1	
Gender Reassignment				1	
Marriage and Civil				1	
Partnership					
Pregnancy and Maternity				V	
Race				$\sqrt{}$	
Religion/ belief				\checkmark	
Sex (Gender)				\checkmark	
Sexual orientation				V	
Socio-economic status				V	

7.	APPENDIX 1 If you have identified a negative impact, how do you plan to mitigate it?
N/A	4
Sta	age 4: Conclusion of the Equality Analysis
8.	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
X	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
—	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
age 80	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.
	Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
.N/A						

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

tage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Removal of Citrix Infrastructure & Equipment (Ref. 2024-25 FDS3)
Which Department/ Division has the responsibility for this?	Finance and Digital / Infrastructure and Technology

Stage 1: Overview	
Name and job title of lead officer	Richard Warren, Head of IT Service Delivery
What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria	Citrix is an IT solution which provides a virtual desktop to users, there is a complex architecture and the backend which includes physical servers. Citrix technology has not really been developed and now provides quite limited functionality in comparison with some other available solutions which provide the same features but with the additional benefit of being hosted in the Cloud.
©etc) ♥ ♥	This change will deliver direct financial savings to the Council of approximately £40k per annum.
ω	The proposal is to remove this current service and replace it with a cloud-based solution called Azure Virtual Desktop (AVD) and replace the limited functionality Pi desk top boxes and provide officers with one of a number of different equipment options which include laptops, PC's and mobile devices depending on the nature of the role being undertaken.
	However, there are a very limited number of service areas which due to the nature of the services provided and the systems they use will still require this virtual desktop environment, and the proposal these will be migrated to the AVD.
2. How does this contribute to the council's corporate priorities?	This proposal supports the Councils wider digital IT strategy of Cloud first.
3. Who will be affected by this proposal? For example who are the external/internal customers,	This proposal will affect all users who currently use the Citrix environment and therefore we will be engaging with individual teams to identify their specific operational requirements so that we can provide the most appropriate type of equipment. This proposal will not impact external customers, the wider community or partner organisations.

APPENDIX 1						
communities, partners, stakeholders, the workforce etc.	ALLENDIX					
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	As this is a move to using an alternative infrastructure/system there are no other departments involved, but service users in every department will be affected as they will need to move to using different desktop equipment or alternatively use the new AVD.					

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

This is the replacement of an operational IT system, and we are not removing or reducing any service provision so on that basis we do not foresee any potential issues in respect to equality groups being affected.

This proposal may require some minor adjustments to existing working arrangements for some members of staff who will be issued with new equipment, but this will be covered as part of a local risk assessment process when assessing the most appropriate item of equipment to issue. We have now more laptops deployed and make strategic sense to provide laptops to all users. Where there are common areas and officers cannot change laptops, we will provide a PC.

Stage 3: Assessing impact and analysis

Pa

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick which applies		Tick which applies		Reason

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Proposed budget savings in the development management teams
Which Department/ Division has the responsibility for this?	Development management (Ref. HSD2425-S01 & HSD2425-S02)

Stage 1: Overview	
Name and job title of lead officer	Jonathan Berry
What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (atc)	Deleting two vacant posts, currently filled by interim agency staff. 1) the conservation/heritage officer post and 2) the administration team leader role
How does this contribute to the puncil's corporate priorities?	The proposals support the Council's statutory duty to produce a balanced budget
3. Who will be affected by this	The customers of development management are:
proposal? For example who are	1) Residents who want to do building works in the borough.
the external/internal customers, communities, partners,	2) Developers who want to do building works in the borough.
stakeholders, the workforce etc.	 All residents, who want to see all building works fairly considered, and agreed or refused planning according to policies and legal requirements.
	The proposals will benefit the Council through providing savings which will allow a balanced budget ot be produced.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The responsibility for delivering this service is not shared.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Given this is the deleting of vacant posts, and it has been assessed that the work can be taken on by other parts of the service, no additional evidence has been considered or looked at, or deemed necessary.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick wh	ich applies	Tick which	applies	Reason
(requality group)		e impact	Poter negative	ntial	Briefly explain what positive or negative impact has been identified
	Yes	No	Yes	No	
Age		X		X

Religion/ belief		X	•	Χ	
Sex (Gender)		X	·	X	
Sexual orientation		Х		Χ	
Socio-economic status		Χ		Χ	

7. If you have identified a negative impact, how do you plan to mitigate it? No impacts identified.

Stage 4: Conclusion of the Equality Analysis

Page

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

- Outcome 1 The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
- Outcome 2 The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template - Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is Important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

Please include here a summary of the key findings of your assessment.

- What are the key impacts both negative and positive you have identified?
- Are there any particular groups affected more than others?
- What course of action are you advising as a result of this assessment?
- If your EA is assessed as Outcome 3 and you suggest to proceeding with your proposals although a negative impact has been identified that may not be possible to fully mitigate, explain your justification with full reasoning.

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Reprofile of the climate action budget to make more efficient use of the funding (Ref: HSD202425 03)
Which Department/ Division has the responsibility for this?	Environment, Civic Pride & Climate/ Housing & Sustainable Development /Future Merton

Stage 1: Overview	
Name and job title of lead officer	Tara Butler, deputy Head of FutureMerton
O1. What are the aims, objectives and desired outcomes of your oproposal? (Also explain proposals e.g. reduction/removal of service, eleletion of posts, changing criteria etc)	Amending parts of the climate funding to provide savings to help the Council maintain a balanced budget. These savings are proposed as: 1) Amending the business retrofit support scheme by -£130,000 in 24/25 and -£60k in 25/26. The project's scope can be fitted within the proposed reduced budget through more efficient use 2) Amending the climate outreach budget by -£20k. The project's scope can be reprofiled more efficiently.
2. How does this contribute to the council's corporate priorities?	The proposals support the Council's statutory duty to produce a balanced budget
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	 The customers of the climate funding are: 1) Businesses who want to make their businesses zero carbon 2) Residents and businesses who would be supported by outreach to let them know more about their individual choices to support the zero carbon agenda
	The proposals will benefit the Council through providing savings which will allow a balanced budget ot be produced.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The responsibility for delivering this service is shared between the Environment, Civic Pride & Climate and Housing & Sustainable Development Directorates.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

- 1) The -£20k amendment in climate outreach budget will not affect the ability of the council to continue to prioritise outreach and communication with people that have historically been underrepresented in the climate area (including people of different races, ages, abilities and socio-economic backgrounds) and will continue to support those with protected characteristics.
- 2) The Business Retrofit Support Scheme will be designed to align with the new budget envelope and the project will be designed to ensure equality of outcome.

For both projects the scope of how the support will be modified has not yet been defined in detail, but we will ensure that business owners and residents with protected characteristics are supported and targeted for support as required, and as we would with the existing funding. As such no impacts are foreseen.

ФStage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	which applies Tick which applie		n applies	Reason
(equality group)	Positiv	e impact	Potential		Briefly explain what positive or negative impact has been identified
(1) 5 1,			negative impact

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome

1 The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required

	APPENDIX 1							
Stage 7: Sign off by Director/ Head of Service								
Assessment completed by	Tara Butler, Programme Manager, Environment, Civic Pride & Climate	Signature:	H	Date:20/10/23				
Improvement action plan signed off by Director/ Head of Service	Lucy Owen, Executive Director of Housing and Sustainable Development	Signature:	Lugues	Date: 20/10/23				

Equality Analysis

What are the proposals being assessed?	Proposal to delete two funded posts (Ref. HSD202425 04)
Which Department/ Division has the responsibility for this?	Housing & Sustainable Communities/ Infrastructure & Technology Division

Stage 1: Overview	
Name and job title of lead officer	Mark Humphries – Assistant Director Infrastructure & Technology
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals g.g. reduction/removal of service, deletion of posts, changing criteria etc)	Proposal to delete two funded posts within the Facilities Management Major Projects team to reduce operating costs. The post are Major Projects Manager and Major Projects Surveyor which are funded as part of the current Facilities Management establishment with one post currently vacant and one being covered by a long term agency member of staff. The loss of these two posts will mean that any future large building repair or maintenance related project will have to be commissioned using external technical consultants costed at current commercial market fee rates.
2. How does this contribute to the council's corporate priorities?	Not Applicable
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Short term there will not be any immediate impact but medium to long term any specialist technical support or duties that would have been carried out by the team, which includes design and project management of building related capital projects will need to be undertaken by external consultants at a direct cost to the Council.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	These posts currently technical support and deliver projects on behalf a number of teams within other directorates including leisure services and school Improvements

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

As part of the FM trading account operating model these post have only ever been filled by agency members of staff. As the post deliver capital building projects, the service that is provided can be readily delivered by external consultants and therefore has no impact on any protected characteristics.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ich applies	Tick which	applies	Reason
(equality group)		e impact	Potential negative impact		Briefly explain what positive or negative impact has been identified
7	Yes	No	Yes	No	
Age		X		X	
Disability		X		X	
Gender Reassignment		X		X	
Marriage and Civil		Х		Х	
Partnership					
Pregnancy and Maternity		Х		Х	
Race		Х		Х	
Religion/ belief		Х		Х	
Sex (Gender)		Χ		Х	
Sexual orientation		Χ		Х	
Socio-economic status		Χ		Х	

7.	If you have identified a negative impact, how do you plan to mitigate it?
Not	t Applicable
Sta	age 4: Conclusion of the Equality Analysis
8.	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
Х	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
Page 108	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.
	Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

tage 6: Reporting outcomes

90.Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

• The deletion of these posts should result in revenue savings to the Council and have no equalities impact.

Stage 7: Sign off by Director/ Head of Service							
Assessment completed by	Nick Layton – Interim Head of Facilities	Signature: A.N. Laylon	Date:19.10.23				
Improvement action plan signed off by Director/ Head of Service	Mark A Humphries – Assistant Director of Infrastructure and Technology	Signature:	Date:20 th October 2023				

Equality Analysis

What are the proposals being assessed?	Review printing services, with a look to move to more paperless working, and remove printers where possible and/or provide printing more efficiently. (Ref. HSD202425 05)
Which Department/ Division has the responsibility for this?	Finance & Digital / Infrastructure & Technology Division / Housing and Sustainable Development

Stage 1: Overview	
Name and job title of lead officer	Mark Humphries – Assistant Director Infrastructure & Technology
What are the aims, objectives and desired outcomes of your roposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	Proposal to try and deliver some element of financial saving against the Councils current corporate operating costs, through a review of the Council's external operational buildings and a small volume of partner organisations including schools. This could include moving to a more paperless office and reducing the number of printing carried out and the equipment required to support this.
2. How does this contribute to the council's corporate priorities?	Helping to secure a balanced budget
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	This proposal will have an impact on those in the workforce who use day-to-day printing facilities, although it is expected that a transition to a reduction in reliance on printing for efficiency and environmental reasons would mitigate some of this. It could also potentially impact some external customers, partner organisations and the wider community. However, the review will look at any impacts and how this can be delivered and implemented to ensure efficiency is not lost
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Responsibility for providing the current networked printing and scanning facilities currently sits with both the IT Service Delivery, and the Facilities Management teams which now operate across both the Finance & Digital and Housing & Sustainable Communities departments.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

A full review of all the evidence and data will be undertaken as part of the review, to asses needs of those who print, how this can be reduced without impacting any groups with protected characteristics.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

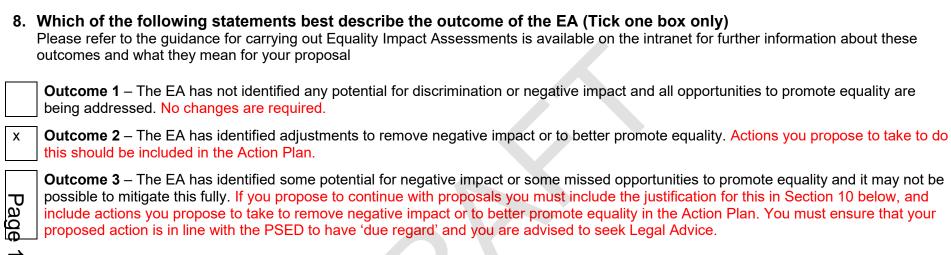

<u> </u>									
Protected characteristic	Tick whi	ich applies	Tick which	n applies	Reason				
(equality group)	Positiv	e impact	Potential negative impact		Briefly explain what positive or negative impact has been identified				
12	Yes	No	Yes	No					
Age		X	X		This saving proposal requires some further detailed analysis to ensure any potential negative impacts from reducing printing are mitigated by using accessibility technology. The review will look at all the options for making savings and operational and equality impacts will be considered prior to any recommendations being made.				
Disability		Х	Х						
Gender Reassignment		Χ		Χ					
Marriage and Civil Partnership		X		X					
•				V					
Pregnancy and Maternity		X		X					
Race		Х		X					
Religion/ belief		X		X					
Sex (Gender)		Χ		X					
Sexual orientation		X		Χ					
Socio-economic status		Х		Х					

7. If you have identified a negative impact, how do you plan to mitigate it?

Unable to identify any potential remedies or impacts until a more detailed analysis of the proposal has been undertaken and what the potential impact might be if the equipment is removed.

Stage 4: Conclusion of the Equality Analysis

13

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
The template has been completed as an initial draft and therefore the actual impact is currently unknown	This proposal requires some further detailed analysis on the potential operational and equality related impacts before the final version of the Equality Assessment can be completed.	Not Applicable	March 2024	Existing	MH	No
age						
_						

7

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

Further work will be undertaken to properly assess both the operational and equality related impacts of withdrawing Multi-Functional Devices (i.e.) removing local networked printing and scanning devices from the Councils operational buildings, before a final equalities assessment is completed.

Stage 7: Sign off by Director/ Head of Service							
Assessment completed by Mark A Humphries – Assistant Director of Infrastructure and Technology Mark A Humphries – Assistant Director of Infrastructure and Technology Signature: Mark A Humphries – Assistant Director of Infrastructure and Technology

Equality Analysis

· · ·	Estimated savings on the disposal and treatment of food and garden waste for 2023/24 Ref. ECPC 2425=S01
Which Department/ Division has the responsibility for this?	Environment, Civic Pride & Climate / Public Space

Stage 1: Overview	
Name and job title of lead officer	John Bosley, Assistant Director – Public Space
1. What are the aims, objectives The desired outcomes of your Proposal? (Also explain proposals G.g. reduction/removal of service, deletion of posts, changing criteria	The SLWP have provided an estimated savings in the costs for the disposal and treatment of food and garden waste in the 2023/24 financial year.
2. How does this contribute to the council's corporate priorities?	This will support savings within the Civic Pride ambitions by reducing costs, and therefore value for money of delivered services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The proposals will benefit the Council and ultimately residents and customers of the service by providing better value for money.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No other department or authority shares responsibility.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Evaluation and projected budgets delivered by the SLWP for the financial year.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ch applies	Tick which	applies	Reason					
dequality group) ന	Positiv	e impact	Potential negative impact		Briefly explain what positive or negative impact has been identified

7.	If you have identified a negative impact, how do you plan to mitigate it?
Noi	ne identified.
Sta	age 4: Conclusion of the Equality Analysis
8.	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
X	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
Page 122	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.
	Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

tage 6: Reporting outcomes

ப்பி. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessr

• There are no negative impacts identified through this Assessment.

Stage 7: Sign off by Director/ Head of Service						
Assessment completed by	John Bosley, Assistant Director – Public Space	Signature:	Date: 25/10/23			
Improvement action plan signed off by Director/ Head of Service	Dan Jones, Executive Director – Environment, Civic Pride and Climate	Signature:	Date: 2/11/2023			

Equality Analysis

What are the proposals being assessed?	Highways verge cutting - change from an outcome-based requirement to a cyclical programme Ref. ECPC2425-S02
Which Department/ Division has the responsibility for this?	Environment, Civic Pride & Climate / Public Space

Stage 1: Overview	
Name and job title of lead officer	Andrew Kauffman – Head of Parks Services
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria	Improve the efficiency of Highways verge cutting by shifting from an outcome-based requirement to a cyclical programme, tailored by the parks and grounds maintenance service provider. This strategic approach will lead to resource savings through more efficient service delivery.
2. How does this contribute to the council's corporate priorities?	This will support the Civic Pride and Sustainable Future priorities by providing best value for the Council through less intensive management of green infrastructure, resulting in improved biodiversity, less carbon intensive works.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Broadly, all residents and visitors to the borough will be indirectly or directly impacted, especially in local communities where grass verges play a significant part of the local amenity.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Overall responsibility for the service is within the Parks and Greenspaces team with secondary involvement with the Highways Team in FutureMerton, ensuring that roads are safe from a traffic perspective i.e. ensuring sightlines are maintained at road junctions.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The impact of the operational changes to cutting the highways verges – from an outcome to a cyclical based specification – has been reviewed and there is not expected impact on the protected characteristics. It is expected to have a benefit of increased biodiversity reflecting our commitment to a greener and more sustainable community. Any excess growth in verge grass, in between cyclical cuts, that may affect sightlines on road junctions will be dealt with as necessary – as is currently.

Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome add Assessment

- The assessment primarily centered on the decision to shift from an outcome-based requirement to a cyclical programme. This change was evaluated for its environmental, economic, and community effects.
- The assessment has not identified any positive or negative impacts on protected characteristics.

Stage 7: Sign off by Director/ Head of Service						
Assessment completed by	John Bosley, Director of Public Spaces	Signature:	Date: 03/11/2023			

APPENDIX 1 Stage 7: Sign off by Director/ Head of Service						
Improvement action plan signed off by Director/ Head of Service	Dan Jones, ED Environment, Civic Pride and Climate	Signature:	Jon	Date: 03/11/2023		

Equality Analysis

What are the proposals being assessed?	Reduction in CPZ budget (Ref. ECPC2425-S03)
Which Department/ Division has the responsibility for this?	ECPC: FutureMerton

Stage 1: Overview	
Name and job title of lead officer	Paul McGarry. Head of FutureMerton
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals G.g. reduction/removal of service, deletion of posts, changing criteria (C)	£100,000 Budget reduction without loss of function - downsize CPZ delivery programme
2. How does this contribute to the council's corporate priorities?	Saving contributes to the MTFS whilst still delivering the service, albeit at a slower rate of CPZ roll-outs.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The impact of reducing the operating budget will mean that the programme for rolling out new Controlled Parking Zones (or edits to existing CPZ) will still continue, but at a slower rate with reduced staffing capacity.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Saving is contained within FutureMerton, however a slower roll-out of new CPZs could affect income to the parking services team. Income from future CPZs isn't currently forecast in Parking Services.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Council will continue to monitor and deliver controlled parking zones, with a greater emphasis on prioritization of new zones in consultation with the Cabinet Member. The service will continue with a smaller, elongated programme.

Stage 3: Assessing impact and analysis

П

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ich applies	Tick which applies Potential		Reason
(Pequality group)	Positiv	e impact			Briefly explain what positive or negative impact has been identified
<u> </u>			negative impact		
ω	Yes	No	Yes	No	
Age		х		X	Neutral / no impact

Marriage and Civil		х		Х	Neutral / no impact
Partnership					
Pregnancy and Maternity		х		Х	Neutral / no impact
Race		х		Х	Neutral / no impact
Religion/ belief		Х	•	Х	Neutral / no impact
Sex (Gender)		Х		Х	Neutral / no impact
Sexual orientation		Х		Х	Neutral / no impact
Socio-economic status		Х		Х	Neutral / no impact

7.	If you have identified a negative impact, how do you plan to mitigate it?
Nor	ne identified
Sta	age 4: Conclusion of the Equality Analysis
	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
Х	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
Page 132	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.
	Outcome 4 – The FA shows actual or potential unlawful discrimination. Stop and rethink your proposals

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Equality Analysis

What are the proposals being assessed?	South London Waste Partnership – Management and Admin Charges
	(Ref. ECPC2425-S04)
Which Department/ Division has the responsibility for this?	Environment, Civic Pride & Climate / Public Space

Stage 1: Overview	
Name and job title of lead officer	John Bosley, Assistant Director – Public Space
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals be.g. reduction/removal of service, deletion of posts, changing criteria etc)	The SLWP have provided an estimated savings in the Management and Administration functions from 2025/26 as a result of a reduction in costs.
2. How does this contribute to the council's corporate priorities?	This will support savings within the Civic Pride ambitions by reducing costs, and therefore value for money of delivered services.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The proposals will potentially affect staff within the South London Waste Partnership – a jointly funded organisation by Merton, Sutton, Kingston and Croydon.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	As above – Sutton, Croydon, Merton and Kingston jointly fund this organisation to provide contract management function for Waste Disposal and Collection services.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Evaluation and projected budgets forecast by the SLWP for the financial year 25/26. At this stage it is not known whether the changes will have an impact on any individual with protected characteristics. A formal reorganisation process will be followed by the contracting authority (Croydon) as part of this process and an EQIA considered at the time.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick which applies Positive impact Potential negative impact		n applies	Reason		
(equality group)					Briefly explain what positive or negative impact has been identified

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Safer Merton - Staff reduction of 1 FTE (Ref. ECPC2425-S05)
Which Department/ Division has the responsibility for this?	Environment, Civic Pride and Climate - Public Protection- Safer Merton

Stage 1: Overview	
Name and job title of lead officer	Megan Hatton- Head of Community Safety
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (etc)	Delete the Business support Officer post. This role supports the Safer Merton team functions such as coordinating our strategic boards and supporting the work of the ASB team, including triaging and signposting cases as appropriate. The post also acts as first point of contact for residents into Safer Merton which links into the triaging process, ensuring the team meet service timescales and corporate KPIs. The role also supports the broad range of community engagement activities within Safer Merton, including days of visibility, hate crime advice surgeries and Merton Neighbourhood Watch. They also work closely on delivering community safety projects such as the bi-annual community safety consultation. This role is responsible for supporting Merton's reducing reoffending board, by providing assistance with case management and enabling risk to be managed and linking in with wider council departments where necessary.
2. How does this contribute to the council's corporate priorities?	Reallocating the responsibilities associated with the post to other team members, and deleting the post, will contribute to the strategic priority to deliver a balanced budget.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The individual currently occupying the post will be impacted. This impact will be mitigated via the Council's agreed Policies and Procedures relating to organisational change, redeployment and redundancy. Compliance with those Council's policies and procedures will include ensuring that due regard is given to any protected characteristics of the individual postholder.
	The Safer Merton team will be impacted as a result of reduced capacity resulting from the reduction of a post. Further to this, deleting this role would impact on our ability to be proactive in terms of community engagement and visibility across the borough. This role assists in ensuring effective communication with partners but mainly residents and providing important information through a range of avenues, and deleting this post will require a reallocation of these functions to other team members to mitigate what would otherwise be a negative impact. An example of this is the recent work within Mitcham Town Centre, providing a pivotal function in engaging with businesses and taking the community safety survey out for

	ADDENDIV 1
	completion. The role also represents Safer Merton at other events such as those focussed on youth engagement within colleges, which is a key area of focus for Safer Merton and ensuring youth voices are included in the work we do.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	N/A

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

A review of the job description and work programme for the post has been undertaken in order to better understand the impact and means of mitigating that impact.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick wh	ich applies	Tick whicl	h applies	Reason	
ൻequality group) Ф		e impact	Potential negative impact		Briefly explain what positive or negative impact has been identified	
<u> </u>	Yes	No	Yes	No		
₹3ge		✓	*		Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	
Disability			•		Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	
Gender Reassignment		√			Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	
Marriage and Civil Partnership		√	✓		Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	
Pregnancy and Maternity		✓	✓		Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	
Race		√	√		Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	

Religion/ belief	√	√	APPENDIX 1 Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics
Sex (Gender)	√	✓	Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics
Sexual orientation	√	✓	Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics
Socio-economic status	√	✓	Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics

7. If you have identified a negative impact, how do you plan to mitigate it?

The proposed mitigation is a greater focus on work with partners (both within the Council and externally) to improve the service's ability to engage with those communities and populations, thus offsetting the impact of the reduction in capacity.

The service will also explore how existing engagement activities and forums can be used to monitor the impact (of both the reduced capacity and the prosed activity to offset the reduced capacity), and will look at ways of supplementing this monitoring with additional activities where necessary.

Stage 4: Conclusion of the Equality Analysis

Ba

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
Reduced capacity to engage with communities and populations, including those that are harder to hear and have members with protected characteristics	Continue to work closely with our partners to support community engagement, with a focus on communities where we have less engagement	Improved community engagement as measured via feedback to the Council via the Joint Consultative Committee and various community forums.	ongoing	Partnershi p support	Megan Hatton	Will be added for 2024/25
Эе						
146		5 Y				

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

- The assessment has identified a potential negative impact in terms of Safer Merton's ability to engage with diverse communities and populations with protected characteristics, including those the Council finds it harder to hear. The proposed mitigation is a greater focus on work with partners (both within the Council and externally) to improve the service's ability to engage with those communities and populations, thus offsetting the impact of the reduction in capacity.
- The service will also explore how existing engagement activities and forums can be used to monitor the impact (of both the reduced capacity

ADDENDLY 1
and the prosed activity to offset the reduced capacity), and will look at ways of supplementing this monitoring with additional activities where
necessary.

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Short – Term Lease of Morden Assembly Hall (MAH) to Hilton Pharmacy Ref. ECPC2425-S07
Which Department/ Division has the responsibility for this?	Environment, Civic Pride & Climate/ Public space

Stage 1: Overview	
Name and job title of lead officer	David Gentles – Head of Sport and Leisure
1. What are the aims, objectives Und desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria	Offering Hilton Pharmacy a short-term lease for 2023/24 rather than reverting back to the closed property status as per ENV2023-24 04 - Rationalisation of Council asset (MAH).
2. How does this contribute to the council's corporate priorities?	This will support the Civic Pride and Sustainable Future priorities by providing best value for the Council, and supporting a local business to deliver health initiatives for a reasonable cost to a larger population than they would in their business premises.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	If the change from letting the property to a lease, there will be no impact for customers or community at present because the venue has not been used as a community / events venue since before Covid. Possible impact such as a reduction in free car parking for the local community depending on detail in the lease. If Morden Assembly Hall is used for Electoral Services, this will need to be considered within the lease
4. Is the responsibility shared with	arrangements to ensure availability. Public Health – COVID and Flu Jabs – Vaccinations
another department, authority or	Corporate Services – Elections
organisation? If so, who are the	Overall responsibility is with Sport and Leisure as a property venue.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Venue has not been used as a community venue since before the Covid-19 Pandemic. Before the pandemic, the venue was operating with a very small profit margin and following the pandemic the facility was operating at a loss. In 2023/24 a savings was offered (ENV2023-24 04) to rationalise the facility and cease operations.

The Building Support Officer (Caretaker) has been made redundant as part of last year's savings. There is no administrative resource to manage bookings and there is no booking system.

Infrastructure improvements had been identified that would have been required if the venue was to continue to operate as a community events space again, which would have been an additional cost. Next door to the facility is Morden Park Babtist Church that has halls to hire and are used by local community groups.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Panel	Ref		Description of Saving	Baseline Budget 23/24 £000	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Risk Analysis Deliverability	Risk Analysis Reputational Impact	
C&YP		Service/Section Description	Education and Early Help Pre-schools: The government funds free childcare places for eligible children aged 2, 3 and 4 years. Funding is distributed by the Early Years Dedicated Schools Block (EYDSG) The government set a base rate which LAs apply a local formula for. This is used to distribute funds across the local area. In addition to places provided by Private, Voluntary and Independent nurseries (PVIs) and school nursery classes, Merton Council directly supplies approximately 100 places for families that are funded via the EYDSG. The Council mostly provides these early education and childcare places where the market has failed/offers limited supply. This is the case in the early education and childcare offer for families living in low-income households, eligible for part time places of 15 hours a week term time only. From 2024, a new funding rate has been applied for 2-year places, with an increase in budget estimated at around 25%. This proposal aims to secure existing levels of early years provision for vulnerable 2-year-olds whilst maximising income via the EYDSG, to secure a saving for the Council of around £60,000. EY DSG can only be used to fund Ofsted registered places in accordance with statutory guidance.	80	60				Low	Low	SP2
		Service Implication Staffing Implications Strategic Priorities implications Impact on other departments Equalities Implications	No reduction to services: savings are via an approximate anticipated 25% increase in the local hourly rate paid to providers for 2 year old places N/A Support for vulnerable families meets the Civic Pride priority N/A This provision supports a high proportion of children with more significant SEND, children living in poverty, families with support needs, high levels of EAL, but no service impact as service will continue with additional government funding								

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	Increased income to reduce running costs across Merton Childcare Services (Ref. CLLF202425 S01)
Which Department/ Division has the responsibility for this?	CLLF , Education and Early Help Division

Stage 1: Overview	
Name and job title of lead officer	Elizabeth Fitzpatrick Assistant Director Education and Early Help
What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals	The government funds free childcare places for eligible children aged 2, 3 and 4 years. Funding is distributed by the Early Years Dedicated Schools Block (EYDSG)
g.g. reduction/removal of service, deletion of posts, changing criteria	The government set a base rate which LAs apply a local formula for. This is used to distribute funds across the local area.
55	In addition to places provided by Private, Voluntary and Independent nurseries (PVIs), Merton Council directly supplies approximately 100 places for families that are funded via the EYDSG.
	The Council mostly provides these early education and childcare places where the market has failed/offers limited supply. This is the case in the early education and childcare offer for families living in low-income households, eligible for part time places of 15 hours a week term time only.
	From 2024, a new funding rate has been applied for 2-year places, with an increase in budget estimated at around 25%.
	This proposal aims to secure existing levels of early years provision for vulnerable 2-year-olds whilst maximising income via the EYDSG, to secure a saving for the Council of around £60,000.
	EY DSG can only be used to fund Ofsted registered places in accordance with statutory guidance.
2. How does this contribute to the	The council's Community Plan 2020 - 26 has eight thematic priorities and the key priority relating to

	APPENDIX 1						
council's corporate priorities?	children and education is "Making Merton a place where children and young people feel they belong and thrive."						
	Supplying quality early education and childcare supports the overarching ambition above.						
	Building a Better Merton Together						
	'Building a Better Merton Together' is the council plan for 2023-26. It sets out the ambition for rebuilding pride in Merton over the next three years and explains how this will be achieved over the coming years.						
	In Merton, there is an ambition for people to feel proud to live, work and visit Merton – rebuilding a sense of pride from the ground up through cleaner streets, more affordable housing, improved town centres and opportunities to be involved in sport						
	These three strategic objectives guide the borough wide actions:						
Page	 Nurturing civic pride Building a sustainable future Creating a borough of sport There is a plan for each strategic objective. There are identified initiatives for each objective and the role of the council and partners in delivering these. The work of all Cabinet Members feed into delivery, spanning all parts of the council and the work with partners. 						
ge	Image						
156	Nurturing Building a Creating a civic pride Sustainable future Borough of Sport						
	Cabinet portfolios						
	Children's services Education and lifelong learning Finance and corporate services Services Finance and corporate services Services Finance and corporate services Services Sport and sustainable development Services Sport and Services Services Sport and Services Se						
	This proposal contributes to the Councils nurturing civic provide priority, through the delivery of services for children that support education and lifelong learning, working towards employment for families.						
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners,	The effect of this proposal does not impact on families, as there are no planned changes to the service offer.						
stakeholders, the workforce etc.	The Council will continue to deliver services in the same way that it does now, with an increased income funded by EYDSG, for the purpose the delivery of places that families can take up free of charge.						

4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?

There is a large provider base what deliver across the borough the funded early education and childcare offer. They too will receive the same increase in rates, so they can deliver provision to families.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We do not consider there is any impact on families/service users. An increase in funding rates for vulnerable 2-year-old places, via central government for the local distribution of funding to providers, is not considered to impact negatively or positively on service users with protected characteristics.

We have looked at our local take up and number of places delivered in terms of estimating the possible additional income we can receive via the new/anticipated rates from central government

† Stage 3: Assessing impact and analysis © . From the evidence you have conside

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	otected characteristic				Reason			
(equality group)	Positiv	e impact	Pote	ntial	Briefly explain what positive or negative impact has been identified			
1 7 9 17		4	negative	impact				
	Yes	No	Yes	No				
Age					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			
Disability					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			
Gender Reassignment					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			
Marriage and Civil Partnership					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			
Pregnancy and Maternity					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			
Race					No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way			

	ADDENINIV 1
Religion/ belief	No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way
Sex (Gender)	No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way
Sexual orientation	No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way
Socio-economic status	No impact, as the funding goes to the setting and not the family. We do not anticipate an impact either way

7. If you have identified a negative impact, how do you plan to mitigate it?

As	no negative impact has been found, no action is identified as needing to be taken
Sta	age 4: Conclusion of the Equality Analysis
8.	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
Х	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
Page 160	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.
	Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

stage 6: Reporting outcomes

ത

ों0. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

This proposal aims to secure existing levels of early years provision for vulnerable 2-year-olds whilst maximising income via the EYDSG, to secure a saving for the Council of around £60,000.

As services for families will be maintained as they are, no negative impacts have been found, and therefore no action is needed to mitigate any negative impact.

Stage 7: Sign off by Director/ Head of Service										
Assessment completed by	Allison Jones Head of Service Early Years, Family Wellbeing and Early Help	A	October 23rd 2023							
Improvement action plan signed off by Director/ Head of Service	Elizabeth Fitzpatrick, Assistant Director, Education and Early Help	By	October 24 th 2023

DEPARTMENT: Adult Social Care, Integrated Care and Public Health

Panel	Ref		Description of Saving	Baseline Budget 23/24 £000	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	Risk Analysis Deliverability	Risk Analysis Reputational Impact	Type of Saving (see key)
	ASCICPH 122	Service/Section	Adults - Reablement	50,363	40	40	40	40	L	Low	SP1
		Description	Adult Social Care have a very strong, well respected and successful existing reablement service which focuses on hospital discharges (70 % of people regain their independence and need no care following a period of reablement). This service mainly focusses on hospital discharge so the service misses the chance to reable community clients accessing services through our ASC First Response Team 'front door for ASC'. The proposal is that we have a similar reablement service working with people entering the service from the community (approx. 30 per month). It is important to note the success rate for community reablement will be different for those in the community than for hospital discharge pathways as people are generally deconditioned following a stay in hospital.								
		Service Implication	This proposal supports the prevention/early intervention model. Increasing idependence for residents and reducing dependence and the need for care packages on a long term basis. It will aslo help to keep people in their own homes and out of hospital and 24								
Page 165		Staffing Implications	hr care. Some additional reablement capacity will be required in the service. It is likely to be a different model of delivery to the current hospital pathway model, with some internal staffing but the 'homecare' element could be provided through an external provider.								
Q		Strategic Priorities implications	Sustainable Merton/Civic Pride - Keeping people independent in their own homes and supporting vulnerable residents to maintain their skills and independence.								
		Impact on other departments	None								
		Equalities Implications	EIA would need to be completed the net impact is likely to be positive.

	ASCICPH 123	Service/Section	Mental Health - S75 agreement	2,092	80	167	167	167	М	L	SNS2
		Description	IDM is the only CWI because with a postion 75 agreement								
			LBM is the only SWL borough with a section 75 agreement (Section 75 of the National Health Services Act 2006 between partners (NHS bodies and local authorities) can include								
			arrangements for pooling resources and delegating certain NHS and local authority health-related functions to the other partner) in place with SWL STG MH Trust (South West London St Georges								
			Mental Health Trust). All other SWL boroughs have ended their section 75 arrangements and returned their social work staff into								
			their council structures, while still undertaking ther statutory duties and working closely with the MH Trust. All SWL boroughs (and the MH Trust) report that they are happy with this arrangement and								
			that they have more control over their Care Act Duties and report that they are better able to ensure that they meet statutory								
			responsibilities. We would also be able to ensure that all Care Act activity undertaken by staff are recorded accurately on Mertons client data base and be able to report on our statutory duties and								
Page			functions								
g		Service Implication									
			We would have to give formal notice to end the section 75 agreement with the mental health trust following internal approval								
166			for this proposal. We would need consultation with staff. Statutory								
<u></u> 66			duty performance is different to internal LBM teams and the current								
			set up is a risk to Care Quality assurance as operating practices differ across delivery of our Care Act functions and impact on								
			performance reporting. The target implementation would be in								
		Staffing Implications	October 2024								
		Starring Improductions	23 FTE are on LBM payroll and 15.5 on trust payroll working for								
			LBM witin the MH Trust. We would also need a restructure of the social work Locality teams within Merton to incorporate these new								
			staff and rationalise the management structures.

	ASCICPH 124	Service/Section	Mental Health Brokerage	50,636	118	-		-	L	Low	SN2
קַ		Service Implication Staffing Implications	Currently SWL STG MH Trust source and broker (buy) care packages and residental/nursing placements for Merton Residents (open to their teams) who need a care package on behalf of Merton. The proposal is that we return the brokerage function for Mental Health social care placements to the boroughs adult brokerage team. This will facilitate better market management and effective social care placements. This proposal will also ensure that the negotiation of services with providers are in line with other brokerage pathways withink ASC and that ASC commitments are accurately recorded in Mosaic (client data base). It also enables better strategic commissioning and market shaping for Mental Health services Brokerage will experience an increase in the number of packages, but this will likely be minimal (3 -4 per week). There will be more market development needed with Mental Health providers. All agreed support plans will be brokered using the Mosaic system, enabling accurate reporting of MH placement commitments through the year. There are currently no staff in the MH service with the title 'Broker', there are 3 administrative workers that have the recording								
Page 167		Strategic Priorities implications Impact on other departments Equalities Implications	there are 3 administrative workers that have the recording responsibility. The existing Brokerage service will absorb the responsibilities within the existing structure and there may be a need to invest further in Mental Health commissioning in order to develop the market. Sustainable Merton None material EIA to be completed but there are minimal EIA implications as this is transactional and should improve quality of placements

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	ASCICPH121 – Increasing supported living placement numbers
Which Department/ Division has the responsibility for this?	Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Phil Howell, Interim Assistant Director for Commissioning & Gillian Moore, Head of Integrated Learning Disability Services
1. What are the aims, objectives Under the aims, objectiv	Increasing the availability and use of supported living as a positive alternative to residential care for adults with learning disabilities. This will include using supported living as a positive alternative for individuals requiring a move to accommodation based care increasing choice and independence and support. We will also look for opportunities to support individuals to move back to the borough from out of area residential placements if they would like to do this moving them to be closer to their families and neighbourhoods. Saving deliverable from 2026/27 linked to redevelopment of JMC site and the provision of 21 units of supported accommodation as part of that project. New commissioning arrangements will also be developed during 2024/25 to support the delivery of personalised 24/7 care and support as well as increased access to suitable accommodation. Successful delivery of the project will enable the Council to continue to meet its statutory duties to individuals under the Care Act 2014 in a way that is more personalised and flexible than traditional residential care models offer while improving outcomes for residents.
2. How does this contribute to the council's corporate priorities?	The proposed redevelopment of the Jan Malinowski Centre site supports the delivery of affordable housing within the Building a Sustainable Future priority. Enabling individuals to live more locally to family and community is consistent with the Nurturing Civic Pride priority.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Individuals with a learning disability to whom the Council owes statutory duties under the Care Act 2014. This will include individuals who require accommodation based care and support for the first time (young people leaving full time education and adults living in a family home) as well as individuals currently living in residential care settings. All individuals will have had a Care Act Assessment and Care and Support Planning completed prior to any move.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the	Building proposals being taken forward in conjunction with Housing & Sustainable Development.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

National evidence on the effectiveness of Supported Living provides a strong evidence base for improving outcomes and independence. The individualised nature of care and support needs means that impact on individuals will be considered as a key factor through the Care Act Assessment and Care and Support Planning processes.

Early feasibility and financial viability studies have been undertaken on the site proposals and confirm that the development remains viable and deliverable.

Stage 3: Assessing impact and analysis

gg.

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick wh	ich applies			Reason	
(equality group)	Positiv	e impact			Briefly explain what positive or negative impact has been identified	
	Yes	No	Yes	No		
Age		N		N		
Disability	Υ			N	Supported Living schemes as an alternative to residential care provide for	
					increased choice and control as well as increased independence for adults	
					with learning disabilities. Increasing access to supported living as a	
					positive option therefore increases quality of life for this cohort.	
Gender Reassignment		N		N

7. If you have identified a negative impact, how do you plan to mitigate it?

No	o negative impacts identified
_	
St	tage 4: Conclusion of the Equality Analysis
8.	Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal
Υ	Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.
	Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.
Dage	Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is -important the effective monitoring is in place to assess the impact.

[©]Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

The project provides an opportunity to increase choice and provide more personalised outcomes for individuals with learning disabilities. No negative impacts on protected characteristics are identified.

Assessment completed by	Phil Howell, Interim Assistant Director Commissioning	Signature: Phil Howell	Date: 24/10/23
Improvement action plan signed off by Director/ Head of Service	John Morgan, Executive director of Adult Social Care, Integrated Care and Public Health	Signature:	Date: 01/11/2023

What are the proposals being assessed?	ASCICPH 122 - Adult Social Care- Reablement
Which Department/ Division has the responsibility for this?	Adult Social Care, Integrated Care & Public Health

Stage 1: Overview	
Name and job title of lead officer	Phil Howell, Assistant Director of Commissioning/ Graham Terry Assistant Director, ASC operations.
1. What are the aims, objectives, Und desired outcomes of your proposal? (Also explain proposals e.g., reduction/removal of service, deletion of posts, changing criteria	Adult Social Care have a very strong, well respected and successful existing reablement service which focuses on hospital discharges (70 % of people regain their independence and need no care following a period of reablement). This service mainly focusses on hospital discharge, so the service misses the chance to reable community clients accessing services through our ASC First Response Team which is the 'front door for ASC'.
etc)	The proposal is that we have a similar reablement service working with people entering the service from the community (approx. 30 per month).
	It is important to note the success rate for community reablement will be different for those in the community than for hospital discharge pathways as people are generally deconditioned following a stay in hospital.
2. How does this contribute to the council's corporate priorities?	This proposal supports a sustainable future for ASC and Merton by increasing the availability of the reablement to vulnerable adults to maintain their presence and contribution to their local community.
3. Who will be affected by this proposal? For example, who are the external/internal customers,	Service Implication This proposal supports the prevention/early intervention model. Increasing independence for residents and reducing dependence and the need for care packages on a long-term basis.
communities, partners,	It will also help to keep people in their own homes and out of hospital and 24 hr care.
stakeholders, the workforce etc.	Staffing Implications - Some additional reablement capacity will be required in the service. It is likely to be a different model of delivery to the current hospital pathway model, with some internal staffing but the 'reablement in the home' element could be provided through an external provider.
	This will have a positive impact on people as it will help people to maintain their independence.
4. Is the responsibility shared with another department, authority, or	The existing reablement service is an in-house service operated by Adult Social Care drawing on Better Care Fund monies in recognition of its significant contribution to effective hospital discharges. The proposed

organisation? If so, who are the partners and who has overall responsibility?

service could be a mix of in-house individual assessment and review function to direct a commissioned service that would support people to maintain their independence at home and help to reduce admissions to hospital and the need for long term packages of care from home care providers.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The proposal will have a beneficial impact on the protected characteristics (equality groups) through the increased availability of a reablement service to promote peoples independence in their own home and community.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic equality group) Tick which applies Positive impact		Potential negative impact		Reason Briefly explain what positive or negative impact has been identified	
<u> </u>	Yes	No	Yes	No	
Age	*			•	Increased availability of a reablement service to promote independence and maintain people in their own home and community. The service is personalised and responds to the characteristics of each individual recipient of the service.
Disability					Increased availability of a reablement service to promote independence and maintain people in their own home and community. The service is personalised and responds to the characteristics of each individual recipient of the service.
Gender Reassignment	*			√	Increased availability of a reablement service to promote independence and maintain people in their own home and community. The service is personalised and responds to the characteristics of each individual recipient of the service.
Marriage and Civil Partnership	√			√	Increased availability of a reablement service to promote independence and maintain people in their own home and community. The service is personalised and responds to the characteristics of each individual recipient of the service.

Pregnancy and Maternity	√		√	Increased availability of a reablement service to promote independence and maintain people in their own home and community. The service is personalised and responds to the characteristics of each individual recipient of the service.

What are the proposals being assessed?	ASCICPH 123 - Adult Social Care- Mental Health S75 agreement
Which Department/ Division has the responsibility for this?	Adult Social Care, Integrated Care & Public Health

Stage 1: Overview	
Name and job title of lead officer	Graham Terry, Assistant Director of Commissioning
1. What are the aims, objectives, and desired outcomes of your proposal? (Also explain proposals 6.g., reduction/removal of service,	LBM is the only SWL borough with a section 75 agreement (Section 75 of the National Health Services Act 2006 between partners (NHS bodies and local authorities) can include arrangements for pooling resources and delegating certain NHS and local authority health-related functions to the other partner) in place with SWL STG MH Trust (South West London St Georges Mental Health Trust).
deletion of posts, changing criteria etc)	All other SWL boroughs have ended their section 75 arrangements and returned their social work staff into their council structures, while still undertaking their statutory duties and working closely with the MH Trust.
&	All SWL boroughs (and the MH Trust) report that they are happy with this arrangement and that they have more control over their Care Act Duties and are better able to ensure that they meet statutory responsibilities.
	We would also be able to ensure that all Care Act activity undertaken by staff is recorded accurately on Merton's client database and be able to report on our statutory duties and functions.
	We would have to give formal notice to end the section 75 agreement with the mental health trust following internal approval for this proposal.
2. How does this contribute to the council's corporate priorities?	This proposal supports a sustainable future for ASC and Merton by ensuring that the council can meet its statutory functions in respect of people with mental health needs and better able to report on and monitor delivery of these with direct accountability for them.
3. Who will be affected by this proposal? For example, who are the external/internal customers,	We would need to consult with staff and stakeholders. Statutory duty performance is different to internal LBM teams and the current set up is a risk to Care Quality assurance as operating practices differ across delivery of our Care Act functions and impact on performance reporting. The target implementation would be in October 2024.

communities, partners, stakeholders, the workforce etc.	Staffing Implications - 23 FTE staff are on the LBM payroll and 15.5 on trust payroll working for LBM within the MH Trust. We may need to restructure our social work teams within Merton to accommodate all our staff and functions.
	The improved fulfillment of our statutory care act duties arising from this proposal will benefit residents.
4. Is the responsibility shared with another department, authority, or organisation? If so, who are the	This proposal would end the current Section 75 agreement with the SWL STG MH Trust who provide this on our behalf and return the provision of social care for people with mental health needs into Adult Social Care within the council.
partners and who has overall responsibility?	A discussion with the MH trust has taken place and they have indicated that they support the proposal and feel that it can have a positive impact on our residents when implemented in partnership with the council.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The proposal can have a beneficial impact on the protected characteristics (equality groups) by better meeting our statutory responsibilities toward them, ensuring direct control of our mental health social work services, monitoring, and reporting of our performance. The other savings proposal to return the brokerage of mental health social care services could be implemented sooner than this expected October 2024 date for the end of the S75 agreement and hence why they are separate proposals.

The implementation of the proposal would seek to ensure that joint working with individual service users would continue with the MH trust similarly to the other SWL boroughs.

Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick wh	ich applies	Tick which	applies	Reason

						health social work services, monitoring, and reporting of our performance.

a. If you have identified a negative impact, how do you plan to mitigate it?

Consultation with services users, staff and stakeholders would be undertaken to identify any concerns to address at the outset and continue their engagement during its implementation if the proposal is approved. A key objective would be to ensure that effective integrated working is established in a new partnership with the MH trust.

A project governance and plan to manage the proposal if approved would be established to oversee this work and manage any risks arising. A dedicated staffing resources to facilitate the implementation and meet its key objectives would be required.

Stage 4: Conclusion of the Equality Analysis

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g., performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
Consultation with services users, staff and stakeholders would be undertaken to identify any concerns to address at the outset and continue their engagement during its implementation if the proposal is approved. A key objective would be to ensure that effective integrated working is established in a new partnership with the MH trust.	Project governance and a plan to manage the consultation and engagement, any implementation and detailed objectives will be established to oversee this work and manage any risks arising. The proposal would be implemented in conjunction with the MH trust and draw on the learning from the 5 SW LB and their successful models of service.	The project will be part of the ASC Toward Outstanding Programme (TOP) and monitored via TOP. A full project plan will be devised with clear actions and milestones to enable the monitoring of progress. The project will involve MH trust colleagues, staff, service users, carers, and stakeholders.	1 st April 2023	A project resourcing plan will identify the staffing required to deliver it.	Graha m Terry	Yes, following approval.

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision-making reports (CMT/Cabinet/etc.) but you must also attach the assessment to the report, or provide a hyperlink.

This Equality Analysis has resulted in an Outcome 2 Assessment

Improvement action plan signed off by Director/ Head of Service	John Morgan	Signature:	Date: 01/11/2023

Equality Analysis

Please refer to the guidance for carrying out Equality Analysis (available on the intranet). Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	ASCICPH 124 - Adult Social Care- Mental Health Brokerage
Which Department/ Division has the responsibility for this?	Adult Social Care, Integrated Care & Public Health

Stage 1: Overview				
Name and job title of lead officer	f lead officer Phil Howell, Assistant Director of Commissioning			
1. What are the aims, objectives, Uand desired outcomes of your proposal? (Also explain proposals pe.g., reduction/removal of service,	Currently SWL STG MH Trust source and broker (buy) care packages and residential/nursing placements for Merton Residents (open to their teams) who need a care package on behalf of Merton. The proposal is that we return the brokerage function for Mental Health social care placements to the borough's adult brokerage team.			
deletion of posts, changing criteria	This will facilitate better market management and effective social care placements. This proposal will ensure that the negotiation of services with providers is in line with other brokerage pathways within ASC and that ASC commitments are accurately recorded in Mosaic (client database).			
	It also enables better strategic commissioning and market shaping for Mental Health services.			
2. How does this contribute to the council's corporate priorities?	This proposal supports a sustainable future for ASC and Merton through better commissioning and the choice of accommodation and support available in Merton. This could enable people with MH to maintain their presence and contribution to their local community.			
3. Who will be affected by this proposal? For example, who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Brokerage will experience an increase in the number of packages, but this will likely be minimal (3 -4 per week). There will be more market development needed with Mental Health providers. All agreed support plans will be brokered using the Mosaic system, enabling accurate reporting of MH placement commitments throughout the year.			
	Staffing Implications - There are currently no staff in the MH service with the title 'Broker', there are 3 administrative workers that have the recording responsibility. The existing Brokerage service will absorb the responsibilities within the existing structure and there may be a need to invest further in Mental Health commissioning in order to develop the market of local providers.			

4. Is the responsibility shared with another department, authority, or organisation? If so, who are the partners and who has overall responsibility?

This proposal would remove the brokerage function from the current Section 75 agreement with the SWL STG MH Trust who provide this on our behalf and return it to the Adult Social Care Commissioning and Brokerage service.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The proposal will have a beneficial impact on the protected characteristics (equality groups) through the improved commissioning and brokering of mental health placements and services.

Stage 3: Assessing impact and analysis

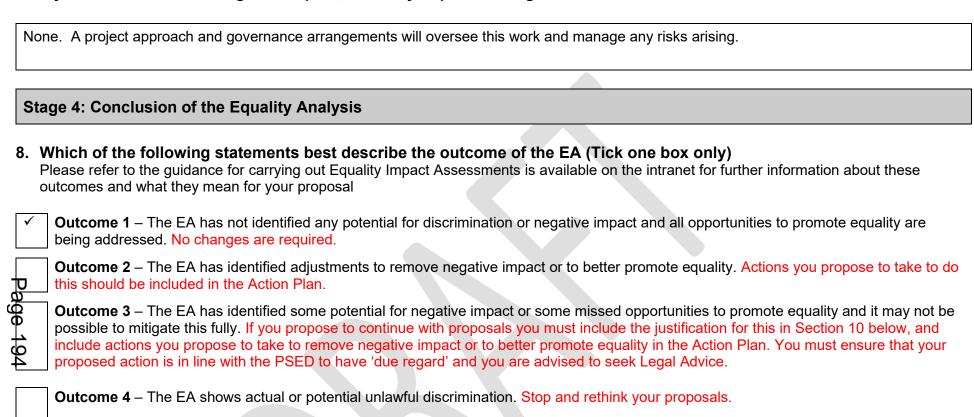

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

	Tick wh	ich applies	Tick which	ch applies	Decree

What are the proposals being assessed?	ASCICPH 125 Increasing the volume of Homecare hours paid on actuals through increased and optimise use of electronic call monitoring.
Which Department/ Division has the responsibility for this?	Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Phil Howell, Interim Assistant Director of Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	The inception, in October 2023, of new Homecare contracts for four Prime Providers and six Supplementary Providers, made it a requirement of the providers to log care visits using Electronic Call Monitoring (ECM) software. Previously this was only a requirement of 3 Prime Providers, although some other providers used the software voluntarily. The increased volume of visits logged in this way protects the authority financially in that all calls are paid on actual hours delivered, reconciled against the ECM rather than paying for some care on the basis of what is documented in care and support plans. There are wider benefits to effective use of ECM but the primary role is to ensure care is delivered as per a plan, and where it is not that the authority is able to respond and maintain adequate support for individuals as well as financially protect itself using an accurate record basis for the delivery of care by third party providers.
2. How does this contribute to the council's corporate priorities?	Under the priority of making Merton a sustainable borough, ECM offers financial sustainability benefits by ensuring the authority is appropriately charged for care delivered.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	All homecare customers of the prime and supplementary providers will have their care visits logged using ECM, however there is no direct impact on them for the purposes of this EIA. External provider organisations are required under the Homecare contract to use ECM software and they have agreed to this by entering into the contract with Merton.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

ECM has been in place, effectively, for a number of years for Homecare in Merton. The extent of it's use has increased recently with the recommissioning of contracts for services. All 10 providers under lot 1, 2 & 3 of the Homecare framework are required to use ECM.

ECM is widely used in homecare nationally and as well as financial protection. Offers local authorities an additional way of assuring themselves care is being delivered to vulnerable adults in their own homes. This will have a positive impact on all residents in receipt of Homecare.

Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Positive impact		Tick which applies Potential negative impact		Reason Briefly explain what positive or negative impact has been identified
(equality group)					
	Yes	No	Yes	No	
Age		N		N	
Disability Disability		N		N	
Gender Reassignment		N		N	
Marriage and Civil		N		N	
Partnership					
Pregnancy and Maternity		N		N	
Race		N		N	
Religion/ belief		N		N	
Sex (Gender)		N		N	
Sexual orientation		N		N	
Socio-economic status		N		N	

7. If you have identified a negative impact, how do you plan to mitigate it?

Summarise actions you plan to mitigate the negative impact(s) identified above. Detail for these actions should be included in the Improvement Action Plan (Section 9 below).

Stage 4: Conclusion of the Equality Analysis

Page 199

8. Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

y Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

Stage 5: Improvement Action Pan

9. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?

Note that the full impact of the decision may only be known after the proposals have been implemented; therefore it is -important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 1 Assessment

• There are very limited impacts from this proposal as it is simply increasing the volume of homecare hours monitored and recorded in this way. This provides additional financial benefit to the authority.

There are no impacts on protected characteristics

Assessment completed by	Phil Howell, Interim Assistant Director of Commissioning	Signature: Phil Howell	Date: 24/10/23
Improvement action plan signed off by Director/ Head of Service	John Morgan / Executive Director of Adult Social Care , Integrated Care and Public Health	Signature:	Date: 01/11/2023

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	ASCICPH 126 – Integration of commissioning functions
Which Department/ Division has the responsibility for this?	Adult Social Care & Public Health

Stage 1: Overview	
Name and job title of lead officer	Phil Howell, Interim Assistant Director of Commissioning
1. What are the aims, objectives and desired outcomes of your Uproposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	The proposal is for a reorganisation of staff resources across the ASC and Public Health Commissioning functions, following the formation of the new department. It is intended to create a single commissioning function across the two service areas, increasing the capacity available to the department for commissioning, procuring and contract managing the markets and contracts that we have both a statutory and discretionary responsibility for. Commissioning in ASC also incorporates performance and business intelligence and client facing services such as Direct Payments, Financial Assessments and Brokerage. It is intended the savings will be a result of reorganising and reducing the number of posts but, given both areas currently carry some vacancy and some posts covered by temporary staff, it is not envisaged the savings will be through compulsory redundancies.
2. How does this contribute to the council's corporate priorities?	Supports the priority of a sustainable borough. Effective and efficient commissioning and contract management is important to secure best value for the council and commissioning services that are financially sustainable into the future.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The proposals will affect staff currently working in the commissioning/contracting functions in Adult Social Care and Public Health.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	The responsibility is solely with the Adult Social Care, Integrated Care and Public Health department. There will be engagement with partner organisations within the Borough Committee to discuss the proposals and impacts on, for example, integrated commissioning plans for community services and the voluntary sector and our joint work on quality assurance of care and support providers.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

HR data associated with the impacted teams will be used to determine any impact on protected characteristics.

Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick whi	ch applies	Tick which	applies	Reason
(equality group)	Positiv	e impact	Potential		Briefly explain what positive or negative impact has been identified
10 . , , , ,			negative	impact

Equality Analysis

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet Text in blue is intended to provide guidance – you can delete this from your final version.

What are the proposals being assessed?	ASCICPH 127 – Review of ASC fees and charges
Which Department/ Division has the responsibility for this?	Adult Social Care

Stage 1: Overview	
Name and job title of lead officer	Phil Howell, Interim Assistant Director of Commissioning
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria (Detc)	A review of the fees and charges made to self funding clients of Adult Social Care is proposed, so that a model of full cost recovery is applied for services provided to these clients. This review would bring the fees and charges for self funding clients in line with other SWL local authorities and remain within the statutory guidance of the Care Act 2014.
2. How does this contribute to the council's corporate priorities?	Contributing to a Sustainable Borough, this would enable the department to recover the full and true cost of providing services and support to individuals where legislation and statutory guidance allows.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	There are currently around 100 self funding clients across the borough, on behalf of whom, the council arranges and administrated their care and support.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Although the charges are applied by Adult Social Care, the billing and collection of these charges sits with the Revenues and Benefits service.

Stage 2: Collecting evidence/ data

5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Benchmarking the fees and charges in place in other SWL Boroughs (all of whom charge or are consulting to do so) provides a good comparator for the fees and charges currently in place. This includes cost recovery for the administrative time spent arranging and monitoring the care and support of self-funders, as well as the full cost recovery for the provision of care and support.

All of the individuals impacted will have been subject to a Financial Assessment which determines that they have sufficient capital and income to be able to pay the fees and charges as a self-funding individual.

Stage 3: Assessing impact and analysis

From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic	Tick which applies Positive impact		Tick which applies Potential		Reason
(equality group)	Positiv	e illipact	negative impact		Briefly explain what positive or negative impact has been identified
	Yes	No	Yes	No	
Age		N	Y		As the majority of self-funding clients are older people (over 55), the impact is likely to fall within this protected characteristic
Disability		N	Y		Some self-funding clients will identify as having a disability. The proposa therefore is likely to have some impact on this protected characteristic
Gender Reassignment		N		N	
Marriage and Civil Partnership		N		N	
Pregnancy and Maternity		N		N	
Race		N		N	
Religion/ belief		N		N	
Sex (Gender)		N		N	
Sexual orientation		N		N	
Socio-economic status					

7. If you have identified a negative impact, how do you plan to mitigate it?

The review of fees and charges will be subject to an appropriate level of consultation with those impacted. Charges will be fair and reasonably set and in accordance with statutory guidance which states charges can recover costs but not make profit. Individuals may decide to arrange their own care and support in order to avoid fees and charges and all changes to fees and charges will be clearly communicated prior to implementation

Stage 4: Conclusion of the Equality Analysis

8. Which of the following statements best describe the outcome of the EA (Tick one box only) Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

Outcome 1 – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. No changes are required.

Outcome 2 – The EA has identified adjustments to remove negative impact or to better promote equality. Actions you propose to take to do this should be included in the Action Plan.

Outcome 3 – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.

Outcome 4 – The EA shows actual or potential unlawful discrimination. Stop and rethink your proposals.

9. Equality Analysis Improvement Action Plan template - Making adjustments for negative impact

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

Negative impact/ gap in information identified in the Equality Analysis	Action required to mitigate	How will you know this is achieved? e.g. performance measure/ target)	By when	Existing or additional resources?	Lead Officer	Action added to divisional/ team plan?
Increased financial charges to self funders, many of who will be older people, some may also have disabilities	Fees and charges will be set at an appropriate level so to cover the cost of delivery and not more. Care fees will reflect the fees paid by the authority to the provider.	Using benchmarking against other SWL fees and charges for self-funders. We will monitor the impact on the overall number of self-funding clients we are supporting	April 2025	existing	Phil Howell	yes
IO 2)						
5						

Sote that the full impact of the decision may only be known after the proposals have been implemented; therefore it is important the effective monitoring is in place to assess the impact.

Stage 6: Reporting outcomes

N

10. Summary of the equality analysis

This section can also be used in your decision making reports (CMT/Cabinet/etc) but you must also attach the assessment to the report, or provide a hyperlink

This Equality Analysis has resulted in an Outcome 2 Assessment

• The local authority, under the Care Act 2014 is statutorily able to recover the cost of administering the care and support of those individuals who fund their own care. All other SWL boroughs take this approach. Any updated fees and charges will be subject to consultation and clearly communicated to those affected prior to implementation.
