Subject: Objections-application reference WK/202010717

To whom it may concern

I am the owner of [REDACTED] and I am writing to object to an all-day music and alcohol licence for 82 Durham Road - Application Ref. WK/202010717.

My property backs on to the wall of 82 Durham Road and I should like to put forward the following objections.

1. I am very concerned about the constant noise and cooking smells that we will suffer 7 days a week . There is also the additional worry of fumes and potentially harmful emissions coming from the grill plus the worry of fire hazards. I cannot see there is any reference request for ventilation. Where would these be and how would they work. Most ventilation systems are continually noisy. Sinbads cafe only provided snacks to those using the soft play centre so this is a totally different scenario.
2. I have also been aware on a number of occasions that people have been measuring up the flat roof of No. 82 and am very concerned that they may be planning to make this into an area for smokers/etc, causing constant noise and pollution. This area is right next to and overlooks all the neighbouring small gardens where children are continually playing.
3. Another major concern is the disposal of food and general waste. A restaurant and bar would generate far more waste than its original use (snack cafe) and a greater risk with vermin.

Yours sincerely,

Caroline Ford
