## Agenda Item 3

## **Financial Monitoring Task Group**

Date: 14 November 2017

Subject: Financial Report 2017/18 – September 2017

Lead officer: Roger Kershaw Lead member: Mark Allison

#### **Recommendations:**

A. That Cabinet note the financial reporting data relating to revenue budgetary control, showing a forecast net overspend at year end of £1.6million, 0.3% of the gross budget.

B. That Cabinet and Council approve the following adjustments to the Capital Programme

Scheme	2017/18 Budget	2018/19 Budget	Funding/Re-profiling
	£	£	
Corporate Services			
Invest to Save schemes	(1,710,000)	1,710,000	Re-profiling in accordance with projected spend
Children, Schools & Families			
Sherwood Schools Capital maintenance	82,510	0	Essential H&S Works
Cricket Green School Expansion	272,070	5,028,000	Vired from Unlocated SEN
Unlocated SEN	(272,070)	(5,028,000)	Vired to Cricket Green
Harris Academy Wimbledon	(544,530)	544,530	Re-profiling in accordance with projected spend
Harris Academy Merton	(70,120)	0	Capital Budget will be utilised under the Better Care Fund
Environment & Regeneration			
Industrial Estates	(452,750)	0	Budget relinquished as no plans to spend
Morden Leisure Centre	(1,255,830)	1,255,830	Slippage to 18/19 in line with current build programme.
Total	(3,950,720)	3,510,360	

C. That in respect of capital expenditure incurred before 1 April 2008, Cabinet recommends to the Council that the Minimum Revenue Provision Policy be revised to read:

"For capital expenditure incurred before 1 April 2008 or by Supported Capital Expenditure, the MRP policy will be the equal annual reduction of 2% of the outstanding debt at 1 April 2017 for the subsequent 50 years"

The remainder of the MRP Policy Statement will remain as approved by Council on 1 March 2017.

#### 1. PURPOSE OF REPORT AND EXECUTIVE SUMMARY

1.1 This is the financial monitoring report for quarter 2, period 6, 30<sup>th</sup> September 2017 presented in line with the financial reporting timetable.

This financial monitoring report provides:-

- The income and expenditure at period 6 and a full year forecast projection.
- An update on the capital programme and detailed monitoring information;
- An update on Corporate Items in the budget 2017/18;
- Progress on the delivery of the 2017/18 revenue savings
- 1.2 This report also sets out Merton's existing policy with regards to the calculation of Minimum Revenue Provision for Capital Expenditure incurred before 1 April 2008 or by Supported

Capital expenditure which currently provides for MRP based on a 4% reducing balance methodology and proposes a change to a 2% straight-line basis.

The proposed change will mean that the calculation is done on a more prudent basis and will also result in a reduction in MRP set-aside until 2034.

#### 2. THE FINANCIAL REPORTING PROCESS

- 2.1 The budget monitoring process in 2017/18 will continue to focus on adult social care and children's social care as these areas overspent in 2016/17 and continue to have budget pressures.
- 2.2 Chief Officers, together with budget managers and Service Financial Advisers are responsible for keeping budgets under close scrutiny and ensuring that expenditure within budgets which are overspending is being actively and vigorously controlled and where budgets are underspent, these underspends are retained until year end. Any final overall overspend on the General Fund will result in a call on balances as has been the case for the last two financial years, however this action is not sustainable longer term.

# 2.3 2017/18 FORECAST OUTTURN BASED UPON LATEST AVAILABLE DATA Executive summary — At period 6 to 30<sup>th</sup> September 2017, the year end forecast is a net £1.6m overspend compared to the current budget or 0.3% of the gross budget.

#### Summary Position as at 30th September 2017

The current level of GF balances is £12.778m and the minimum level reported to Council for this is £12.27m. This means that another reserve or further savings will need to be found to offset the remaining £1.1m overspend.

#### 3. DEPARTMENTAL SUMMARY OF CURRENT POSITION

#### **Corporate Services**

	2017/18 Current Budget	Full year Forecast September	Forecast variance at year end September	Forecast variance at year end	2016/17 Outturn Variance

Total (controllable)	26,939	26,721	-217	-365	-1,287

#### Overview

At the end period 6 (September) the Corporate Services (CS) department is forecasting an underspend of £217k at year end

#### **Business Improvement - £13k over**

The systems and projects team is forecasting an underspend of £32k which is a reduction of £150k from last month. This is due to the delay in the EDRMS project and the rollout of SharePoint which results in the need to renew SMART licenses. There are also increased costs on Mosaic which will be recharged to the CSF and C&H department but the spilt is yet to be agreed. This underspend is offset by a projected shortfall on saving CSD42 which is not expected to be fully achieved in 17/18.

#### Infrastructure & Transactions - £67k over

There are budget pressures in several teams.

The professional development centre (Chaucer Centre) is expected to under-achieve on income by £110k. Bookings year to date are lower than previous years. As budgets are reduced, customers are choosing the Civic Centre non-chargeable rooms over the Chaucer Centre's chargeable rooms. Rental income is also lower and there is a delay with agreed office renters now not taking residence at the centre until November.

The transactional services team are forecasting an overspend of £90k mainly because saving CS70 which is to charge for paper copies of invoices is unachievable due to delays in the implementation of e5, SharePoint and EDRMS.

The Garth Road income target is forecast to under-achieve by approximately £60k and there is a projected overspend in the Commercial Services team on staffing costs of £80k.

This team is currently being restructured and therefore agency staff are in post until the vacant posts are recruited into. This team essential in driving and delivering procurement savings across the Council.

These forecast overspends are partly offset by over-achievement of income on printing and the new rental agreement with CHAS 2013 Limited for occupancy of half of the 14<sup>th</sup> floor in the Civic Centre.

#### Resources - £128k over

The division is forecasting to overspend due to staffing, including one case of long term sickness. There were some additional costs for the external audit which were due to the implementation of the new financial system, as discussed at the Standards & General Purposes Committee in September. There are also ongoing development costs of e5 being funded within the division.

The closing of accounts process for 2016/17 and the external audit have highlighted a few areas of concern in meeting the early closure deadlines for next year. Some additional resources will be required to address these issues and a project plan is being developed.

#### Human Resources – £118k under

The reason for the underspend is a number of vacant posts within the division. This is partly offset by the expected shortfall on schools buy back income of £78k.

There are budget pressures on the payroll contract with Agilisys which are being reviewed.

#### **Corporate Governance - £92k under**

The forecast underspend is partly due to a £27k underspend in Internal Audit and £23k in Benefits Investigation where a 18/19 saving has been captured early.

There are other forecast underspends on non salary budgets across the division.

The South London legal partnership (SLLp) has budget pressures on staffing costs but this is being recovered by hard charging to the five boroughs in the partnership. There are numerous agency staff as recruitment is becoming increasingly difficult in certain teams. This will be closely monitored and is reported to all partnership boroughs.

#### **Customer Services - £196k under**

The Merton Bailiff Service is forecasting over-achieving income by £300k but this is offset by a forecast £70k under-achievement of income in the Shared Bailiff Service.

The Communications Service is under-achieving on advertising the income target which is partially offset by underspends elsewhere in the service. The team are working to address the likely failure to achieve income targets through a review of the strategy. A task and finish group has been established to take this forward with the aim of a refreshed strategy and agreed targets being drafted by the year end.

#### Corporate Items - £20k under

Redundancy costs are forecast to be approximately £500k over budget based on year to date actuals.

This is being offset by a reduction in the housing benefit provision.

£45k forecast spend is projected to address cyber security issues following recent security threats. Credit card charges which are currently passed on to customers will also cease in January 2018 and the forecast part year costs are approx. £25k.

The budget monitoring process will focus on pressures to ensure remedial action is taken and underspends can be held to offset any overspends.

#### **Environment & Regeneration**

### <u>Overview</u>

The department is currently forecasting an underspend of £299k at year end. The main areas of variance are Regulatory Services, Parking Services, Waste Services, Greenspaces, Transport Services, and Building & Development Control.

#### **Public Protection**

#### Regulatory Services overspend of £205k

The forecast overspend is as a result of a few factors. Firstly, a 2017/18 saving (E&R14) of £100k relating to further expansion of the Regulatory Services Partnership to include the London Borough of Wandsworth, will not be achieved this year, as it is expected that the expansion will not commence until April 2018/19. Secondly, it was necessary for the Partnership to engage the services of a project manager to develop the expanded Shared service business model. The funding of this is split between the participating authorities and Merton's share of this is expected to be around £33k. Thirdly, an underachievement of Licensing income of £47k is forecast, which is associated with a 2016/17 saving (E&R13) of £50k. Finally, the section is liable for any Mortuary costs, which is not within their control. An overspend of £27k related to this service is being forecast.

#### Parking & CCTV Services underspend of £1,447k

The underspend is mainly as a result of the protracted timeframe for the implementation of the ANPR system across the borough. The section did not have a fully functional system until February 2017, but the necessary upgrades and camera performance reviews conducted by the contractor and officers from the team have now been completed. The positive effects of this fully functional system e.g. improved traffic flow are expected to be realised during the year. The later start of the ANPR enforcement has resulted in a delay in motorist compliance with traffic regulations and the revenue generated reflecting this. It is difficult to predict when compliance will begin to set in and how this will affect revenue but this will be closely monitored and future forecasts amended accordingly.

Included within this forecast is an employee related overspend of c£367k due to a combination of savings not yet implemented and increased demand. Due to the implementation of the diesel surcharge and the delay in fully implementing ANPR the section has been forced to delay implementing certain savings, whilst needing to recruit additional agency staff to manage PCN and permit demands. This pressure is being offset by an over-recovery in permit revenue (£397k).

#### Public Space

#### Waste Services overspend of £331k

The forecast overspend relates mainly to the Phase C contract (£533k), which has been rolled out successfully delivering in excess of £1.3m savings. However, as part of the approved MTFS savings, the budget has been reduced by in excess of £1.9m. This budget pressure is mitigated next year when the new wheelie bin service is rolled out along with reduced frequency of collection, which will deliver additional savings in the contract cost for the service.

An update report was provided to Sustainable Communities O&S Panel on 4th July with a further update in November. The latter paper will include a summary of all the savings achieved through the procurement of these contracts. Robust contract management is in place ensuring full contractual compliance.

This overspend is being partially mitigated from in-year underspends on disposal costs (£305k).

#### **Greenspaces overspend of £154k**

Although significant savings have already been realised, the section is forecasting to overspend on its Phase C contract by around £113k. This overspend is not expected to repeat next year. Page 11

In addition, the Authority has been required to continue contracting out arboriculture related work leading to a forecast overspend of c£68k. From April next year, this work is expected to be carried out by IDVerde and will benefit from the lower rates available through the Phase C arrangements.

The section is also currently forecasting to underachieve on its income expectations in the following areas. Firstly, on events related income (£64k), whereby related savings of £170k have been implemented in the last two years, and whilst one event boosted the income, work continues to identify how income from events in parks, including developing working partnerships with external event production companies, can be generated.

Secondly, due to a delay in the implementation of 2016/17 saving E&R26 (£60k) i.e. P&D within certain parks. This is due to be partially implemented this autumn leading to an expectation that only £5k of the associated saving will be achieved this year. Finally, the service is forecasting an under-achievement of rental income of £25k. Work continues with reviewing current rental arrangements as well as identifying new letting opportunities to address this pressure.

These forecast overspends are being partially mitigated from other grants and contributions.

#### Transport services overspend of 195k

The overspend relates to the Operations and Workshop side of the section. Within Transport Operations, an employee overspend of £68k is forecast mainly as a result of additional agency and overtime requirements due to covering sick leave and vacancies. This also causes a knock on effect for covering core routes, whereby, the only option on occasions is to utilise third party transport providers to cover the routes, which results in further unrecoverable costs (£64k).

Within the Workshop section, the overspend (£70k) relates to invoices for payment relating to good/services received prior to 1<sup>st</sup> April, at which point the workshop was transferred to Veolia.

#### **Sustainable Communities**

#### **Building & Development Control overspend of £447k**

The section is forecasting to underachieve on income by £469k, in particular within building Control. This reflects the continued reduction in the Authority's market share. This downward trend has also impacted on the section's ability to meet some of its associated 2017/18 savings, notably ENV20, D&BC1, D&BC2, D&BC3, D&BC5, and D&BC6 i.e. Increased income from building control services, fast tracking of householder applications, commercialisation of the service, and removal of the Planning Duty service. Replacement savings have been presented to the October Cabinet meeting for approval.

The section is also forecasting a reduction, when compared to 2016/17, in development control income of around £400k due to a downturn of around 10% in planning applications so far this year. This results in only an underachievement against budget of £14k, but is a considerable decrease in expected income levels.

#### **Children Schools and Families**

Children, Schools and Families	2017/18 Current Budget £000	Full year Forecast (Sep) £000	Forecast Variance at year end (Sep) £000	Forecast Variance at year end (Aug) £000	2016/17 Variance at year end £000

Total (controllable)	48,850	49,988	1,138	1,001	1,154

#### Overview

At the end of September Children Schools and Families had a forecast overspend of £1.138m on local authority funded services. Although the department received £1m growth which was allocated against placement budgets, there were pressures over and above the growth allocated to the department some of which were offset by planned underspends and management action in year. Whilst some planned underspends will continue, the majority of the underspend used to offset cost pressures last year were either non-recurrent management action or one-off windfalls which are not guaranteed or expected in the current financial year.

The forecast overspend also includes the cost for agency staff (£480k) which was funded from the Corporate Contingency for the last three years to enable the department to maintain safe caseloads as part of our agreed approach and service model.

Due to the volatile nature of placement and SEN transport budgets and the current volume of CSC activity and EHCP requests we are exercising appropriate demand management balancing our education and social care statutory duties with careful and considered oversight of spend.

#### **Local Authority Funded Services**

Significant cost pressures and underspends identified to date are detailed below:

Description	Budget £000	Sep £000	Aug £000	2016/17 £000
MOSAIC implementation support	0	63	63	0
Small over and underspends	1,668	(127)	(117)	(271)
Subtotal Cross Department budgets	1,668	(64)	(54)	(271)
Procurement & School organisation	592	(419)	(342)	(448)

Un-accompanied asylum seeking children (UASC)	534	682	703	579
No Recourse to Public Funds (NRPF)	21	385	385	484
Social Work staffing	4,714	662	517	282
Family and Adolescent Services	43	17	17	0
Other small over and underspends	8,569	144	(63)	288
Subtotal Children's Social Care and Youth Inթկայլջող	20,752	1,978	1,622	3,259

#### Cross Department budgets

This budget includes the departmental business support, senior management and joint commissioning services.

Following the implementation of MOSAIC, some changes and service support is still required which is now funded from the departmental budgets rather than from the project. The support is currently forecast to be required until the end of October at an estimated cost of £63k.

There are various other small over and underspends forecast across the division netting to a £127k underspend. These combine with the item described above to arrive at the total reported divisional underspend of £64k.

#### **Education Division**

Procurement and school organisation budgets are forecast to underspend by £419k as a result of lower spend on revenuisation budgets. This budget relates to construction projects that cannot be classified as capital. The majority of this is required for temporary classrooms due to rising pupil demand when it is not viable to provide permanent buildings.

The SEN transport budget is forecasting to overspend by £396k at the end of the financial year. Due to time required for the new ADAM system to be imbedded, the expected cost reductions have not yet been realised. The annual review of new routes was undertaken over the summer holidays and the process for re-procurement of existing routes will be accelerated in the autumn term.

Education savings was brought forward by a year which will result in a one-off in-year underspend of £200k.

The SEN support team is forecasting a £80k underspend on staffing due to difficulties in recruiting appropriate staff to vacancies. The underspend has reduced since last month because our recruitment drive moved staff from within the department enabling us not to have a big lag in time waiting for them to take up the posts. Recruitment continues to ensure we can meet our statutory duties in relation to EHCP timeliness.

There are various other small over and underspends forecast across the division netting to a £293k underspend. These combine with the items described above to arrive at the total reported divisional underspend of £596k.

#### Children's Social Care and Youth Inclusion Division

While the numbers of Looked after Children (LAC) remain relatively stable, and indeed Merton maintains relatively low levels of children in care, the complexity of a significant proportion of cases is causing cost pressures as detailed below. Placement costs are reviewed on a monthly basis and assumptions reviewed quarterly to ensure that projections of spend are as accurate as possible.

		Forecast	Variance		Placements	
Service	Budget £000	spend £000	Sep £000	Aug £000	Sep Nr	Aug Nr
Residential Placements	2,239	2,002	(237)	(244)	11	11
Independent Agency Fostering	1,789	1,849	60	(58)	46	41
In-house Fostering	964	1,209	245	184	55	50
Secure accommodation	134	0	(134)	(134)	0	0
Mother and baby	100	259	159	184	0	2
Total	D5,226	<sub>1 /1</sub> 5,319	93	(68)	112	104

The ART service seeks to make placements with in-house foster carers wherever possible and in line with presenting needs, however, the needs of some looked after children mean that placements with residential care providers or independent fostering agencies are required. Some specific provision is mandated by the courts.

- The residential placement expenditure is forecast to underspend by £237k. This change from last month is due to the extension of one placement by one week.
- The agency fostering placement expenditure is expected to overspend by £60k. This is due to net of 5 new placements (7 new placements & two placements ended). This is a very volatile budget and therefore subject to fluctuation during the year.
- The in-house foster carer expenditure is forecast to overspend by £245k. We had 6 new placements. One placement moved to a different budget.
- We are not aware of any secure accommodation placements at this stage and will review this throughout the year.
- There are no Mother and Baby placement for September. One placement ended earlier than anticipated.

The budget for semi-independent and supported lodgings/housing placements are estimated to underspend by £5k. The change is due to 3 placements ending. This budget is used to finance placements for young people aged 16/17 and above. These are for young people who require semi-independent provision and for Care Leavers through to independence or, in some cases, through to the age of 21 (older in exceptional circumstances), as part of our statutory duties. There were 58 semi-independent placements for non-UASC young people at the end of September 2017.

The UASC placements are expected to overspend by £682k this year.

		Forecast	Variance		Placements	
Service	Budget £000	spend £000	Sep £000	Aug £000	Sep Nr	Aug Nr
Independent Agency Fostering	369	146	(223)	(223)	4	4
In-house Fostering	0	302	302	280	12	12
Supported lodgings/housing	165	768	603	646	28	31
Total	534	5,319	682	703	44	47

The overspend is lower than last month due to 3 placements ending. At the end of September we had 44 UASC placements with a number of young people aged 18+ with no recourse to public funds in semi-independent accommodation.

The NRPF budget is expected to overspend by £385k in the current financial year. The NRPF worker is working closely with housing colleagues to manage cases as they arise and is also reviewing historic cases to identify ones where claimant circumstances has changed and can therefore be stepped down from services. We continue to use the Connect system to progress cases and have started a process of reviewing all open cases with the aim to limit the cost pressure on the council.

The Central Social Work, MASH, First Response, CASA, Bond Road and CWD team's staffing costs are expected to overspend by £662k. The majority of this is due to additional social work capacity required to manage safe caseloads, previously funded by the council's contingency, and are kept under regular review as they are covered by agency. On top of the additional staff, the team also has to cover vacancies with agency staff due to difficulty in recruiting permanent members of staff. We continue with our proactive recruitment and retention campaigns and have a number of permanent staff starting in September and October.

The Family and Adolescent Services staffing budget is expected to overspend by £17k. This is due to the head of service post which has been deleted as part of the 2017/18 savings being

covered by an agency member of staff due to short term service requirements. These arrangements ceased at the end of September 2017.

There are various other small over and underspends forecast across the division netting to a £16k overspend. These combine with the items described above to arrive at the total reported divisional overspend of £1,622k.

#### **Dedicated Schools Grant**

DSG funded services is forecast to overspend by £1.689m. These budgets are not within the council's general fund and cannot be offset against the local authority funded budgets. Any overspend will be funded from the DSG reserve and applied after consultation with Schools Forum. Variances between individual subjectives have been shown in the overall departmental analyses.

The main reasons for the forecast relates to an estimated overspend of £1.178m on Independent Day School provision and £521k on additional school business rate adjustments primarily due to the revaluation of properties in the beginning of 2017.

There are various other smaller over and underspends forecast across the DSG netting to a £10k underspend which, combined with the items above, equates to the net overspend of £1.689m.

#### **Management Action**

#### New burdens

There are a number of duties placed on the Local Authority which have not been fully funded or not funded at all through additional burdens funding from Central Government. £1m growth was added by the council in 2017/18 to the supported housing/lodgings budget. Excluding the cost of these duties would leave a net departmental overspend of £76k, however that figure masks substantial once off windfalls and non-recurrent and recurrent management action. The table below highlights the continued estimated overspends relating to these unfunded duties:

Description	Budget £000	Sep overspend forecast £000	Aug overspend forecast £000
Supported lodgings/housing	1,645	(5)	131
Un-accompanied asylum seeking children (UASC)	534	682	703
No Recourse to Public Funds (NRPF)	21	385	385
Total	2,200	1,062	1,140

#### Staffing

Agency cost continues to be a cost pressure for the department as permanent social worker recruitment continues to be challenging. We are operating, however at our lowest level of agency staff in 3 years. The continued recruitment drive including recruitment of NQSWs, temporary to permanent initiatives and retention payments will all have a positive impact on the current financial year and we will continue to take action to bring down anticipated overspends on agency/staffing costs.

#### <u>Placements</u>

Our strong management oversight enables us to ensure that an appropriate entry to care threshold is well-maintained. The impact of increased numbers of UASC is in particular affecting our LAC and care leaver numbers and we remain in the lowest rate of care range in London.

Work continues to ensure we lever in appropriate health contribution to children with complex needs and our ART service is driving down placement costs including through regional partnership commissioning.

Our ART Fostering Recruitment and Assessment team is continuing to recruit new foster carers who will offer locally based placements. This continues to enable a reduction in more expensive agency foster placements, but there is a time lag.

Our ART Placement service is working with providers to establish more local provision and offer better value placements to the Council. There is now an established agreed cost framework for semi- independent providers and this has resulted in more appropriately priced placements for Care Leavers and older LAC.

#### General

The department continues to scrutinise all budgets to see how we can offset the above costs pressures and others created by growing demographics and new burdens. Where possible we will use grant and income flexibly to bring our anticipated spend in line with available budgets.

#### **Community and Housing Current Summary Position**

Community and Housing is now forecasting an overspend of £1.3m as at September 2017. This is a reduction of £587k since period 5 (August).

The main variance is in the Adult Social Care division of Access & Assessment. Community and Housing is therefore supported by other under spends in Adult Social Care and Merton Adult Education.

Adult Social Care received £9.3m in growth to support the identifiable pressures and challenges faced by the department. The service has allocated growth to the placements and deprivation of liberty budgets in line with the budget pressures identified in the budget setting report.

The 2017/18 budget was set on the basis of period 9 2016/17 budget forecast. Between period 9 and the year end, placements expenditure increased by £700k against the forecast. This was mainly due to the amount of older people being discharged from hospital but also a one-off charge of £350k.

In addition, the service was hit with a late clawback of Better Care Fund (BCF) monies due to the late reporting of performance on the main factor in the BCF risk share agreement. The service therefore has a financial hit of £275k in 2017/18.

The service therefore started 2017/18 £625k worse off than the budget plan.

Community and Housing	2017/18 Current Budget	Full Year Forecast (Sept)	Forecast Variance (Sept) £'000	Forecast Variance (Aug) £'000	2016/17 Outturn Variance £'000
Access and Assessment	46,870	47,989	1,119	1,615	9,432
Commissioning	4,162	4,085	(77)	(41)	67
Direct Provision	4,373	4,355	(18)	(70)	(169)
Directorate	755	813	58	59	(274)
Adult Social Care	56,160	57,242	1,082	1,563	9,056
Libraries and Heritage	1,975	2,013	38	30	(88)
Merton Adult Education	0	0	0	0	501
Merton Adult Education- Commissioning Model	48	42	(6)	(96)	0
Housing General Fund	1,937	2,194	257	443	655
Sub-total	60,120	61,491	1,371	1,940	10,124
Public Health	0	(25)	(25)	(7)	16
Grand Total	60,120	61,466	1,346	1,933	10,140

#### **Adult Social Care**

Community and Housing DMT in the past two weeks have done an indepth review of each areas budget lines. C&H DMT has identified management actions since period 5 to pull back the £1.9m forecast overspend reported in that period. Such as spend on activity funded by the better care fund has been reviewed and activity costing can be met within existing staff resources.

#### **Gross placement costs**

Placements	Sept 2017 £	Aug 2017 £	Increase/ Decrease £
Older People	24,179,735	24,008,383	171,351
Phys/Sens	5,222,066	5,257,219	-35,154
Learning Disabilities	14,224,199	14,327,866	-103,666
LD Housing Support	40,979	43,786	-2,807
Mental Health			
Placements	2,406,985	2,411,075	-4,090
MH Housing Support	149,634	154,546	-4,912
Substance Misuse	133,434	134,210	-776
Grand Total	46,357,031	46,337,085	19,946

Gross placement costs have increased by £19k since period 5. The growth has been in home care packages, with a net increase of 34 clients. This has been partially offset by reductions in commitments in learning and physical disability packages of care.

#### Access & Assessment - £1.1m overspend

It is anticipated that recruitment to non-frontline posts can be delayed resulting in expenditure on staffing costs being reduced by £146k.

#### Commissioning - £77k underspend

This area underspend has increased to reflect savings required to plan to bring the departments budget back into balance.

#### **Direct Provision - £18k underspend**

This service is currently forecasting an under spend of £18k.

The handypersons scheme is being extended to better facilitate discharge from hospital at a cost of £35k, utilising Disability Facilities Grant (DFG) flexibilities. Existing spend of £170k has also been identified that can properly be funded by the DFG without impacting on the council's ability to meet the demand for adaptations.

#### **Directorate - £58k overspend**

Forecast remains unchanged since period 5 (August).

#### Adult Social Care: other management action 2017/18

A refreshed action plan is in place. Highlight reports are updated and reviewed each Monday by the Director at the weekly budget meeting.

#### Home Care

The priority at present is to get the call monitoring system working properly again, so we can pay all providers based on actuals. Once this is in place we can review earlier payments and seek to clawback over payments. At 80% recovery rate, this would reduce the over spend by £720k from period 5.

Work has been undertaken to correct issues with the call monitoring system. As a result we will be able to return to paying homecare on actuals from period 4 onwards (payments are currently 3 months behind). There is potential to clawback up to £240k of overpayments, but we cannot do that before payments to providers are up to date and we have done a provider-by-provider sustainability check.

#### **C&H-Other Services**

#### **Libraries- £38k overspend**

This service is overspend has increased by £8k since August 2017. This is due to increase utilities cost and postage on overdue notifications.

The service has overspend on salaries as the new organisational structure went live on 1 May 2017 and agency staff were been used to cover permanent posts; however, future years are on track. The over spend is anticipated to be reduced by bringing in extra income through coffee shops opening earlier than planned savings for any year.

The service is confident that their income will increase by at least £10k which will hopefully reduced forecasted over spend.

#### Community Learning (Merton Adult Education) - £6k underspend

Adult Learning is currently forecasting an under spend of £6k. The forecast has been amended to reflect potential clawback by the funding authority where grant expenditure has not been fully spent.

This budget is fully reliant on ESFA funding. This has two elements:-

- 1. Formula funding (payment on delivery); and
- 2. A community learning (block grant that can be used at the services discretion for adult learning purposes).

#### Housing - £257k overspend

This service overspend has reduced by £185k since period 5 (August). This is due to an improvement in the collection of client contribution in temporary accommodation and an increase in staffing cost in other areas in this service.

Housing	Forecast Variances (Sept) £000	Forecast Variances (Aug) £000
Temporary Accommodation-Expenditure	1,031	1,204
Temporary Accommodation-Client Contribution	(624)	(560)
Temporary Accommodation-Housing Benefit Income	(445)	(450)
Temporary Accommodation-Subsidy Shortfall	621	633
Temporary Accommodation- Grant	(406)	(406)
Total Temporary Accommodation	177	421
Housing Other- Over(under)spends	80	22
Total	257	443

The service approach to managing the impact of HB /TA subsidy and the impact of wider welfare reform including the introduction of Universal Credit is a fair but firm process towards maximising income collection from households in temporary accommodation. The housing budget was reviewed in detail. The service has lost more than £660k of grant and other funding due to changes in national rules and the implementation of Universal Credit. However, the service has worked hard to increase client contributions. There is a significant improvement in income collection from last year – at this point in time last year £190k and already at period 6 £382k. We were deferring the outstanding Housing 2017.18 savings pending the requirements of the Homelessness Reduction Act and the funding received to implement the requirements. In light of the recent announcement of our allocation of £400k over 3 years we will proceed with the planned restructure of the service to meet new responsibilities and savings.

The service are on course to increase customer income by £310k, but the service is still forecasting an over spend of £257k for the year.

#### Public Health - £25k underspend

Public Health is now showing an improved position £25k underspend as at September 2017. This is mainly due to a project delay and low activity on substance misuse.

#### **Corporate Items**

The details comparing actual expenditure up to 30 September 2017 against budget are contained in Appendix 2. The main areas of variance as at 30 September 2017 are:-

Corporate Items	Current Budget 2017/18 £000s	Full Year Forecast (Sep.) £000s	Forecast Variance at year end (Sep.) £000s	Forecast Variance at year end (Aug) £000s	2016/17 Year end Variance £000s
Impact of Capital on revenue budget	13,415	13,265	(150)	(150)	193
Investment Income Pension Fund Pay and Price Inflation	(1,186) 3,350 736	(667) 3,350 736	519 0 0	519 0 0	(176) (498) (739)
Contingencies and provisions Income Items Appropriations/Transfers	4,406 (1,152) (5,407)	3,656 (1,152) (5,407)	(750) 0 0	(750) 0 0	(3,495) (330) (3,091)
Central Items	747	516	(231)	(231)	(8,329)
Levies Depreciation and Impairment	933 (22,318)	933 (22,318)	0	0	0
TOTAL CORPORATE PROVISIONS	(7,223)	(7,604)	(381)	(381)	(8,136)

There are no significant changes reported in September.

#### Proposed Change to the Council's MRP Policy

#### **Background**

#### Definition of Capital Expenditure

The Local Government and Housing Act 1989 required all expenditure to be charged to revenue unless an exemption could be found, the main exemption being that the expenditure was for capital purposes. In broad terms this meant expenditure incurred on the acquisition or creation of tangible assets needed to provide services, such as houses, school vehicles etc. This is opposed to revenue expenditure which is what is spent on the day-to-day operation of services such as employee costs and supplies and services.

The Local Government Act 2003 (Part 1, sections 1–24) introduced the prudential system of capital finance and instead of being prescriptive (as the 1989 Act was), it was designed to be much simpler by relying extensively on standard accounting practice. Regulation 25 of the Local Authorities (Capital Finance and Accounting) Regulations 2003 amends the definition of capital expenditure and states that the term "capital expenditure" is normally to be interpreted in accordance with proper accounting practices. The accounting standard that defines capital expenditure is IAS 16 Property, Plant and Equipment.

The Local Government Act 2003 extends the definition for the purposes of the capital finance system. For example Regulation 25 allows expenditure on computer software and on the making of loans or grants for capital expenditure by another body to be treated as capital expenditure of the local authority. Both of these regulations reproduced previous provisions which give local authorities extra flexibility.

#### Minimum revenue provision (MRP)

MRP represents the minimum amount which must be charged to an authority's revenue account each year for financing of capital expenditure that was initially funded by borrowing.

The Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2008 became effective from March 2008. These regulations replaced the formula-based method for calculating MRP which existed under previous regulations under the Local Government Act 2003.

The regulations require a local authority to determine each financial year an amount of MRP which it considers to be prudent by reference to a calculated capital financing requirement (CFR).

Linked to this regulation, the Department for Communities and Local Government (DCLG) produced statutory guidance which local authorities must have regard to, setting out what may constitute prudent provision. The third edition of the statutory guidance on Minimum Revenue Provision was issued in February 2012. Local authorities are free to set their own policies, within the spirit of the guidance.

The DCLG guidance recommends that before the start of the financial year, a statement of MRP policy for the forthcoming financial year is approved by the full council or equivalent.

The broad aim of the policy is to ensure that MRP is charged over a period that is reasonably commensurate with the period over which the capital expenditure which gave rise to the debt provides benefits. In the case of borrowing supported by grant, the aim is that MRP is charged over a period reasonably commensurate with the period implicit in the determination of that grant.

MRP commences in the financial year following that in which the expenditure is incurred, or in the year following that in which the relevant asset becomes operational. This enables an MRP "holiday" to be taken in relation to assets which take more than one year to be completed before they become operational.

The move to International Financial Reporting Standards (IFRS) means that private finance initiative (PFI/PF2) schemes and qualifying leases have been brought on balance sheet. Where this is the case, such items are classed in accounting terms as a form of borrowing. The DCLG has therefore amended the CFR to ensure that the impact on the revenue account is neutral, with MRP for these items matching the principal repayment embedded within the PFI or lease agreement.

#### MRP options

Four options for prudent MRP provision are set out in the DCLG guidance. Details of these are summarised in Appendix 9

#### Merton's Minimum Revenue Provision Policy Statement 2017/18

Merton's MRP Policy Statement 2017/18 is set out in Part 4 of the Treasury Management Policy Statement which is part of the Council's Business Plan 2017-2021 approved by Council on 1 March 2017.

The key terms of Merton's MRP policy are:-

- a) For capital expenditure incurred before 1 April 2008 or by Supported Capital Expenditure, the MRP policy follows CLG regulations (option 1). This provides for an approximate 4% reduction in the borrowing need (CFR) each year.
- b) From 1 April 2008 for all unsupported borrowing (including PFI and finance leases) the MRP policy will be based on the Asset Life Method CLG regulations (option 3). This option will be applied for any expenditure capitalised under a capitalisation direction. It should be noted that this option provides for a reduction in the borrowing need over the approximate life of the asset.

Merton's complete MRP Policy Statement 2017/18 is set out in Appendix 10.

#### Revisions to the MRP Policy

Paragraph 3 of the DCLG's statutory guidance states that:-

#### "ANNUAL MRP STATEMENT

3. The Secretary of State recommends that before the start of each financial year a local authority prepares a statement of its policy on making MRP in respect of that financial year and submits it to the full council. For authorities without a full council, approval of the statement should be at the closest equivalent level....The statement should indicate how it is proposed to discharge the duty to make prudent MRP in the financial year. If it is ever proposed to vary the terms of the original statement during the year, a revised statement should be put to the council at that time."

#### **Annual MRP Expenditure**

Under the current MRP policy, Merton's budgeted expenditure on MRP in 2017/18, excluding PFI and finance leases is £7.004m. The element of the budget that relates to debt incurred prior to 1 April 2008 is £3.619m based on outstanding debt of £90.474m.

#### **Proposed Change**

Meaning of "Prudent Provision"

Regulation 28 of the 2003 Regulations (as amended by regulation 4 of the 2008 Regulations) requires a local authority to calculate for the current financial year an amount of MRP which it considers to be prudent. The Secretary of State recommends that, for the purposes of regulation 28, the prudent amount of provision should normally be determined whereby:-

Page 23

- The broad aim of prudent provision is to ensure that debt is repaid over a period that is
  either reasonably commensurate with that over which the capital expenditure provides
  benefits, or, in the case of borrowing supported by Government Revenue Support
  Grant, reasonably commensurate with the period implicit in the determination of that
  grant.
- The Secretary of State considers that the methods of making prudent provision include the options set out in the statutory guidance (Appendix 9 refers) but also states that "Approaches differing from those exemplified are not ruled out."

Officers regularly review latest technical guidance, including changes in accepted practice and treasury management practices and have identified an approach which is being adopted by more and more local authorities, that provides an opportunity to make the Council's MRP provision more prudent. It also provides a reduction in MRP until 2033/34.

As previously stated, the Council's current policy is to calculate MRP on outstanding debt incurred prior to 1 April 2008 at 4% per year on a reducing balance. The debt outstanding reduces each year but the methodology means that the debt will never be fully provided for, albeit that it will eventually reduce to a small figure.

Whilst it has never been possible to allocate the Council's outstanding debt to specific assets it is likely that most of the pre-1 April 2008 debt has arisen from expenditure on land and buildings most of which, even today, are likely to have an outstanding life of at least 50 years. A fixed 2% MRP over 50 years is considered more prudent than a method which never pays off the whole debt. In addition, it can be anticipated that the asset lives will exceed this for assets that are fully maintained.

It is proposed therefore that it would be prudent that the Council's MRP policy adapt the CFR method by paying a fixed amount each year, calculated at 2% of the balance outstanding at 31 March 2017 and not reducing each year. The debt would be divided into 50 with an equal charge made in each year over the next 50 years.

This option would be beneficial. It would have the dual benefits of ensuring that the whole debt is repaid within a reasonable timescale and that there is a reduced impact on General Fund revenue until 2034 which would reduce pressure on the revenue budget at a time of severe pressure. The profile of provision under the current and proposed methodologies is shown in Appendix 11. After 2034 the MRP existing methodology would be less than under the proposed change. There is an adjustment to allow for interest foregone (at 0.5% per year) between the difference in amounts of MRP set aside.

The profile of MRP under the existing policy and the proposed changed MRP shows that at the end of the 50 years the debt outstanding will be cleared under the proposed option and that £11.751m would remain outstanding under the current methodology.

It is therefore recommended that in respect of capital expenditure incurred before 1 April 2008, Cabinet recommends to the Council that the Minimum Revenue Provision Policy be revised to read:

"For capital expenditure incurred before 1 April 2008 or by Supported Capital Expenditure, the MRP policy will be the equal annual reduction of 2% of the outstanding debt at 1 April 2017 for the subsequent 50 years"

The remainder of the MRP Policy Statement will remain as approved by Council on 1 March 2017.

Apart from retaining the existing MRP Policy there are some variations on the proposed method including an MRP holiday which entail front loading the reductions to be gained from the change in methodology but these may be harder to justify to external audit and create a less smooth budget profile.

Officers have discussed the proposal with the Council's external auditors who have reviewed the proposals set out in this paper. They will consider whether the proposals in relation to the change in MRP policy are appropriate, they will audit the calculations including the opening balance of pre-2008 debt outstanding, and at the appropriate time will check that the Council's financial statements reflect the change in policy. The Council's approach will also be taken into account when the auditors produce their VFM conclusion.

Initial discussions with the external auditors indicate that the proposed approach would not be regarded as a "dash for cash" and that within the options available would be regarded as a prudent approach to calculating the Council's Minimum Revenue Provision.

Given the pressure on the Council's revenue budgets and in order give the Council as much flexibility as possible over its budget, Cabinet is asked to recommend to Council in November that the change to MRP Policy is made with immediate effect i.e. in the current financial year. Feedback from the external auditors on the change will be reviewed and the financial implications included in the MTFS reported to Cabinet in December."

#### 4. CAPITAL PROGRAMME 2017-21

4.1 The Table below shows the movement in the 2017/21 corporate capital programme since the last meeting of Cabinet:

Depts	Current Budget 17/18	Variance	Revised Budget 17/18	Current Budget 18/19	Variance	Revised Budget 18/19	Revised Budget 19/20	Variance	Revised Budget 19/20	Revised Budget 20/21	Variance	Revised Budget 20/221
CS	25,455	(1,710)	23,745	16,798	1,710	18,508	10,626	0	10,626	2,135	0	2,135
C&H	1,445	0	1,445	629	0	629	480	0	480	630	0	630
CSF	8,230	(396)	7,834	16,905	545	17,449	7,536	0	7,536	650	0	650
E&R	19,960	(1,614)	18,346	23,830	1,256	25,086	7,738	0	7,738	5,017	0	5,017

4.2 The table below summarises the position in respect of the Capital Programme as at July 2017. The detail is shown in Appendix 5a

#### Merton Summary Capital Report – September 2017 Monitoring

		Year to Date		Full Year			
Department	Actuals	Budget	Variance	Revised Budget	Forecast Outturn	Full Year Variance	
Corporate Services	1,182,073	1,335,835	(153,762)	23,744,950	16,885,490	(6,859,460)	
Community and Housing	339,865	380,502	(40,637)	1,444,770	1,444,770	0	
Children Schools & Families	2,673,116	5,451,860	(2,778,744)	7,834,530	7,710,114	(124,416)	
Environment and Regeneration	4,598,234	9,700,611	(5,102,378)	18,346,490	18,369,352	22,862	
Total	8,793,287	16,868,808	(8,075,521)	51,370,740	44,409,726	(6,961,014)	

a) <u>Corporate Services</u> – Currently officers are projecting an overspend on Customer Contact /EDRMS of £633k and Soc**P**/2009 **25**System £145k, the split between capital

- and revenue budgets is currently being finalised on these two schemes. There are currently three projected underspends the Acquisitions Budget £6.37 million, the Bidding Fund £1.26 million and Business Improvement IT Projects of £19k. Finally, £1.7 million of Invest to Save Schemes Budget has been re-profiled into 2018/19 in accordance with projected spend.
- b) <u>Community and Housing</u> All schemes are projecting full spend Disabled Facilities Grant projected spend and budgets will need to be split to reflect its usage under the Better Care Fund.
- c) Children, Schools and Families There are a number of small underspends projected at year end the two largest are on Unallocated SEN £78k and Devolved Formula Capital £27k. Primary schools budgets have been adjusted to reflect individual schools contributions and final estimates of maintenance schemes. Essential works at Sherwood school have been part funded by a virement from Harris Merton of £70k (this scheme has a small uncommitted contingency budget which has been utilised for this virement). £5.3 million over 2017-19 has been vired from the unallocated SEN Budget to Cricket Green for their expansion scheme. Finally, £545k of Harris Academy Wimbledon Budget has been re-profiled from 2017/18 to 2018/19.
- d) Environment and Regeneration Officers are currently projecting a £23k overspend overall, this is caused by a projected overspend on GPS Vehicle Tracking of £88k (this projected overspend has been caused by increased resource and build time requirement for the ICT integration between the Councils CRM system and the contractor. Revised project plan is on schedule to be completed Dec 2017 Section 106 funding is currently being identified to fund this additional cost) offset by three projected underspends (Mitcham Area Regeneration £40k, Borough Regeneration £19k and Sports Facilities £7k. Officers have relinquished the Industrial Estates Budget of £452k and £1.256 million of the Morden Leisure Centre budget is being re-profiled into 2018-19 in accordance with the current build programme. Finally, two schemes have been added £44.7k has been added to the TfL Quietways scheme in 2017-18 and £50k funded by Section 106 money has been added to the Shopfronts Budget.

4.3 Appendix 5b details the adjustments being made to the Capital Programme this month. The following adjustment will require Cabinet and Council approval:

Scheme	2017/18 Budget	2018/19 Budget	Funding/Re-profiling
	£	£	
Corporate Services			
Invest to Save schemes	(1,710,000)	1,710,000	Re-profiling in accordance with projected spend
Children, Schools & Families			
Sherwood Schools Capital maintenance	82,510	0	Essential H&S Works
Cricket Green School Expansion	272,070	5,028,000	Vired from Unlocated SEN
Unlocated SEN	(272,070)	(5,028,000)	Vired to Cricket Green
Harris Academy Wimbledon	(544,530)	544,530	Re-profiling in accordance with projected spend
Harris Academy Merton	(70,120)	0	Capital Budget will be utilised under the Better Care Fund
<b>Environment &amp; Regeneration</b>			
Industrial Estates	(452,750)	0	Budget relinquished as no plans to spend
Morden Leisure Centre	(1,255,830)	1,255,830	Slippage to 18/19 in line with current build programme.
Total	(3,950,720)	3,510,360	

4.4 Appendix 5c details the impact of all the adjustments to the Capital Programme have on the funding of the programme in 2017/18 and 2018/19. The table below summarises the movement in 2017/18 funding since the August:

Depts.	Approved Budget 17/18	Adjustments	New External Funding	New Internal Funding	Re- profiling	Revised Budget 17/18
Corporate Services	25,455	0	0	0	(1,710)	23,745
Community & Housing	1,445	0	0	0	0	1,445
Children Schools & Families	8,230	0	149	0	(545)	7,834
Environment and Regeneration	19,960	(453)	95	0	(1,256)	18,346
Total	55,090	(453)	244	0	(3,511)	51,370

4.5 The table below compares capital expenditure (£000s) to August 2017 to that achieved over the last few years:

Depts.	Spend To September 2014	Spend To September 2015	Spend To September 2016	Spend to September 2017	Variance 2014 to 2017	Variance 2015 to 2017	Variance 2016 to 2017
CS	182	267	215	1,182	1,000	915	967
C&H	480	610	916	340	(141)	(270)	(576)
CSF	7,979	7,944	2,811	2,673	(5,306)	(5,271)	(138)
E&R	1,685	3,006	5,930	4,598	2,913	1,592	(1,332)
Total Capital	10,326	11,827	9,873	8,793	(2,534)	(3,949)	(2,046)

Outturn £000s	36,869	29,327	30,626	
Budget £000s				51,371
Projected Spend September 2017	£000s			44,641
Percentage Spend to Budget				17.12%
% Spend to Outturn/Projection	28.01%	40.33%	32.24%	19.70%
Monthly Spend to Achieve Projecte	ed Outturn			
£000s				5,975

4.6 The table shows that spend during September 2017 was considerably below this target.

Officers are currently processing the information gathered during September Monitoring on budget profiles and these will be processed for October monitoring:

Department	Spend To August 2017 £000s	Spend To September 2017 £000s	Increase £000s
cs	714	1,182	468
C&H	174	340	166
CSF	1,213	2,673	1,460
E&R	3,368	4,598	1,230
Total			
Capital	5,469	8,793	3,324

#### 5. DELIVERY OF SAVINGS FOR 2017/18

Department	Target Savings 2017/18	Projected Savings 2017/18	Period 6 Forecast Shortfall	Period 5 Forecast Shortfall	Period Forecast Shortfall (P6)	2018/19 Expected Shortfall
	£000	£000	£000	£000	%	£000
Corporate Services	1,484	1,248	236	196	15.9%	158
Children Schools and Families	1,110	1,093	17	17	1.5%	0
Community and Housing	2,673	1,877	796	760	29.8%	150
Environment and Regeneration	3,050	1,603	1,447	1,447	47.4%	281
Total	8,317	5,821	2,496	2,420	30.0%	589

Appendix 6 details the progress on savings for 2017/18 by department.

Progress on savings 2016/17

Department	Target Savings 2016/17	2016/17 Shortfall	2017/18 Projected shortfall	2018/19 Projected shortfall
	£000's	£000's	£000's	£000's
Corporate Services	2,316	288	30	30
Children Schools and				
Families	2,191	0	0	0
			C&H Savings mitigated by growth received in	
Community and Housing	5,379	1,727	17/18	0
Environment and Regeneration	4,771	2,573	627	240
Total	14,657	4,588	657	270

Appendix 7 details the progress on savings for 2016/17 by department and the impact on the current year.

#### 6. MISCELLANEOUS DEBT

6.1 An update on the Council's miscellaneous debt as at 30 September 2017 is provided in Appendix 8. This includes information on the latest arrears position, the process for collection of miscellaneous debt, action being taken to collect outstanding debt and the provision for bad and doubtful debts.

#### 7. CONSULTATION UNDERTAKEN OR PROPOSED

7.1 All relevant bodies have been consulted.

#### 8. TIMETABLE

8.1 In accordance with current financial reporting timetables.

#### 9. FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

9.1 All relevant implications have been a முழுக்கூற்க the report.

#### 10. LEGAL AND STATUTORY IMPLICATIONS

10.1 All relevant implications have been addressed in the report.

#### 11. HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS

11.1 Not applicable

#### 12. CRIME AND DISORDER IMPLICATIONS

12.1 Not applicable

#### 13. RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS

13.1 The emphasis placed on the delivery of revenue savings within the financial monitoring report will be enhanced during 2016/17, the risk of part non-delivery of savings is already contained on the key strategic risk register and will be kept under review.

## 14. APPENDICES – THE FOLLOWING DOCUMENTS ARE TO BE PUBLISHED WITH THIS REPORT AND FORM PART OF THE REPORT

Appendix 1- Detailed position table

Appendix 2 – Detailed Corporate Items table

Appendix 3 – Pay and Price Inflation

Appendix 4 – Treasury Management: Outlook

Appendix 5a – Current Capital Programme 2017/18

#### Pay and Price Inflation as at August 2017

In 2017/18, the budget includes 1% for increases in pay and 1.5% for increases in general prices, with an additional amount of £0.451m which is held to assist services that may experience price increases greatly in excess of the inflation allowance provided when setting the budget. With CPI inflation currently at 3.0% and RPI at 3.9% this budget will be held and it will only be released when it is certain that it will not be required.

#### Pay:

The local government pay award for 2017/18 was agreed last year covering 2016/17 and 2017/18. For the lowest paid (those on spinal points 6-17) this agreed a pay rise of between 6.6% and 1.01% in the first year, and between 3.4% and 1.3% in 2017/18. Those on spinal points 18-49 received 1% in year one and the same again in 2017/18. The offer also included a joint review of the NJC pay spine and term-time working for school support staff. Departmental budgets include provision for the 2017/18 pay award.

#### Prices:

The Consumer Prices Index (CPI) 12-month rate was 3.0% in September 2017, up from 2.9% in August 2017; it was last higher in March 2012. The main contributors to the increase in the rate were rising prices for food and recreational goods, along with transport costs, which fell by less than they did a year ago. These upward effects were partially offset by downward contributions from a range of goods and services, in particular clothing prices, which rose by less than they did a year ago.

CPIH, a measure of UK consumer price inflation that includes owner occupiers' housing costs, 12-month inflation rate was 2.8% in September 2017, up from 2.7% in August 2017

The RPI 12-month rate for September 2017 stood at 3.9%, unchanged from August.

#### Outlook for inflation:

The Bank of England's Monetary Policy Committee (MPC) sets monetary policy to meet the 2% inflation target and in a way that helps to sustain growth and employment. At its meeting ending on 13 September 2017, the Committee voted by a majority of 7-2 to maintain Bank Rate at 0.25%. The Committee voted unanimously to maintain the stock of sterling non-financial investment-grade corporate bond purchases, financed by the issuance of central bank reserves, at £10 billion. The Committee also voted unanimously to maintain the stock of UK government bond purchases, financed by the issuance of central bank reserves, at £435 billion. The August 2017 Inflation Report was published on the 3 August 2017. The next MPC meeting to agree the Bank Base Rate will be held in early November.

In the minutes to its September meeting, the MPC noted that "The circumstances since the referendum on EU membership, and the accompanying depreciation of sterling, have been exceptional. Monetary policy cannot prevent either the necessary real adjustment as the United Kingdom moves towards its new international trading arrangements or the weaker real income growth that is likely to accompany that adjustment over the next few years. The MPC's remit specifies that, in such exceptional circumstances, the Committee must balance any trade-off between the speed at which it intends to return inflation sustainably to the target and the support that monetary policy provides to jobs and activity. Recent developments suggest that remaining spare capacity in the economy is being absorbed a little more rapidly than expected at the time of the August Report, and that inflation remains likely to overshoot the 2% target over the next three years."

In the August 2017 quarterly Inflation Report, the MPC sets out its view on the prospects for inflation and the report notes that "Although CPI inflation has been volatile, it has risen over 2017 and was 2.6% in June. It is expected to remain around 2¾% in the near term, boosted by higher import prices as a result of the

depreciation in sterling, before easing back towards the 2% target during 2018. Growth in firms' imported costs appears to have started moderating. Domestically generated inflation appears to have remained relatively subdued and inflation expectations remain consistent with the MPC's 2% target." Since the August inflation report, the MPC has met on 13 September and kept the Bank Base Rate at 0.25% but concluded that "there remain considerable risks to the outlook, which include the response of households, businesses and financial markets to developments related to the process of EU withdrawal. The MPC will respond to these developments as they occur insofar as they affect the behaviour of households and businesses, and the outlook for inflation. The Committee will continue to monitor closely the incoming evidence on these and other developments, and stands ready to respond to changes in the economic outlook as they unfold to ensure a sustainable return of inflation to the 2% target."

The latest inflation and unemployment forecasts for the UK economy, based on a summary of independent forecasts are set out in the following table:-

Table 11. Forecasts for the OK Economy									
Source: HM Treasury - Forecasts for the UK Economy (October 2017)									
2017 (Quarter 4)	Lowest %	Highest %	Average %						
CPI	2.9	3.3	2.9						
RPI	3.3	4.4	3.9						
LFS Unemployment Rate	4.1	4.9	4.5						
2018 (Quarter 4)	Lowest %	Highest %	Average %						
CPI	1.5	3.0	2.4						
RPI	2.6	3.9	3.2						
LFS Unemployment Rate	3.6	5.4	4.6						

Clearly where the level of inflation during the year exceeds the amount provided for in the budget, this will put pressure on services to stay within budget and will require effective monitoring and control.

Independent medium-term projections for the calendar years 2017 to 2021 are summarised in the following table:-

Source: HM Treasury - Forecasts for the UK Economy (August 2017)											
	2017 2018 2019 2020										
	%	%	%	%	%						
CPI	2.7	2.6	2.2	1.9	1.9						
RPI	3.5	3.5	3.0	3.0	3.0						
LFS Unemployment Rate	4.5	4.7	4.8	4.8	4.8						

#### **Treasury Management: Outlook**

At its meeting ending on 13 September 2017, the Committee voted by a majority of 7-2 to maintain Bank Rate at 0.25%. The Committee voted unanimously to maintain the stock of sterling non-financial investment-grade corporate bond purchases, financed by the issuance of central bank reserves, at £10 billion. The Committee also voted unanimously to maintain the stock of UK government bond purchases, financed by the issuance of central bank reserves, at £435 billion.

The increase in CPI inflation to 3% in September, its highest level in five-and-a-half years, will put pressure on the Bank of England to increase interest rates next month. RPI, at 3.9%, in September is also at its highest since 2012 which means that some costs which are increased based on September RPI (e.g.business rates) will jump by 3.9pc next April as a result. The Governor of the Bank of England, Mark Carney, was unable to give any clear signals to the markets on whether the central bank will push the base rate up to 0.5pc in November but it remains an option available to the central bank's policymakers. Under existing guidelines the Governor will be required to write to the Chancellor of the Exchequer to explain why the 2% inflation limit has been missed by more than a percentage point.

In the Bank of England's quarterly Inflation report for August 2017, the MPC set out its most recent assessment of the outlook for inflation and activity and outlined its view on the long-term outlook for interest rates. The MPC noted that "CPI inflation has remained above the 2% target as rises in import prices following the steep fall in the sterling exchange rate last year continue to pass through to consumer prices.... Overall, given a market-implied path for Bank Rate that rises by around ½ percentage point over the next three years, growth is projected to be modest and unemployment to stay close to its current rate. Import price pressures begin to fade in the second half of the forecast period, but are still keeping inflation above the 2% target at the end."

In the minutes to the MPC meeting ending on 13 September 2017, it was stated that "All MPC members continue to judge that, if the economy follows a path broadly consistent with the August Inflation Report central projection, then monetary policy could need to be tightened by a somewhat greater extent over the forecast period than current market expectations. A majority of MPC members judge that, if the economy continues to follow a path consistent with the prospect of a continued erosion of slack and a gradual rise in underlying inflationary pressure then, with the further lessening in the trade-off that this would imply, some withdrawal of monetary stimulus is likely to be appropriate over the coming months in order to return inflation sustainably to target. All members agree that any prospective increases in Bank Rate would be expected to be at a gradual pace and to a limited extent."

The MPC's forecasts of Bank Base Rate in recent Quarterly Inflation Reports which were made pre-Brexit up to May 2016 are summarised in the following table:-

Source: Bank of England Inflation Reports

The MPC makes its decisions in the context of the monetary policy forward guidance announced alongside the publication of the August 2013 Inflation Report. This guidance was summarised and reported in the July 2013 monitoring report.

The Inflation Report for February 2014 provided a summary of the Bank of England's approach to its proposed monetary policy as the economy recovers and once the unemployment threshold has been reached:-

- The MPC sets policy to achieve the 2% inflation target, and, subject to that, to support the Government's economic policies, including those for growth and employment.
- Despite the sharp fall in unemployment, there remains scope to absorb spare capacity further before raising Bank Rate.
- When Bank Rate does begin to rise, the appropriate path so as to eliminate slack over the next two to three years and keep inflation close to the target is expected to be gradual.
- The actual path of Bank Rate over the next few years will, however, depend on economic developments.
- Even when the economy has returned to normal levels of capacity and inflation is close to the target, the appropriate level of Bank Rate is likely to be materially below the 5% level set on average by the Committee prior to the financial crisis.
- The MPC intends to maintain the stock of purchased assets at least until the first rise in Bank Rate.
- Monetary policy may have a role to play in mitigating risks to financial stability, but only as a last line of defence if those risks cannot be contained by the substantial range of policy actions available to the Financial Policy Committee and other regulatory authorities.

Changes to the Bank Base Rate will depend on how quickly the economy recovers and will be set to achieve the inflation target of 2%.

The MPC sets monetary policy to meet the 2% target in the medium term and in a way that helps to sustain growth and employment.

	Adult Social Care											
	Placements (replaces three original savings proposals). Given ongoing market pressures and extensive work already undertaken to review OP packages, the savings can only be achieved by more targeted work to manage demand. There will be a focus on three areas: 1) demand coming through transition into adulthood, 2) maximising reablement opportunities to reduce long term needs, 3) Reviewing equity of access and resource in areas such as 1:1 care, night cover, double-up care, 15 min daytime visits and multiple provisions.	827	827	0	G		827	0	G	Richard Ellis	There is a focus on learning disabilities where package costs tend to be much higher and direct payments. 350 reviews have been carried out. £533k has been achieved to date.	Y
CH54, CH 37, CH59	Staff savings: most were brought forward to 2016/17. These represent the residual savings in Direct provision	100	100	0	G		100	0	G	Andy Ottaway- Searle	Achieved	Y
	Staff savings: transfer of savings from housing	50	0	50	R		0	(50)	R	Richard Ellis	Options are currently being considered	Y
	Contracts: re-commissioning of home care contracts.  Moving packages from high cost spot purchased care to contract rate.	215	97	118	A		215	0	G	Richard Ellis	The new contracts will be in place by January 2018. The ability to transfer current spot purchased packages depends on the ability of the new providers to recruit carers.	Y
	Supporting People: re-commissioning of former Supporting People contracts. Savings can be achieved by removing funding from community alarms and reducing the capacity for housing support (including single homeless, mental health and young people at risk)	100	0	100	R		0	(100)	R	Richard Ellis	Further work on the options and impacts of reducing out subsidy of community alarms is being considered. The project is therefore deferred to 2018/19.	Y

Ref	Description of Saving	2017/18 Savings Required £000	2017/18 Expected Savings £000	Shortfall £000	RAG	2017/18 Mitigated by Growth £000	2018/19 Savings Expected £000	2018/19 Expected Shortfall £000	18/19 RAG	Responsible Officer	Comments	R /A Included in Forecast Over/Underspend ? Y/N
CH35, CH36, CH52	Supporting People: re-commissioning of former Supporting People contracts. Savings can be achieved by removing funding from community alarms and reducing the capacity for housing support (including single homeless, mental health and young people at risk)	356	0	356	A	(356)	356	0	G	Richard Ellis	Contracts do not end until the end of November 2017. This is a challenging sector with a reducing number of providers. Two contracts have been handed back in the last year. The Homelessness Prevention Bill may result in more people coming forward for support, whilst existing provision is already fully utilised. The optimal procurement route means that the process will now take longer than expected and savings will not accrue until 2018/19.	
CH53	Vol orgs Grant	600	600	0	G		600	0	G	Richard Ellis	Achieved	Y

## **Appendix 8**

### Subject: Miscellaneous Debt Update September 2017

- 1. LATEST ARREARS POSITION MERTON'S AGED DEBTORS REPORT
- 1.1 A breakdown of departmental net miscellaneous debt arrears, as at 30 September 2017, is shown in column F of the table below.
- 1.2 Please note that on the 6 February 2017 the new financial computer system was implemented and this includes the raising and collection of invoices and the debt recovery system.

<u>Sundry Debtors aged balance – 30 September 2017 – not including debt that is less than 30 days old</u> (Please note the new system reports debt up to 30 days whereas previously we reported up to 39 days)

Department	30 days to 6	6 months to 1	1 to 2 years	Over 2	Sept 17	June 17	Direction of
a	months b	year c	d	years	arrears f	Arrears	travel

CHAS 2013	52,127	53,366	28,942	25,945	160,380	137,601	<b>↑</b>
Total	5,450,519	2,100,528	2,533,659	3,612,689	13,697,395	14,190,741	<b>↓</b>
Sep-16	2,800,612	3,057,654	2,187,574	3,718,896	11,764,736		
Variance Sept 16 to Sept 17	2,649,907	-957,126	346,085	-106,207	1,932,659		1

- 1.3 Since the position was last reported on 30 June 2017, the net level of arrears, i.e. invoices over 30 days old, has reduced by £493,346.
- 1.4 The new financial system was implemented on 6 February 2017 and there was an initial delay in raising new invoices. However, over the

past six months there has been an improvement in the volume and speed of invoices raised. There is still a backlog of invoices to be raised for Adult Social Care debt which is linked with the implementation of the new Social Care computer system, but the matter is being monitored and addressed.

- 1.5 We are currently invoicing 14 weeks after the service has been delivered versus our normal practice of a 6 week lag. This deficit from normal practice will need to be recovered over the remainder of the year and the current plan is that invoicing will be back on track by February 2018.
- 1.6 There has been a reduction of outstanding debt that is between 31 days and six months old of £865,812 (from £6,317,331) when last reported in June 2017. This is partly as a result of commencement of issuing of reminders notices for unpaid invoices and the escalation of cases to the debt recovery team.
- 1.7 Reminders for unpaid invoices started to be issued in June 2017 and as a consequence cases that remain unpaid were gradually passed to the debt recovery team from mid-July. The recovery escalation process is now automated and unpaid debts are being pursued in a timely manner.
- 1.8 Environmental and Regeneration department debt has increased again by almost £200,000. The largest debts owed are for Future Merton Community Infrastructure Levy, Commercial Rents, Commercial Waste and Planning sections. The largest debts owed for Corporate Services debt are for re-charges for IT to CHAS and debts owed to Legal Services. Since this data was produced at the end of September the majority of CHAS debt has been paid. The remaining outstanding debts are being pursued.
- 1.9 The table below shows the total net level of arrears for the last five years not including debt that is less than 39 days old or 30 days from March 2017

<u>Sundry debt September 2013 to September 2017 – not including debt that is less than 30/39 days old</u>

Department	Sept 2013	Sept 2014	Sept 2015	Sept 2016	Sept 2017
	£	£	£	£	£
Env & Regeneration	793,107	839,287	1,318,904	1,024,164	2,330,047
Corporate Services	368,730	628,537	559,390	510,158	1,399,184
Housing Benefits	2,950,651	2,857,391	3,085,562	4,358,505	4,242,542
Children, Schools & Families	121,140	407,783	343,210	983,259	1,360,416
Community & Housing	4,213,449	4,861,456	4,760,720	4,975,275	4,204,826
Chief Executive's	500	500	2,880	1,380	0
CHAS 2013	0	181,542	134,093	97,411	160,380
Total	8,447,577	9,776,496	10,204,759	11,950,152	13,697,395

- 1.11 The figures in the table above show that a major area of increase in debt over the four year period is housing benefit overpayments. It should be noted that the amount of housing benefit paid out has increased over this period. In 2008/09 £61.3 million was paid out and just under £85 million was paid in 2016/17
- 1.12 The increase in Environmental and Regeneration and Corporate Services debts has been detailed above in 1.8.
- 1.13 The action being taken to recover the housing benefit overpayments and community care debts is outlined below

#### 2 THE PROCESS FOR COLLECTION OF MISCELLANEOUS DEBT

2.1 In considering the current levels of debt, it is important to outline the general process Merton currently has in place to collect its arrears. In general terms the process has 5 stages, as detailed below, although processes employed vary by debt type. It is important to note that most debtors can not pay their outstanding liabilities other than by payment arrangements. Once a payment arrangement has been made it can not be changed without the debtors consent.

#### The process for collecting debt

Stage 1	Stage 2	Stage 3	Stage 4	Stage 5
Invoice	After 30	The debt and debtor is	If the debt remains	The final
issued to	days and	evaluated to ensure the	unpaid then County	stage is

		attachment to benefit		
		etc.		

#### 3. ACTION BEING TAKEN TO COLLECT OUTSTANDING DEBT

- One of the two largest debts owed to the council is for Community Care debt and the current level of debt is £4.49 million, an increase of £0.575 million since last reported.
- 3.2 Over the past few years council staff have been working closely and following new processes to manage this debt. This work involves regular joint meetings between the financial assessments, social services, client financial affairs and debt recovery teams to review the debts of individual clients and establish action plans for each one.
- 3.3 These actions include, but are not limited to: early intervention from social workers to prevent debts from getting out of control and to ensure that clients are supported earlier to get their finances in order; as part of their induction all new Social Workers spend time with the Financial Assessment Team, to understand how financial assessments are carried out; social workers also check to see if there any safeguarding issues around non-payment of bills and work very closely with the Welfare Benefits Officer; there is more use of credit checks and land registry checks when assessing/investigating debt issues: increased involvement from the client financial affairs team to take appointeeship for those without capacity or appropriate deputyship; Increased identification of cases where we will consider legal action to secure the debt and generally to share information and support each other in the collection and prevention of this debt. Although the debt has grown the actions being taken are mitigating the impact.
- 3.4 A new working group chaired by the Director of Community and Housing has been set up to monitor Community Care debt and to work across departments to improve processes and ensure best practice is

in place to maximise collection of debts at all stages. As part of this a Lean review is taking place which will include the assessment and raising of invoices through to debt collection practices.

3.5 The table below shows the breakdown of Community Care debt by recovery action

Total Community Care Debt by recovery action as at September 2017 compared to March 2016, June 2016, September 2016, December 2016, June 2017 and

Community	Mar 2016	% at	Jun 2016	% at	Sep	% at	Dec 2016	% at	Jun 2017	% at	Sep-17	% at

Total Debt	4,638,526		4,355,553		4,758,236		4,950,797		3,923,505		4,498,329	

- 3.6 Although the debt has reduced since December 2016 the current debt figure is understated as stated in 1.5 above there is a backlog in issuing Community Care invoices.
- 3.7 The largest area of debt owed to the council is for housing benefit overpayments with the total level of debt being £8.6 million, of which £4.2 million is within the sundry debtors system and the remainder of the debt is still within the housing benefit system.
- 3.8 The Department of Work and Pensions commenced a "Real Time" Information initiative at the end of September 2014 which was aimed at ensuring that earnings and pensions data within the housing benefit system matched that held by HMRC. At the same time they also commenced another initiative to identify fraud and error.
- 3.9 The DWP have provided additional funding to the council to undertake this work and up until March 2017 granted additional income based on targets met.

- 3.10 The Real Time information initiative continues into 2017/18 and we are currently dealing with up to 700 referrals every month.
- 3.11 Since the start or the Real Time information initiative over £5 million of overpayments have been identified. Where possible these overpayments are being recovered from on-going benefit payments. We are entitled to deduct between £10.95 and £23.35 per week from on-going housing benefit dependant on circumstances. Where the change has resulted in housing benefit being cancelled or nil entitlement we can contact the claimants employer and are paid a percentage deduction of their salary each month. So far we have over £250,000 secured by this method.
- 3.12 Although the overall housing benefit debt has increased there has been an increase in the amount of debt either being recovered from on-going benefit or on arrangements, with £3.3 million being recovered from on going benefit by reducing current housing benefit payments. Just over £5.7 million is on a payment arrangement or recovery from on going benefit
- 3.13 The table below shows breakdown of all housing benefit overpayments by recovery action.

<u>Total Housing Benefit Debt by recovery action from Dec 2015 to</u> September 2017 by quarter

Recovery Stage	Dec-15	Mar-16	Jun-16	Sep-16	Dec-16	Mar-17	Jun-17	Sep-17
Invoice and Reminder stage		1,205,885	667,690	624,877	874,548	723,613	284,713	379,477
On-going recovery	3,237,225	3,105,644	2,928,207	3,048,093	3,032,558	2,928,992	3,363,611	3,354,237
Payment Arrangements	1,606,401	1,792,340	1,922,400	2,134,893	2,220,007	2,314,257	2,353,352	2,511,028
No Arrangements secured	1,608,915	1,870,006	2,528,002	2,544,392	2,162,070	2,113,587	2,665,410	2,387,794
Total HB Debt	8,024,476	7,973,875	8,046,299	8,352,255	8,289,183	8,080,449	8,667,086	8,632,536

3.14 We have continued to review and target all housing benefit debt. We have tried to improve the procedures at the beginning of the process when a debt is first identified by ensuring that invoices are raised as soon as possible to give the best chance of recovery, we are targeting

debtors who are now in work and we will be applying to recover the overpayments from their employers and we are looking at the oldest debts to consider if they are still collectable. However, it should be noted that a lot of the housing benefit debt is very difficult to recover as the Council's powers of recovery are very limited unless the debtor works or owns their own property.

3.15 The table below shows the amount of debt written off in accordance with financial regulations and scheme of management in 2014/15, 2015/16, 2016/17 and 2017/18.

#### Debt written off from 2014/15 to date by debt type

	2014/15	2015/16	2016/17	2017/18				
	Total	Total	Total	Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total
Debt type								
Sundry Debt	£347,726	£581,419	£129,338	£291,708	£0	£0	£0	£421,046
Housing benefit								
overpayments	£1,050,105	£510,352	£517,467	£0	£308,309	0	£0	£825,776
Council Tax	£526,881	£951,280	£623,486	£0	£211,818	£0	£0	£835,304
Business Rates	£790,373	£659,514	£567,908	£136,709	£0	£0	£0	£704,617
Total	£2,715,085	£2,702,565	£1,838,199	£428,417	£520,127	£0	£0	£2,786,743

- 3.16 Of the business rates debt written a large proportion relates to debts owed by businesses that went into liquidation. From 2014/15 to 2016/17 £2.017 million of business rates debt was written off and £1.071 million related to businesses that went into liquidation.
- 3.17 Although the debt written off within any of the years does not relate to one specific year it should be noted that in 2016/17 the council was collecting a net debt of £102.9 million in council tax (this includes the GLA potion), a net debt of £91.3 million in business rates (this includes Business Rates Supplement) and approximately £44 million raised through sundry debts.
- 3.18 Every effort is made to collect all outstanding debts and debts are only written off as a last resort. The council is still collecting some council tax debts that are greater than 6 years old or will have secured the debts against properties where possible.

#### 4. SUNDRY DEBT COLLECTED

4.1 The table below show the amount of sundry debt raised over the past four years along with the payments received via cash, journals or

credits, and shows the amount written off for each year along with the balance outstanding as at the end of December 2016.

#### As at end of December 2016

Year	Invoices raised	Credits	Journals	Written Off	Payments	O/s	% Collected	% o/s or w/o
2013/14	£44,842,844	-£2,531,232	-£91,213	-£217,833	-£41,252,390	£750,176	97.84%	2.16%
2014/15	£57,041,098	-£6,756,029	£459,436	-£179,094	-£49,731,873	£833,538	98.23%	1.77%
2015/16	£67,409,189	-£11,330,263	-£112,786	-£48,374	-£54,377,668	£1,540,099	97.65%	2.35%
2016/17	£43,058,643	-£4,200,922	-£60,362	-£696	-£30,050,524	£8,746,139	79.70%	20.30%

- 4.2 Active recovery action continues to be undertaken on all outstanding debts. Included in the amounts outstanding would be cases where the debt has already been secured against a charge on the property or deferred payment arrangement.
- 4.3 For 2013/14 and 2014/15, invoices for over £101.8 million were raised and over 98.4% was collected at the end of December 2016..

#### 5. PROVISION FOR BAD AND DOUBTFUL DEBTS

- 5.1 Provision has been made available for writing off bad and doubtful debts held within the ASH, E5 and Housing benefits systems. These provisions are £2.96m for ASH miscellaneous debt and £6.95m for debt held in the Housing Benefits system, making a total General Fund provision for bad and doubtful debts of £9.91m. Clearly, every attempt is made to collect debts before write-off is considered. The current level of provision is analysed in the table below.
- 5.2 The Council adheres to the requirements of the SORP when calculating its provisions. Merton's methodology is to provide on the basis of expected non collection using the collection rates for individual departmental debt, and the age of the debt.

#### **Provision for Bad and Doubtful Debts**

	Total Provision				
Department	At 31/03/2016	At 31/03/2017			
	£000's	£000's			
Env & Regeneration	377	294			
Corporate Services	342	221			
Housing Benefits	6,287	6,947			
Children, Schools & Families	121	296			
Community & Housing	1,995	2148			
Total	9,122	9,906			

#### 6. EXECUTIVE SUMMARY / CONCLUSION

6.1.1 Merton's total level of miscellaneous debt arrears i.e. invoices over 30 days old, as at 30 September 2017 is £13,697,395. The net level of arrears as at 31 June 2017 was £14,190,741.

#### 7. TOTAL DEBT DUE TO MERTON

The total amount due to Merton as at 30 September 2017 is detailed in the table below.

Total debt outstanding as at 30 June 2017 and compared with previous periods over the past 12 months

	Sep-16	Dec-16	Mar-17	Jun-17	Sep-17
	£	£	£	£	£
Miscellanous sundry debt Note 1	12,406,364	13,588,220	7,067,219	12,454,666	17,256,834
Housing Benefit debt	8,352,255	8,289,183	8,080,449	8,667,087	8,632,539
Parking Services	2,800,371	3,425,473	3,526,192	4,451,650	4,692,186
Council Tax Note 2	4,524,303	3,822,875	3,866,556	6,940,774	6,262,466
Business Rates Note 3	1,147,749	972,883	654,794	2,558,946	2,160,057
Total	29,231,042	30,098,634	23,195,210	35,073,123	39,004,082

Note 1 This figure differs from the amount shown in Table 1 as it shows all debt, including that which is less than 30 days old.

Note 2 Council tax debt does not include the current year council tax collection.

Note 3 Business rates debt does not include the current year business rates collection

Note 4 From April 2017 council tax and business rates debt is being reported and monitored different. From April 2017 we will report the gross debt position whereas previously we have reported the net debt position (netting off credits on accounts).

- 7.1 The overall debt outstanding has increased by £3.93 million since last reported at the end of June 2017.
- 7.2 The increase in sundry debt since June 2017 is mainly due to an increase in invoices issued that are less than 30 days old. Included in the £17.2 million sundry debt outstanding are over £7.7 million that are less than 30 days old.

- 7.3 It has been detailed within this report the reasons for some of the large increase, such as reporting gross debt rather than net debt, increase in housing benefit overpayments, however, one further area is the large increase within the last six months of debt outstanding for Parking penalty charge notices, which has increased by over £1.1 million. There has been an increase of over 8,600 unpaid charge notices in the last six months which is due to the impact of ANPR.
- 7.4 Detailed breakdowns of the Council Car Parking figures are shown in the table below:

**Car Parking Aged Debtors – September 2017** 

Age of Debt	Outstanding	Number of PCNs	Average Value
Age of Debt	£		£
0-3 months	1,522,420	12,890	118
3-6 months	915,238	6,033	151
6-9 months	706,874	4,123	171
9-12 months	613,615	3,440	178
12-15 months	434,670	2,472	175
Older than 15 months	499,369	3,122	159
Total September 2017	4,692,186	32,080	146
Total June 2017	£4,451,650	31,325	150
Increase/-decrease	+£240,536	+755	

APPENDIX AUTHOR - David Keppler (020 8545 3727/david.keppler@merton.gov.uk)

# Department for Communities and Local Government (DCLG) statutory guidance on MRP (Third Edition – February 2012)

#### **MRP** options

Four options for prudent MRP provision are set out in the DCLG guidance.

#### 1. Regulatory Method

This method replicates the position that would have existed under the previous regulatory environment. MRP is charged at 4% of the authority's underlying need to borrow for capital purposes: the capital financing requirement (CFR).

The formula includes an item known as 'Adjustment A' which was intended to achieve neutrality between the CFR and the former credit ceiling which was used to calculate MRP prior to the introduction of the Prudential System on 1 April 2004. The formula also took into account any reductions possible related to commutation of capital-related debt undertaken by central government.

#### 2. CFR Method

This method simplifies the calculation of MRP by basing the charge solely on the authority's CFR but excludes the technical adjustments included in option 1. The annual MRP charge is set at 4% of the non-housing CFR at the end of the preceding financial year.

#### 3. Asset Life Method

Under this method MRP is determined by the life of the asset for which the borrowing is undertaken.

This can be calculated by either of the following methods:

- equal instalments: where the principal repayment made is the same in each vear, or
- annuity: where the principal repayments increase over the life of the asset.

The annuity method has the advantage of linking MRP to the benefits arising from capital expenditure, where these benefits are expected to increase over the life of the asset.

In addition to the necessity to administer this fairly complex procedure compared with the previous statutory regime, this methodology requires a much more demanding system of record keeping for an authority asset portfolio.

The estimated life of the asset will be determined in the year that MRP commences and will not be subsequently revised. However, additional repayments can be made in any year which will reduce the level of payments in subsequent years.

If no life can be reasonably attributed to an asset, such as freehold land, the life is taken to be a maximum of 50 years. In the case of freehold land on which a building or other structure is constructed, the life of the land will be treated as equal to that of the structure, where this would exceed 50 years.

In instances where central government permits revenue expenditure to be capitalised, the statutory guidance sets out the number of years over which the charge to revenue must be made.

MRP in respect of PFI and leases brought on balance sheet under IFRS falls under option 3.

#### 4. Depreciation Method

The depreciation method is similar to that under option 3 but MRP is equal to the depreciation provision required in accordance with proper accounting practices to be charged to the comprehensive income and expenditure statement.

#### Other Methods

The guidance also allows for the option for an authority to design a MRP method that is bespoke to reflect patterns of asset use that do not fit into options 1 to 4. The emphasis is on the local authority to evidence that this arrangement is a prudent provision.

#### **Conditions of Use**

The DCLG guidance puts the following conditions on the use of the four options:

Options 1 and 2 can be used on all capital expenditure incurred before 1 April 2008 and on supported capital expenditure on or after that date.

Options 3 and 4 are considered prudent options for unsupported capital expenditure on or after 1 April 2008. These options can also be used for supported capital expenditure whenever incurred.

# MINIMUM REVENUE PROVISION (MRP) POLICY STATEMENT

The Council is required to pay off an element of the accumulated General Fund capital spend each year (the CFR) through a revenue charge (the MRP), although it is also allowed to undertake additional voluntary payments if required (voluntary revenue provision - VRP). The Council has not made any provision for VRP in its capital expenditure.

For capital expenditure incurred before 1 April 2008 or by Supported Capital Expenditure, the MRP policy follows CLG regulations (option 1). This provides for an approximate 4% reduction in the borrowing need (CFR) each year.

From 1 April 2008 for all unsupported borrowing (including PFI and finance leases) the MRP policy will be based on the Asset Life Method – CLG regulations (option 3).

This option will be applied for any expenditure capitalised under a capitalisation direction. It should be noted that this option provides for a reduction in the borrowing need over the approximate life of the asset.

The Council is required to have regard for the Local Government Involvement in Health Act 2007. This amended the Local Government Act 2003 enabling the Secretary of State to issue guidance on accounting practices and thus on MRP. Also, the Local Authorities (Capital Finance and Accounting) (England) Regulations 2003 (as amended) specifies that "A local authority shall determine for the current financial year an amount of minimum revenue provision which it considers to be prudent". Any MRP implications on how the Council will pay for unfinanced capital assets through revenue will be included in the MRP policy.

Category	Depreciation (Years)
Assets valued over £1m	
Buildings	50
Mechanical & Electrical	20

Date of meeting:	14 November 2017	Appendix 12		
Title of report:	Establishment Contreporting	trol and Vacancy		
Lead Director:	Caroline Holland			
Lead Officer:	Kim Brown			
To which strategic	Sustainable communities			
theme(s) does this item relate?	Safer & Stronger communities			
	Healthier Communities			
	Older People			
	Children & Young People			
	Corporate Capacity	Yes		
Is this item for:	Information only?			
	Discussion?	Yes		
	Decision?			
If this report is for	1.			
decision, please list the	2.			
recommendations that you are	3.			
making to CMT	4.			
	5.			
Is this report intended to	Come back to CMT?	No		
intended to	Go to Leader's Policy Group	o? No		
	Go to Cabinet?	No		
	Go to Council?	No		
	Go to Overview & Scrutiny?	No		
	Go to the LSP?	No		

Committee: Financial monitoring scrutiny task group

Date: 14 November 2017

Agenda item:

Wards:

Subject: Establishment Control and Vacancy reporting

Lead officer: Kim Brown – interim HR lead Lead member: Councillor Mark Allison Contact officer: Kim Brown ext 3152

#### **Recommendations:**

A. To note the contents of this report

## 1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY

- 1.1. The last report to this committee reported data as at Q1 2017/18, 30 June 2017.
- 1.2. This report provides data as at 2nd quarter 2017/18, with data as at 30 September 2017. Subject to timing of committee dates it is intended to provide a quarterly update in future, tied to the financial quarters of 30 June, 30 September, 31 December and 31 March.
- 1.3. The data also reflects further work to align on iTrent agency workers and interims with the established posts they are covering.
- 1.4. A mechanism is in place to convert agency workers to Employees, subject to safeguards to ensure there is no conflict of interest and that named individuals are not hired via agency on an interim basis and then offered direct employment with no competitive selection.

## 2 DETAILS

- 2.1. Appendix 12A shows the positions as at 30 September 2017. The appendix shows vacancies not filled by direct employees, and vacancies not filled by either a direct employee or an agency worker/consultant. The size of establishment is measured in terms of authorised Full Time Equivalents (FTEs), rather than numbers of posts, and therefore the appendix totals FTEs for budgeted posts, employees, agency workers and vacancies.
- Work continues to ensure the accuracy of the data including close liaison with Heads of Service to review the detailed establishment for their areas.

- 2.3. The establishment can vary for a number of reasons, including planned budget changes, TUPE transfers in and out of groups of employees, and in-year adjustments due to reorganisations.
- 2.4. Apprentice data has been excluded as in most cases they are at present centrally funded on a case by case basis and do not form part of the formal establishment.
- 2.5. The base data behind these statistics is now being circulated to DMT officers on a monthly basis so that they are up to date on the current establishment and vacancy position, and have the opportunity to address any errors or corrections. Subject to the timing of committee dates it is then intended to provide a quarterly update in future, tied to the financial quarters of 30 June, 30 September, 31 December and 31 March.
- 2.6. HR provides information to Standards and General Purposes Committee on agency and interim usage, charged at 30 pounds per hour or more.
- 2.7. HR has strategies in place to address recruitment to hard to fill roles, reduce dependency on agency staff. There will be situations where certain specialist roles can only be covered by agency, and shorter term usage of agency to cover vacancies during periods of planned organisational change.
- 2.8 A Temp to Perm mechanism is in place whereby agency workers or interims can be converted to direct employment, subject to safeguards to ensure there is no conflict of interest and that named individuals are not hired via agency or an interim basis and then offered direct employment with no competitive selection. Appointment to senior roles which require member-level involvement will continue to be dealt with in the normal way. The aim is to encourage agency workers, particularly those in hard to fill roles, to become Employees. Any such conversions will only be to posts that have been subject to full establishment control processes.

#### 3 ALTERNATIVE OPTIONS

3.1. Without accurate establishment data, the Authority cannot appropriately plan for the future service or workforce needs. There is also a need to be able to report on unfilled substantive posts, and to monitor and control the use of agency workers to cover unfilled vacancies.

## 4 CONSULTATION UNDERTAKEN OR PROPOSED

4.1. Merton Improvement Board and the Workforce Strategy Board are kept up to date on work to refine the technical establishment and ensure robust establishment controls remain in place.

# 5 TIMETABLE

5.1. Subject to the timing of committee dates it is proposed to provide a quarterly update to this committee, based on data as at 31<sup>st</sup> March, 30<sup>th</sup> June, 30<sup>th</sup> September and 31<sup>st</sup> December each year. Heads of Service will receive a monthly update of establishment details in their area so that they can address any corrections required.

## 6 FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS

- 6.1. Employees account for 25% of the gross General Fund spend in the authority. Having an accurate establishment helps managers plan their service and financial implications.
- 6.2. As a result of the earlier technical establishment exercise and ongoing establishment controls, each post will be linked to appropriate budgetary provision.

#### 7 LEGAL AND STATUTORY IMPLICATIONS

7.1. There are no specific legal implications arising from this report.

# 8 HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS

8.1. There are no specific human rights, equalities or community cohesion implications arising from this report.

## 9 CRIME AND DISORDER IMPLICATIONS

9.1. There are no crime disorder implications arising from this report.

#### 10 RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS

10.1. There are no specific risk or health and safety issues arising from this report.

# 11 APPENDICES – THE FOLLOWING DOCUMENTS ARE TO BE PUBLISHED WITH THIS REPORT AND FORM PART OF THE REPORT

 Appendix A – establishment analysis including FTE agency workers and vacancies as at 30 September

#### 12 BACKGROUND PAPERS

12.1. 1 July 2015 report to Financial monitoring scrutiny task group on Update on Staffing Position

Column	Explanatory Notes
	The tables have been simplified to focus on FTE establishment, FTE employees and agency workers and FTE
	vacancies - with the aim of making them easier to read and understand.
	The data excludes Schools and Apprentices
Budgeted FTE Establishment	The total budget FTE
FTE Employees	Total FTE employees
Vacancies: Budgeted FTE less FTE Employees	Budgeted FTE less FTE employees, i.e. the vacancies before accounting for agency workers
FTE vacancies covered by agency workers	Total FTE agency workers
Unfilled vacancies	Total FTE vacancies not filled by an employee or covered by an agency worker

Department		FTE Employees	Budgeted FTE less FTE	•	Unfilled vacancies
Corporate Services	543.18	438.36	104.82	61.89	42.93
Children Schools and Families	567.45	447.81	119.64	80.70	38.94
Community and Housing	428.03	324.82	100.52	38.61	64.60
Environment and Regeneration	375.89	279.82	96.07	57.49	38.58
Total	1914.55	1490.81	421.05	238.69	185.05
