

1 Proposed Front Elevation 150

- 1 Existing entrance canopy made good inclusion of new location signage 91 Cranham Road
- 2 New perimeter parking wall for the public roads (checked) in keeping with the host building
- 3 New glazing to central circulation stairs (R1-R2)
- 4 New window to match existing window frame
- 5 New gable on corner adjacent to footpath road
- 6 Existing window bay (uplift) cladding panels removed and replaced with new contemporary cladding panels
- 7 Domestic works to gable/kerbs where necessary
- 8 Approach to main building reinstated - indicated pathway from kerb side to building entrance
- 9 New entrance doors with updated call entry point to the building
