

Agenda Item 6

Dear Amy

Many thanks for your reply.

I was glad to hear from correspondence by Elizabeth Macdonald that the licence application is to be considered on its own merits, because I believe the current licence is far too broad. I have seen the police letter in support of the licence. Whilst I appreciate that the record of the new premises has been better—so far—than that of Po Na Na, this does not alter my objection as to the scope of the licence. We have seen in the example of Po Na Na how a licence of this breadth can create serious ill effects. The scope of the license, rather than the forbearance of the holder, should be the means of regulating the operation of the premises.

Kind regards

Kristian Wiggert
