

## **Nomination of Councillor Mary Curtin for Mayor of Merton 2018/19**

### **Councillor Sally Kenny**

It is my privilege and pleasure to second Councillor Mary Curtin as the Mayor of Merton.

Mary brings very many attributes to this role. Her vocation as a nurse equips her very well for this role. She is:

- A fine communicator
- A flexible worker
- A critical thinker
- and she has embedded in her nature the desire to help

Her work with FISH and FILM is built on these skills and embedded in her love of caring for older people, as well in the community, keeping them active, involved and fully occupied.

All these skills will enable Mary to be a marvellous ambassador for the London Borough of Merton.

She will work passionately, being committed to always doing her very best and passionately support her charities, as she has done in her four years as a Councillor in Lower Morden.

I second Mary Curtin without reservation.

Thank you.
