Dear Sir / Madam.

Extension of hours during which alcohol may be  
sold at BP Petrol Station, <sup>314</sup>Kingston Road, Wimbledon Chase.

I write to oppose any such extension in the strongest possible terms for two reasons.

1. Alcohol should not be sold to persons at a time and/or place which encourages consumption of same when it is likely that the purchaser will then drive.
2. There are, if anything, already too many premises licensed to sell alcohol. Hence, the real question which you should consider is whether any petrol station should be licensed to sell alcohol at any time.

Yours faithfully,

M. J. FOSTER (Dr).
