## 2.4 Fund balances and reserves

2.3.1 Members should note the overall level of the Common Fund Balance to be £1,621,114. Circa £0.5m excess income payments remain outstanding with Idverde.

2.3.2 Board members will be aware that work was commissioned with PS Tax to determine MSJC's VAT position. The final report, although expected is still awaited – it will be circulated to members as soon as it is received. It is expected that any discussion of this subject should be undertaken in private session and it is envisaged that the way forward will be agreed with relevant Section 151 officers within the constituent authorities.

## 2.4 Audit Arrangements

2.4.1 Under current regulations MSJC is deemed a joint committee. With effect from the financial year 2015/16 onwards, joint committees no longer have a statutory obligation to prepare accounts that are then audited by a firm appointed by the Audit Commission. The Audit Commission Act 1998, which required the accounts of joint committees to be subject to audit, has been repealed with effect from 1 April 2015. The Local Audit and Accountability Act 2014, introducing new local public audit arrangements, does not apply to joint committees.

2.4.2 From 1 April 2015 any expenditure overseen by a joint committee will only be subject to a statutory audit as part of the main accounts of constituent audited bodies. This means the external audit of the MSJC will be covered by the external audit of the London Borough of Merton's accounts. Sutton's Internal Audit Service have successfully signed off the accounts of Bandon Hill Cemetery Joint Committee (which is also a joint committee) for a number of years. Officers propose a similar approach for MSJC.

2.4.3 A statement of assurance by Merton's Chief internal Auditor can be found below:

"The London Borough of Merton Internal Audit service, acting independently and on the basis of an assessment of risk, carried out a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year ended 31 March 2023. The Council's financial systems have been examined and the Head of Internal Audit confirms that the Merton and Sutton Joint Cemetery statements of account for 2022/23 are in accordance with its financial records."

## **ABSTRACT OF ACCOUNTS 2022/23**

### **STATEMENT OF MAIN ACCOUNTING PRINCIPLES**

The accounts have been prepared in accordance with the latest Accounts and Audit Regulations. There was a change in the basis of accounting during 1995/96. In prior years accounts have been prepared on an income and expenditure basis. Since 1996/97, the accounts have been prepared on an accruals basis. The Revenue Account therefore includes all sums due to the Board in respect of the financial year and all sums payable for work done or goods received during the year.

The accounts have been produced in accordance with CIPFA's Code of Practice which is based on International Financial Reporting Standards (IFRS).

Capital expenditure defined as expenditure relating to assets in excess of £1,000. Capital expenditure is financed from the capital fund and loans, the redemption of which is provided for by the annual setting aside of sums in the Movement of Reserves Statement to repay the principal and the charging of interest on the loan in the revenue account.

A precept can be levied on the London Boroughs of Merton and Sutton to meet the net expenditure of the Board (after adjusting for contributions to or from balances held in the Board's Common Fund). No precept was levied in 2022-23. This is to be reviewed in the 2024-25 budget setting process.

Page 36 John Bosley; Andrew Kauffman	MSJCB02 Pandemic leading to a reduction in income	Risk	Impact of a possible Pandemic on short, medium and long term income.	Initially, there has been an increase in income at the cemetery due to increased demand. It is foreseen that this has the potential to reduce demand in the short to medium term, impacting on pre-pandemic income levels.	It is envisaged that overall initial increase in income due to overall pandemic demand would negatively impact future annual income projections due to lower demand.	SP		4  01-Jun-2023	Business Continuity Plan in place utilises the MSJC for prioritised burials and if required as the site for mass burial.  2022-23 confirmed business as usual operation and Covid 19 protocols ceased.	01 Jun 2023

John Bosley; Andrew Kauffman	MSJCB02a Delay in the delivery of the 2021/2022 Capital Programme of Works	Issue		The unknown nature of the current pandemic may have negative impacts on the ability of the programmed capital projects to be delivered in year. This is dependent on supplier resource availability and possible future Government, especially considering groundworks delivered during periods of past increases in positive cases.	The lack of installation of bearer beams has the potential to negatively impact available grave capacity. Replacement bearer beam programme can accommodate delay as long as memorial testing ensures H&S requirements. Road & pathway delays can be postponed if required.	SP		4  01-Jun-2023	Council continues to work with service provider and internal Facilities Management Team on a proactive delivery plan for special projects including both hard and soft landscape works	01 Jun 2023

John Bosley; Andrew Kauffman	MSJCB07a Poor operational service delivery	Risk	Poor service delivery achieved under contracting arrangements	The risk is that there will be a negative operational effect as a consequence of the externalisation of Merton and Sutton office administration, grounds maintenance and grave digging services.	Negative impact on service efficiency and quality leading to potential consequences in terms of reputation and lower income.	R		3  01-Jun-2023	Client-side monitor the performance of the contract and the level of complaints this includes regular operational and capital improvement meeting	01 Jun 2023

								3  21-Dec-2022		
John Bosley; Andrew Kauffman	MSJCB07c Failure of contracting-out arrangements	Risk	Withdrawal of the contractor from the contract	There is a risk that the contractor may withdraw from the contract and that Merton would need to re-provide the service.	Withdrawal from the contract either by design or through administration / liquidation will have an impact upon service provision during the interim changeover period whilst Merton re-provides the service.	R		6  01-Jun-2023	Control measures have improved contract monitoring and management of the service provider through regular meetings, service reporting and service planning along with weekly updates on contract performance using Traffic Light System so we have site of any issues.	01 Jun 2023
