Minute Item 4

# COVID-19 UPDATE

- **7 day case rate** (all ages) 233.5 cases per 100,000 (down from 282.4), compared to 209.2 (up from 207.4) cases per 100,000 for London (30th September – 7th October)
- **Autumn and Winter Plan** has been published, which aims to avoid rise in hospitalisations which puts unsustainable pressure on the NHS
  - Plan A – Vaccinations, Test Trace & Isolate, clear comms and manage risk at the borders
  - Plan B – Clear comms of change of risk, vaccination only COVID Pass, mandated face coverings in some settings and working at home
- **Vaccination** continues to be our first line of defense; access by calling 119, booking at [www.nhs.uk](http://www.nhs.uk) or attending a drop-in clinic
  - Evergreen offer – continuing to provide 1<sup>st</sup> and 2<sup>nd</sup> dose vaccinations; it's not too late
  - Booster dose to priority groups e.g. those living in care homes, over 50s, front-line health/care staff, 16 to 49 with underlying health conditions
  - 3<sup>rd</sup> vaccine dose to over 12's with severely weakened immune systems
  - Universal offer of 1<sup>st</sup> dose (Pfizer) for 12 to 15 year olds
- Coronavirus remains a **serious health risk**. Everybody needs to stay cautious and help protect themselves and others
  - ✓ If you think you may have COVID-19 symptoms, stay at home and take a PCR test
  - ✓ Continue to take part in twice-weekly asymptomatic testing
  - ✓ If you are not well, try to stay at home
  - ✓ Meet up outside or if you're indoors open windows or doors
  - ✓ Wear face-coverings in crowded places to help protect others
  - ✓ Check in with the NHS COVID-19 app when you are out
  - ✓ Wash your hands regularly and for a least 20 seconds with soap
  - ✓ Fully vaccinated contacts do not need to isolate, but should be cautious and get a PCR test
- Better Health Merton – be a healthy weight, move more, stop smoking, reduce alcohol use, get a flu jab, manage LTCs and look after your mental wellbeing. [Better Health Merton: kick-start your health](#)

## When to take which test:

LFD LATERAL FLOW DEVICE TEST	PCR POLYMER CHAIN REACTION TEST
FOR THOSE <u>WITHOUT SYMPTOMS</u>	FOR THOSE <u>WITH SYMPTOMS</u>
	High temperature Continuous cough Loss of taste/smell
<p>I'm not displaying symptoms: I'll book an <b>LFD</b> test and go to Morden Assembly Hall or where directed for my test</p> 	<p>I've developed symptoms so I'll book a <b>PCR</b> test: <a href="http://www.gov.uk/get-coronavirus-test">www.gov.uk/get-coronavirus-test</a> (or call 119)</p> <p>I've got COVID-19 symptoms so I've got to self-isolate now</p> 
<u>ONCE SWAB IS TAKEN:</u> <b>RESULTS IN 30 MINUTES</b>	<u>ONCE SWAB IS SUBMITTED:</u> <b>RESULTS IN 24-48hrs</b>
