The exercise does not include debts where the debtors were unable to pay due to affordability, vulnerability or compassionate reasons. Enforcement agents (bailiffs) are not being used and debtors are only being contacted by phone or written correspondence
2. How does this contribute to the council's corporate priorities?	Assists with balancing the budget.

4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Yes – the collection of this debt is being undertaken by an external company (Civica On Demand) although the Revenues and Benefits Service has overall responsibility.

What are the proposals being assessed?	Staffing Establishment Reduction in Customer Experience & Communications (CS7)
Which Department/ Division has the responsibility for this?	Customers, Policy & Improvement

Stage 1: Overview	
Name and job title of lead officer	Sophie Ellis, Assistant Director of Customers, Policy & Improvement
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>The proposal is to reduce the staffing establishment in Customer Experience &amp; Communications by 2 x FTE.</p> <p>This is expected to be enabled through the integration of services leading to greater efficiency and use of resources and the implementation of the Customer Contact Strategy.</p> <p>Work to identify which posts will be part of further reviews and reorganisations of the service as the benefits of more integrated, generic working and automating customer contact emerge over the coming year.</p>
2. How does this contribute to the council's corporate priorities?	The proposal supports the theme of Corporate Capacity by ensuring the department offers support to the organisation in the most efficient way.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	<p>The reduction will be possible as a result of more efficient and streamlined arrangements being put in place for residents to contact the council. Therefore there is not expected to be any detrimental impact on residents and service users.</p> <p>Whilst ostensibly this proposal involves a reduction in staffing, the service will seek to mitigate the impact of this on staff by exploiting opportunities as vacancies arise naturally.</p>
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Responsibility is not shared; though departments will need to be fully consulted as the service is delivered on behalf of the organisation as a whole.

What are the proposals being assessed?	Proposed budget savings Reference numbers CS8, CS9 and CS12 which are to be delivered across the period 2020/23. These have all been assessed as not having any potential equalities impact implications.
Which Department/ Division has the responsibility for this?	Corporate Services – Infrastructure & Technology Division

<b>Stage 1: Overview</b>	
Name and job title of lead officer	Mark Humphries, Assistant Director Infrastructure & Technology
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>CS8 – Reduction in operating costs on the Councils corporate buildings, by moving from planned maintenance to statutory minimum, fix on fail with work only being undertaken where repairs directly affect the safety, security or weather proofing of a building.</p> <p>CS9 – Reduction in the operating cost for the corporate cleaning contract, which will be delivered through a review of the current specification and a reduction in the level and frequency of cleaning within the corporate buildings.</p> <p>CS12 – Cancel lease agreement on two Council vehicles to reduce operating costs. The vans are used to transport equipment and materials around the borough, and this will result in a significant reduction in the level of service and subsequent delays in completing urgent service affecting repairs.</p>
2. How does this contribute to the council's corporate priorities?	The reduction in operating costs are required in order to meet the requirements of the Council's wider MTFS.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	<p>CS8 – No direct impact on any specific individuals or groups, but there will be a gradual reduction in the condition and working environment of the operational buildings.</p> <p>CS9 – No direct impact on any specific individuals or groups, but staff and visitors within the corporate buildings will notice the reduction in the level and frequency of cleaning as a result of the reduction.</p> <p>CS12 - No direct impact on any specific individuals or groups, but there will be a reduction in the time taken to complete repairs and deal with service affecting faults at the operational buildings.</p>
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No

### Stage 2: Collecting evidence/ data

#### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

In the main, the proposals relate to general reductions in the level of internal support services provided across the Council, and therefore do not have any direct impact on any specific individuals or groups. Whilst there is no specific evidence available to support this assumption, historically the reductions made in previous years have not been found to have created any such problems or issues.

### Stage 3: Assessing impact and analysis

6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

- Outcome 3** – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. **If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have ‘due regard’ and you are advised to seek Legal Advice.**

1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>With changes to the structure of the department, the implementation of MOSAIC and a focus on reduced education and social care core functions we will redesign our administrative workforce across what will be a smaller directorate while dealing with increasing demands.</p> <p>CSF has various business, finance and performance support functions across a number of numerous services. The findings and outcomes of this review will be taken into consideration, so as not to duplicate this work. However, further changes are not ruled out.</p> <p>A reduction of approx. 8 posts from a total of 65FTE is anticipated. (This is a smaller number of reductions than originally envisaged, as a result of the outputs of the review work already conducted).</p>

How does this contribute to the council’s corporate priorities?	<ul style="list-style-type: none"> <li>• This proposal contributes to the councils’ corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.</li> <li>• The desired outcomes of the review are:</li> <li>• More joined up provision of performance information and data across the department</li> </ul>

Page 109

	<ul style="list-style-type: none"> <li>• Reduced duplication of work</li> <li>• Increased efficiency and effectiveness of the business, finance and performance support functions across CSF services</li> <li>• Improved resilience of the business support function</li> <li>• Release capacity for other work or deliver financial savings</li> </ul>
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Less resource and flexibility to meet increasing demands may lead to a risk of decreased timeliness of response to customers and potentially reduced support for vulnerable children and young people, although the primary impact is likely to be (initially) on colleagues and partners who will have to undertake more 'self-service' and may experience reduced response times.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	This is wholly a Children's Schools and Families workforce.

## Stage 2: Collecting evidence/ data

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We know the staff in this cohort likely to be affected by any reduction in the number and distribution of business support roles. Understanding of equality and diversity impact of any proposal to reduce the numbers of posts forms part of the HR process of service redesign.

We have not been able to identify and quantify the predicted impact on colleagues, external stakeholders and service users, as the underlying principle is to seek to be more efficiently organised, rather than to reduce any service provision, but an evaluation of impact forms part of the review.

## Stage 3: Assessing impact and analysis

### 6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

**7. Equality Analysis Improvement Action Plan template – Making adjustments for negative impact**

This action plan should be completed after the analysis and should outline action(s) to be taken to mitigate the potential negative impact identified (expanding on information provided in Section 7 above).

What are the proposals being assessed?	Proposed budget savings CSF2019-02: Establish more cost effective Merton independent living provision
Which Department/ Division has the responsibility for this?	CSF/Children’s Social Care and Youth Inclusion

Stage 1: Overview	
Name and job title of lead officer	Rachael Wardell/EI Mayhew.
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>The proposal is to develop housing pathways for care leavers (including but not limited to shared accommodation, floating support) to replace the semi-independent accommodation currently commonly used, which is high cost and not conducive to improving young, care experienced adults’ independence.</p> <p>This should lead to:</p> <ul style="list-style-type: none"> <li>Care leavers who are more independent and who have access to a wider variety of housing options to meet their individual needs</li> <li>A reduction in the spend on supported housing for care leavers</li> </ul>
2. How does this contribute to the council’s corporate priorities?	This addresses our corporate priorities by helping us to meet our statutory duties to care leavers and by assisting us to operate within a balanced budget.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	Our ‘customers’ for this proposal are our care experienced young adults (care leavers), and the 14+ Team and others who support them. The proposals will benefit care leavers through increased independence and choice, and the council through reduced costs.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	This work will need to be conducted in collaboration with the Council’s Housing Service, with local social and private landlords.

Page 113

**Stage 2: Collecting evidence/ data****5. What evidence have you considered as part of this assessment?**

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

Demographic information about age, gender and race of care leavers, who are the group affected by these proposals, which leads us to conclude that some protected characteristics are over-represented among care leavers.

What impact has this evidence had on what you are proposing? This hasn't changed the overall proposal as the intention is to support independence (which is a positive objective) through developing appropriate and cost effective alternatives to semi-independent accommodation, however, it has highlighted the need to take an individual approach when working with each care leave to determine the most appropriate accommodation options to meet their needs, within the council's budget, and to be particularly aware of each care experienced young adult's readiness for independence. .

there are gaps in data (for example information not being available) you may have to address this by including plans to generate this information within your action plan.

**Stage 3: Assessing impact and analysis****6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?**

Protected characteristic (equality group)	Tick which applies		Tick which applies		Reason Briefly explain what positive or negative impact has been identified
	Positive impact		Potential negative impact		
	Yes	No	Yes	No	
Age	x		x		The proposal is focused on care leavers, who are older children and young adults with care experience. Therefore, this affects a very specific age group. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption.

<b>Disability</b>				X	
<b>Gender Reassignment</b>				X	
<b>Marriage and Civil Partnership</b>				X	
<b>Pregnancy and Maternity</b>				X	
<b>Race</b>	x		x		The proposal is focused on care leavers. Within this group, young adults who were formerly unaccompanied asylum-seeking children are over-represented, compared to the borough population. Therefore, this proposal may disproportionately affect more young people who are not white British. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption.
<b>Religion/ belief</b>				X	
<b>Sex (Gender)</b>	x		x		The proposal is focused on care leavers. Within this group, males are over-represented, compared to the borough population. Therefore, this proposal may disproportionately affect more young men. There are positive benefits, in that young adults will have greater choice of accommodation that meets their needs, however it is possible that some young people may find it harder to have their needs met and / or that the availability of choice leads to indecision or housing disruption.

What are the proposals being assessed?	<a href="#">Early Help Service redesign – setting up a new Family Wellbeing Service</a>
Which Department/ Division has the responsibility for this?	<a href="#">CSF</a> (CSF2019-03)

## Stage 1: Overview

Name and job title of lead officer	<a href="#">Allison Jones</a>
<p>1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc.)</p>	<p>1.1 A reshape of Merton’s Early Help offer is required in order to ensure that CSF continues to deliver an ambitious programme of transformation, meeting its priorities, objectives and savings targets, so that services meet the needs of families in accordance with the MFWBM and that there is assurance of demonstrable and quantifiable outcomes in relation to family wellbeing.</p> <p>1.2 There is acknowledgement that the current offer is fragmented, that there is scope for improvement and that there is room for significant efficiencies to be found, contributing to the overall departmental savings targets and mitigating the impact of significant loss of funding via the Troubled Families DCLG programme.</p> <p>1.3 A reshape in the way proposed will support the reduction of families requiring higher cost provision within the statutory services.</p> <p>1.4 Swift and easy access to Early Help Information, Advice and Guidance (IAG) and Family Wellbeing (FWB) services, reducing the pressures on MASH and more costly child protection services</p> <p>1.5 Improved outcomes for families and evidence of impact</p> <p>1.6 Deliver efficiencies / savings</p> <p>1.7 Mitigate the impact as a result of loss of significant grant funding</p> <p>1.8 Deliver aspirations within TOM and key strategic priorities</p> <p>1.9 Whole systems approach to Family Wellbeing underpinned by value for money and maximising resources/opportunities across the multi-agency networks/agencies</p> <p>1.10                  To review and redesign Merton’s EH offer, to include the range of functions held within the following teams directly managed by LBM; 0-5 SFT, Bond Road Family Assessment</p>

Service, Transforming Families and PEIP, SEND Short Breaks, former VCT Posts x 1, Early Years posts Practice Development, Information Assistants and Business Support

2. How does this contribute to the council's corporate priorities?

The reshaped service contributes significantly to giving our children and young people the best start in life and is a key component of our Child, YP and Family Well Being Model, the Children and Young People Plan and the Health and Well-being strategy. It contributes significantly to our MSCP priorities of Early Help; Think Family and Contextual Safeguarding. This proposal is contributing to the councils' corporate priorities which are:

- Resilient Merton
- Collaborative Merton
- Smart Merton
- Ambitious Merton

Our proposals contribute to these priorities and aim to deliver across these 4 areas. With a particular focus on Resilient, Collaborative and Ambitious Merton and maximising our use of ICT and new ways of working so that all our work is "SMART"

The way Merton works to deliver against these priorities is important, and the following three things have been identified that motivate all of us to deliver:

- Customers** - We want to know our customers and provide the very best service for them
- Pride** - We take personal pride in what we do, in working for Merton and pride in Merton the place
- Team** - We actively work to support our colleagues to be the best team and look for ways to work with partners beyond the council to improve Merton the place

Corporately, these are Merton's strengths as an organisation – they frame how we work to achieve our aspirations. The proposals will embed these key priorities and motivational aspects into our reshaping and future planning.

3. Who will be affected by this proposal? For example, who are the external/internal customers,

External: families with children and young people living in the London borough of Merton aged between 0 – 25 and Multi agency partners (communities and partners)

<p>communities, partners, stakeholders, the workforce etc.</p>	<p>Internal: CSF Staff, colleagues across the organisation and statutory partners (stakeholders)                  Workforce directly affected: See business case and associated appendices and documents.</p>
<p>4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?</p>	<p>This proposal directly affects staff and their teams who currently work in CSF across the two divisions of Social Care and Education, however it is recognised that it will impact differently across various teams in CSF, wider LBM services (ie adult services, housing, Safer Merton) communities and stakeholders. The overall responsibility is with the Director of CSF. The overarching aim is to improve access to appropriate services and follow on improved outcomes for families, many of whom have protected characteristics within this EIA.</p>

## Stage 2: Collecting evidence/ data

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We have a range of data sets about the workforce as well as information from the existing services which help identify need, vulnerability and risk. We have considered and taken into account relevant factors with regards to the overall impact of this proposal.

## Stage 3: Assessing impact and analysis

### 6. From the evidence you have considered, what areas of concern have you identified regarding the potential negative and positive impact on one or more protected characteristics (equality groups)?

Protected characteristic (equality group)	Tick which applies		Tick which applies		Reason Briefly explain what positive or negative impact has been identified
	Positive impact		Potential negative impact		
	Yes	No	Yes	No	
Age	/		/		<p><u>Service Users</u> <u>Positive impact</u> The age criteria for access to services will be increasing overall supporting families with children across a wider age range</p> <p><u>Negative impact</u> Due to the widened age range for the new service, and level of savings required, there will be a possible shift of resource from families with younger children presenting at a lower level of need to accommodate the wider age range and the tighter eligibility criteria.</p> <p><u>Staffing</u> 57% of the work force is represented by staff who are aged between 45 and over 55. This proposal therefore affects a higher number of staff within these age categories.</p>
Disability	/			/	<p><u>Service Users</u> <u>Positive impact</u> Increased coordination for families via the new service, (it is proposed that there will be improved coordination for families with children/young people</p>

				with disabilities) as well as improved access to early help services for this cohort, which also includes children with SEN.  <u>Staffing</u> Self-reported information taken from ITRENT shows that 2% of the workforce have a disability
<b>Gender Reassignment</b>				Not known
<b>Marriage and Civil Partnership</b>				Not known
<b>Pregnancy and Maternity</b>	/		/	<u>Service Users</u> <u>Positive impact</u> The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families who are pregnant and in both the antenatal and the post-natal phase. <u>Negative Impact</u> As the majority of service users are mothers/women, it is possible that this proposal may impact more negatively on this group.  <u>Staffing</u> 86% of the workforce are women, and the majority of these are over the age of 45. However, 43% of the total workforce (male and female) are under the age of 45.
<b>Race/ethnicity</b>			/	<u>Service Users</u> No anticipated impact for service users. Data and analysis will be reviewed on a quarterly basis to ensure that services are representative of the local community and that there is representation from across all groups in line with expectations/previous figures and population profiles  <u>Staffing</u> 36% of the staff are BME
<b>Religion/ belief</b>			/	<u>Service Users</u> No anticipated impact  <u>Staffing</u> 52% of staff classify themselves as religious and 48% prefer not to say
<b>Sex (Gender)</b>	/		/	<u>Service users - parents</u> Evidence shows that the highest proportion of adult service users are women/mothers and any change to delivery model may have a positive impact: <u>Positive impact</u>

				<p>The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families</p> <p><u>Negative Impact - parents</u> Evidence shows that the highest proportion of adult service users are women/mothers and any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for families presenting with additional needs.</p> <p><u>Negative impact – children and young people</u> Evidence shows that the highest proportion of children/young people service users are males and any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for children/young people and their families presenting with additional needs.</p> <p><u>Staffing</u> 86% of staff classify as female. Therefore this proposal proportionately effects more female staff than male staff.</p>
<b>Sexual orientation</b>				Not known
<b>Socio-economic status</b>	/		/	<p><u>Service users -</u> Proportionately more families with lower socio economic status are represented in early help services and the redesigned service will aim to continue to work with those families presenting with the highest level of need.</p> <p><u>Positive impact</u> The new service will provide access to a range of services and support that more clearly defines the sign posting, brokerage and early help offer for families from particular socio economic groups</p> <p><u>Negative Impact</u> Any change to delivery model may have a negative impact due to a possible overall reduction in the capacity/volume of the new service for families presenting with additional needs.</p> <p><u>Staffing</u> Data not collected/unknown</p>

## 7. If you have identified a negative impact, how do you plan to mitigate it?

Summarise actions you plan to mitigate the negative impact(s) identified above. Detail for these actions should be included in the Improvement Action Plan (Section 9 below).

In accordance with the project plan the project board and associated task groups will ensure that equality considerations are at the forefront of service redesign and transformation.

There will be ongoing workforce development, consultation and community engagement activity with staff, key stakeholders and the community throughout the duration on the service redesign which will contribute to mitigating the possible negative impact of the reshaped offer for any groups who have protected characteristics, in accordance with the project aims

#### Page 124 Which of the following statements best describe the outcome of the EA (Tick one box only)

Please refer to the guidance for carrying out Equality Impact Assessments is available on the intranet for further information about these outcomes and what they mean for your proposal

- Outcome 1** – The EA has not identified any potential for discrimination or negative impact and all opportunities to promote equality are being addressed. **No changes are required.**
- Outcome 2** – The EA has identified adjustments to remove negative impact or to better promote equality. **Actions you propose to take to do this should be included in the Action Plan.**
- Outcome 3** – The EA has identified some potential for negative impact or some missed opportunities to promote equality and it may not be possible to mitigate this fully. **If you propose to continue with proposals you must include the justification for this in Section 10 below, and include actions you propose to take to remove negative impact or to better promote equality in the Action Plan. You must ensure that your proposed action is in line with the PSED to have 'due regard' and you are advised to seek Legal Advice.**

What are the proposals being assessed?	CSF2019-04 - Proposed Savings: Review of the current Permanency and 14+ Service
Which Department/ Division has the responsibility for this?	Children Schools and Families – Children’s Social Care & Youth Inclusion

<b>Stage 1: Overview</b>	
Name and job title of lead officer	EI Mayhew, Assistant Director, Children’s Social Care & Youth Inclusion
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>To review the Permanency and 14+ Services with a view to establishing a defined service for care leavers that:</p> <ul style="list-style-type: none"> <li>- fulfils the Council’s statutory duties to care leavers</li> <li>- reflects the Council’s changing relationship with eligible young people as they move into adulthood</li> <li>- makes best use of available budget</li> </ul> <p>Legislation and statutory guidance requires eligible care experienced young people, aged over 18 years, to be provided with a Personal Advisor, a Pathway Plan and support services. Personal Advisors are required to have sufficient knowledge and experience to perform their role but do not require a social work qualification. As a result, the salary for a Personal Advisor is lower than that of a qualified Social Worker. At present there are eligible, care experienced young people in Merton whose Personal Advisor role is being fulfilled by a qualified Social Worker.</p> <p>The current service for eligible care experienced young people in Merton is provided by the 14+ Service. This is resourced by qualified Social Workers and Personal Advisors. The proposal is to review the services for children in care and eligible care experienced young people so that:</p> <ul style="list-style-type: none"> <li>- eligible care experienced young people aged over 18 years will be supported by a Personal Advisor</li> <li>- only young people under 18 years will be supported by a qualified Social Worker</li> </ul>
2. How does this contribute to the council’s corporate priorities?	This proposed review contributes to the council’s corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.

	The desired outcomes of the review are to provide a value for money service for care leavers, with appropriate support to match their levels of independence and to deliver financial savings.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	<p>Eligible care experienced young people may be affected by the review and any proposed changes to how they are individually and collectively supported by the Council.</p> <p>Social Workers currently acting as Personal Advisors in the 14+ and Permanency Services may be affected by this review and any proposals to resource the service to care leavers with Personal Advisors, although the level of social work vacancies in the service overall makes it likely that other social work roles can be offered.</p>
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	No. The proposal relates only to CSF – Children’s Social Care & Youth Inclusion

**Stage 2: Collecting evidence/ data**

Page 131

**What evidence have you considered as part of this assessment?**

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

We know that the Social Workers in the 14+ Service will be affected by the proposed review of the need for qualified Social worker posts in a service for care leavers where the workforce can comprise Personal Advisers. Equality and diversity impacts will be considered as part of the proposed review. Following completion of the review, further consideration of the equality and diversity impact of any proposal to delete qualified Social Worker posts would form part of the HR process of any service redesign and the relevant HR processes would be applied equally across the workforce.

All eligible care experienced young people are within a defined aged bracket of 18 – 25 years. Males and young people of Black, Asian and minority ethnic groups are over represented in the group of eligible care experienced young people (Source: Children, Schools and Families DMT Dashboard August 2019: Males 64%; BAME 64%). Equality and diversity impacts will be considered as part of the review.

As the underlying principle of the review is to seek to use workforce resources more efficiently, rather than to reduce any service provision, further evaluation of impact on care experienced young people and the workforce forms part of the proposed review.

### Stage 3: Assessing impact and analysis

What are the proposals being assessed?	CSF2019-05 - Proposed Savings: Full Year Effect of the Transfer of the Adoption Team to Adopt London South
Which Department/ Division has the responsibility for this?	Children Schools and Families – Children’s Social Care & Youth Inclusion

## Stage 1: Overview

Name and job title of lead officer	El Mayhew, Assistant Director, Children’s Social Care & Youth Inclusion
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>In March 2016, the government announced changes to the delivery of adoption services proposing that all local authorities’ adoption services be delivered on a regionalised basis by 2020. The government reinforced their policy ambition through legislative provisions in the Education and Adoption Act 2016. The effect of this legislation is to require local authorities to join together to form regional adoption agencies.</p> <p>In line with the legislation, Merton’s Adoption Team functions, staff and budget transferred to the Adopt London South Regional Adoption Agency on 1 July 2019 with a transitional phase until 1 September 2019.</p> <p>The transfer of Merton’s Adoption Team functions and statutory duties to the Adopt London South Regional Adoption Agency aims to:</p> <ul style="list-style-type: none"> <li>• Comply with the Education and Adoption Act 2016</li> <li>• Increase the number of prospective adopters recruited</li> <li>• Increase the number of children adopted</li> <li>• Reduce the length of time children wait to be adopted</li> <li>• Improve post-adoption support services to families who have adopted children from care</li> <li>• Realise savings from regionalisation efficiencies, increased effectiveness and economies of scale</li> </ul>
2. How does this contribute to the council’s corporate priorities?	The transfer of Merton’s Adoption Team functions and duties to Adopt London South contributes to the Council’s corporate priorities in ensuring we manage our resources to provide value for money, high standards of governance, financial and budget management.

2996135

	<p>The desired outcomes of the regionalisation of adoption services are to provide a value for money service for children requiring adoption, prospective adopters and children who have been adopted from care, with appropriate support to match their levels of need and to deliver financial savings.</p>
<p>3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.</p>	<p>Children requiring adoption, prospective adopters, children adopted from care, birth parents / families and approved adopters may be affected by the regionalisation of adoption services and changes to how they are individually and collectively supported arising from the harmonisation of those services.</p> <p>Social workers, managers and support staff were affected by the transfer of Merton's Adoption Team to Adopt London South. For Adoption Team staff, the transfer was managed under Merton's HR processes and TUPE requirements. A review of allied staff in the placements and social work services is underway to develop proposals for a future structure which reflects the new adoption service arrangements.</p>
<p>4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?</p>	<p>Yes, 9 neighbouring South London boroughs have regionalised their adoption functions to form Adopt London South. Governance is provided through a monthly Adopt London South Board, the Adopt London Executive Board and each local authorities' internal Corporate Parenting and Scrutiny Boards.</p>

## Stage 2: Collecting evidence/ data

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

Equality and diversity impacts for the workforce affected by the regionalisation of Merton's Adoption Team were considered as part of the HR processes which underpinned the transfer of Merton staff under TUPE arrangements.

All children requiring adoption and adoption support are within a defined aged bracket of 0-17 years. It takes longer to find suitable adoptive families for children of Black, Asian and minority ethnic groups, children with additional needs and older children. Less prospective adopters from Black, Asian and minority ethnic groups are successfully recruited and approved as adopters. It is anticipated that regionalisation of adoption resources in South London will enabled targeted approaches to the recruitment, approval and matching of more prospective adopters and matching of children from these groups.

The underlying principle of regionalising adoption services is to use South London's collective workforce resources more efficiently, rather than to reduce any service provision for children and families.

We have monitored the ETE outcome data for the 2 years of the restructure and we have improved results universally with lower NEET and NK. Young people who are NEET are in targeted high risk group and we have created specialist post and processes to meet these needs. The impact of the savings and restructure has been an improvement in data outcomes. For the youth service we have monitored underspends in premises budgets over 3 years and this funding has not been required.

What are the proposals being assessed?	Proposed budget savings CSF2019-10: Reduced contribution towards the multi-agency Merton Safeguarding Children Partnership.
Which Department/ Division has the responsibility for this?	CSF / Policy, Planning and Partnerships

Stage 1: Overview	
Name and job title of lead officer	Karl Mittelstadt, Head of Performance, Policy and Partnerships
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>What are you proposing and what are they designed to deliver?</p> <p>We are proposing to reduce the council's contribution to the multi-agency Merton Safeguarding Children Partnership by £44,000 during this financial year.</p> <p>The purpose of these savings is to bring Merton council's contribution more into line with those made by the other two statutory partners as the new partnership is billed as being one of equals. Savings can be found by maintaining low discretionary activity of the partnership to ensure low costs.</p> <p>The MSCP does not deliver direct services to Merton children and families. The impact of reducing the partnership's budget on children and families would therefore be indirect and may occur as a result of reduced multi-agency leadership on safeguarding issues.</p>
2. How does this contribute to the council's corporate priorities?	The work of the board contributes to the council's objective of keeping Merton children safe.
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	<p>Who are your customers (staff, service users, stakeholders, partners etc)? Who will your proposals benefit? How will your proposals benefit the council?</p> <p>The saving proposals do not affect staffing. The partnership has shown that it can function on a reduced financial footprint by delivering an in-year underspend. As a result the impact on the partnership will be minimal.</p>
4. Is the responsibility shared with another department, authority or	State here whether there are any other service areas, divisions, directorates, partner agencies (such as contracted organisations), other statutory bodies (e.g. the police, other councils etc) or the community and

Page 157

organisation? If so, who are the partners and who has overall responsibility?

voluntary sector involved in the delivery of this function.

The council together with the police and CCG have a statutory responsibility to co-ordinate and ensure the effectiveness of actions taken to protect children from harm and to ensure their well-being.

## Stage 2: Collecting evidence/ data

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

What impact has this evidence had on what you are proposing?

If there are gaps in data (for example information not being available) you may have to address this by including plans to generate this information within your action plan.

No evidence sought as partnership does not work directly with Merton residents, but rather coordinates multi-agency efforts to safeguard children. This will still be possible on a reduced financial footprint.

## Stage 3: Assessing impact and analysis

The proposal will be shared through a business case and the team will have opportunity to comment on the associated re-structure necessary to find the required savings. The proposals will benefit the council by contributing to the Medium Term Financial Strategy and savings targets, without having to cut services to the public.
4. Is the responsibility shared with another department, authority or organisation? If so, who are the partners and who has overall responsibility?	Children's commissioning in Merton is undertaken through an informal integration model across Children Schools and Families, Public Health and the Clinical Commissioning Group. The Head of Integrated Commissioning (CSF) and the Public Health Consultant with Lead for Children currently jointly lead the team. The Director of Public Health is fully aware of and engaged in this proposal. Discussion with senior leadership within Merton and Wandsworth CCGs has also begun, including the potential for formalising this integration during 2021, once their own restructure and possible merger is complete.

## Stage 2: Collecting evidence/ data

### 5. What evidence have you considered as part of this assessment?

Provide details of the information you have reviewed to determine the impact your proposal would have on the protected characteristics (equality groups).

The Integrated Commissioning Team have had a combined team/work plan for the past 3 years and the governance of this work is undertaken through a Strategic Children's Integrated Commissioning Group that is jointly chaired by the Director of Children Schools and Families and the Director of Commissioning Merton and Wandsworth CCGs. The Director of Public Health and other members of the CSF Management Team also attend the meeting, which is held monthly.

The proposal is made in the knowledge that work and workloads within the team have changed (and some reduced), so this will also offer opportunity for re-balancing in light of this.

The proposal currently protects the need (in 2020-21) from taking this saving from direct work with Children, Young People and Families. Significant savings have previously been made from commissioned services, resulting in the current services being directed only at those very vulnerable families just below or already receiving statutory services. List the type of evidence (data, results of consultation, research, etc) and analysis of what this evidence tells you regarding the impact on the protected characteristics (equality groups).

The team are already aware of the proposal and will have the opportunity as part of a consultation to the resulting re- structure of the team, in line with HR procedures. The re-structure is likely to lead to opportunity with likely appointment of a Senior Commissioning Manager role from within the existing Commissioning Managers.

Which Department/ Division has the responsibility for this?	CSF / Public Health

## Stage 1: Overview

Name and job title of lead officer	Julia Groom, Consultant in Public Health
1. What are the aims, objectives and desired outcomes of your proposal? (Also explain proposals e.g. reduction/removal of service, deletion of posts, changing criteria etc)	<p>A recurrent saving of £400,000 from 2021/22. This will be achieved through the recommissioning of Healthy Child services (including health visiting and school nursing) as part of an integrated approach with Merton CCG, and potentially reducing the public health contribution to the Risk and Resilience service.</p> <p>The recommissioning of community health services provides an opportunity to review the current service model and gain efficiencies from integrated commissioning and service transformation. There may also be some reductions in universal and targeted healthy child services.</p> <p>At this stage the new service model has not been designed and therefore we do not have detailed proposals on service changes and the consequent potential impact on residents and staff. A market warming event setting out the scope of the community services commissioning will be approved by Cabinet on 15 October 2019, with an engagement period for 4 weeks. Following this period and subject to approval, a high level service specification will be produced with an Equalities Impact Assessment.</p>
2. How does this contribute to the council's corporate priorities?	Support the Medium Term Financial Strategy, Directorate TOM and associated savings targets
3. Who will be affected by this proposal? For example who are the external/internal customers, communities, partners, stakeholders, the workforce etc.	The groups directly affected by this proposal are children young people and families, and staff in provider organisations.

- Public Health Outcomes Framework, Public Health England
- Benchmarked data on mandated Child health services
- Service level data from Universal Child Health Services
- Feedback from local engagement work including schools surveys and engagement with parents and CYP
- London and national data and research on universal child health services

<p>What are the proposals being assessed?</p> <p>ENV1920-01</p>	<p>Application to change Merton's PCN charge band from band B to band A. To effect this a full business case will need to be presented to Full Council. Following this, an application will be made to the London Councils Transport, and Environment Committee. Depending on the outcome at the Committee, the Mayor will also be required to ratify the application and the Secretary of State has final sign off. This 'saving' reflects the impact on estimated revenue until motorist compliance takes full effect .The objective is to reduce non-compliance but if the band change is implemented it is likely that there will be a short term increase in revenue.</p> <p>In setting out its measures of success, the proposed bandings and increase in PCN charges aims to deliver better compliance and driver behaviours in respect of parking regulations, which will reduce congestion, and lead to improved traffic flows and availability of spaces.</p> <p>The purpose of PCN parking charges is to dissuade motorists from breaking parking restrictions and charges must be proportionate. The income from charges must only be used in accordance with the Road Traffic Regulation Act 1984. These purposes are contained within the Council's traffic management and other policy objectives.</p>

Litter control and management is one of the number main concerns of our residents. The range of possible enforcement activities being considered within the larger procurement of enforcement services will contribute to reductions in litter occurrences as well as other environmental offences, such as fly-tipping, which impacts negatively on the standards of our public realm. In considering the impact that this has on groups with protected characteristics, the positive benefits are universal and therefore all should benefit from the successful application of this proposal. Likewise, perpetrators of environmental enforcement offences are not representative as coming from a specific group or particular segment of the community, while any prosecutions or issuing of sanctions is based on evidenced gathering and / or witnessing the occurrence.
