

## **Committee: Cabinet**

**Date: 17 July 2023**

Agenda item:

Wards: All

## **Subject: Equality Diversity and Inclusion Strategy 2024 - 2026 – draft for consultation**

Lead officer: Jane McSherry, Executive Director for Children, Lifelong Learning and Families

Lead member: Cllr Eleanor Stringer, Cabinet Member for Nurturing Civic Pride

Contact officer: Keith Burns, Interim Assistant Director: Customers, Policy and Improvement

---

### **Recommendations:**

- A. That Cabinet agree to go out to public consultation on the draft Equality, Diversity and Inclusion Strategy prior to a final version being presented to Council for adoption in November 2023.
  - B. That Cabinet delegate the authority to agree the final version of the Strategy, for submitting to Council, to the Cabinet Member for Civic Pride in order to enable a longer consultation timescale.
  - C. That Cabinet notes that in addition to the nine Protected Characteristics defined by the Equality Act the scope of the strategy has been extended to include care experienced young people, armed forces veterans, single parent households and socio-economic status.
  - D. That Cabinet notes the proposed consultation timeline.
  - E. That Cabinet notes the proposed duration of the Strategy is intended to align both with the end date of the new Council Plan and to the Equality and Human Rights Commission's requirement that Councils publish updated equalities objectives every four years.
- 

## **1 PURPOSE OF REPORT AND EXECUTIVE SUMMARY**

- 1.1. The Equality Act 2010 requires the council to publish equality objectives every four years to demonstrate how it intends remaining compliant with the Public Sector Equality Duty. The requirement to publish every four years was introduced from April 2018.
- 1.2. This report provides an overview of the draft Equality, Diversity and Inclusion strategy and the proposed Equality Objectives that outline Merton's commitment to tackling inequalities and remaining compliant with the Public Sector Equality Duty.
- 1.3. Cabinet is asked to agree that the draft strategy, attached, be subject to wide public consultation before a final version of the Strategy is presented to Council in November for adoption.

## 2 DETAILS

- 2.1. The refreshed strategy needs to meet legislative requirements to publish equality objectives every four years.

### **Approach**

- 2.2 The draft Equality, Diversity and Inclusion strategy (appendix 1) outlines the following four Equality Objectives:

1. **Tackling poverty, the structural differences in social circumstances and the resulting differences in access and outcomes**
2. **Promoting Community engagement to empower our residents, improve understanding of the issues faced by local people and develop services to meet the differing needs.**
3. **Promoting a safe, healthy and cohesive borough where communities get on well together**
4. **Improving our evidence base to inform our decision making**

- 2.3 The Strategy is intended to be primarily focused on the borough's residents and communities. 'Our People and Culture' the Council's new people strategy, sets out a range of equalities objectives relating to the Council's workforce. The draft strategy references this relationship.

- 2.4 The strategy is appended by a delivery plan setting out the Council's commitments against each of the four equality objectives. The actions in the delivery plan are linked to the Council Plan and other key Council Strategies and delivery plans.

- 2.5 The Equality, Diversity and Inclusion strategy's development was informed by:

1. Evidence of existing inequalities in the borough and opportunities to continue to narrow the gap in outcomes for disadvantaged residents and communities.
2. The findings from extensive community engagement to support the development of the new Council Plan that provided analysis of residents' experience of life in Merton, their experience of the pandemic and their aspirations for the future.
3. Learning from the Covid-19 pandemic and cost of living emergency that has highlighted issues such as:
  - a. Health inequalities
  - b. Digital exclusion
  - c. Food poverty
4. Findings from the research commissioned by the Health and Wellbeing Board looking at the disproportionate impact of Covid-19 on protected groups, in particular ethnicity, age and disability.
5. The Councils' response to the Cost-of-Living crisis

6. Issues raised through the Black Lives Matter protests
  7. Implementing the Local Outbreak Management Plan
  8. The learning and recommendations of the Workforce Race Equality Standards pilot
  9. The work of the Transforming How We Work With Communities project to increase community resilience and delay / prevent demand for acute services.
- 2.5 Promoting equality has been a major consideration in the development of the Council Plan and has helped shape the priorities e.g. improving access to affordable housing; keeping and improving local health services; actively involving communities in decisions that affect them; improving educational attainment; support on cost-of-living; and adopting the London Living Wage.
  - 2.6 Good progress is being made to address inequalities in Merton and many of the actions in the delivery plan have already started. The Council has improved collaboration with the Voluntary and Community sector, particularly in respect of addressing health inequalities.
  - 2.7 More recently the Council has improved its grant funding framework and through the Civic Pride fund have increased the reach, as smaller organisations have successfully secured funding. The Council is investing in capacity building to develop and implement sustainable solutions.
  - 2.9 Alongside the EDI Strategy an Equality Charter (appendix 3) has been developed that sets out and communicates in a clear and straight forward way the principles that underpin our approach and the key objectives.
  - 2.10 Cabinet is asked to note the draft Equality Charter that incorporates the principles of the London Councils' Chief Executive Leaders Committee (CELC) Statement of Intent that makes specific reference to addressing Institutional Racism, (appendix 4). The SOLACE Statement of Intent on Equality, Diversity and Inclusion is also cited and endorsed in the draft strategy, although this is more directly relevant to our role as an employer.
  - 2.11 The strategy makes reference to the need to review the use of the terminology 'Black Asian Minority Ethnic'. An Inclusive language guide is being developed and it is timely that we engage with staff and the community to introduce terminology that our residents are more comfortable with. London Councils guidance on the matter is being developed and the Council's Corporate Equality Steering Group is leading the work to consider the introduction of more accurate and acceptable terminology.
  - 2.12 Delivery of the strategy will be monitored by the Corporate Equality Steering Group, Corporate Management Team and Directorate Management Teams. An annual update will be provided to the Overview and Scrutiny Commission and the Joint Consultative Committee (JCC) with Ethnic Minorities.
  - 2.13 The strategy also outlines the Equality Analysis process and plans to further develop this to include the additional groups / characteristics referenced in the strategy.

### **3 ALTERNATIVE OPTIONS**

- 3.1. The Equality Act 2010 requires the council to prepare and publish equality objectives and subsequently update these objectives at least four-yearly. Not having an Equality Strategy would put the Council at serious risk of legal challenge and potentially damage the Council's reputation.

#### **4 CONSULTATION UNDERTAKEN OR PROPOSED**

- 4.1. The draft Strategy has been circulated to the Corporate Equality Steering Group and to the Joint Consultative Committee with Ethnic Minority Communities.
- 4.2. Subject to Cabinet agreement, the draft Strategy will be the subject of wider internal and public consultation between July 2023 and the end of September 2023. This end date will be extended into October if Cabinet agree to delegate authority to agree the final draft of the strategy to the Cabinet Member for Civic Pride. Internal consultation will take place with Directorate Management Teams; the Corporate Equality Steering Group, the Race Equality Network; the LGBTQ+ network and the Trade Unions. Public facing consultation will take place via the Council's website as well as with the Overview and Scrutiny Commission (OSC) and the Joint Consultative Committee (JCC) with Ethnic Minorities. Consultation will also take place with voluntary and community sector organisations in collaboration with Merton Connected and with a range of forums and groups across the borough.

#### **5 TIMETABLE**

- 5.1. The draft strategy is being presented to Cabinet for approval to go out to consultation on 17 July 2023.
- 5.2. Consultation (internal and external) will then run over the period July 2023 to 30 September 2023 (see note at 4.2 above on possible extension of this timeline).
- 5.3. A final version of the Strategy will then go to Council for adoption on 15 November 2023.

#### **6 FINANCIAL, RESOURCE AND PROPERTY IMPLICATIONS**

- 6.1. None for the purposes of this report.

#### **7 LEGAL AND STATUTORY IMPLICATIONS**

- 7.1. On 6 April 2011 the Equality Act 2010 introduced the Public Sector Equality Duty (PSED) which requires the Local Authority, when exercising its functions, to have due regard to the need to eliminate discrimination, harassment and victimisation and to advance equality of opportunity and foster good relations between persons who share a "protected characteristic" and those who do not. "Protected characteristics" are age, disability, gender

reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. Recommendation C to extend the scope of the strategy with regards the classes identified is permissible.

- 7.2. In developing the Equality Strategy and objectives consideration will need to be given to the Public Sector Equality Duty in respect of each of the protected characteristics. Delivery of the commitments in the Equality Strategy action plan and the publication of an Equality Strategy setting out our equality objectives will contribute to fulfilling the Council's legal obligations relating to equalities legislation.
- 7.3. With regards the delegation in recommendation B this is permissible under section 9E of the Local Government Act 2000.

## **8 HUMAN RIGHTS, EQUALITIES AND COMMUNITY COHESION IMPLICATIONS**

- 8.1 By setting out its equality, diversity and inclusion commitments in the Equality Diversity and Inclusion Strategy the Council is re-affirming its commitment to human rights, equality and community cohesion as well as demonstrating ongoing compliance with the Public Sector Equality Duty.

## **9 CRIME AND DISORDER IMPLICATIONS**

- 9.1. There is a risk of increased hate crime activity directed towards certain groups if there is no commitment to eliminate discrimination and harassment.

## **10 RISK MANAGEMENT AND HEALTH AND SAFETY IMPLICATIONS**

- 10.1. There is a risk to the Council's reputation if it fails to produce and publish equalities objectives. Additionally, there is a risk of claims of discrimination based on age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

DRAFT

## 1. Introduction

- 1.1. The Equality, Diversity and Inclusion Strategy sets out the Council's equality objectives and outlines how we will embed equalities considerations into our day-to-day business.
- 1.2. Under the Equality Act 2010 the Council has a Public Sector Equality Duty to ensure that in exercising our functions and delivering services and partnership work we:
  - eliminate discrimination, harassment, victimisation
  - advance equality of opportunity between persons who share a protected characteristic and persons who do not share a protected characteristic
  - foster good relations between persons who share a relevant protected characteristic and persons who do not share it.
- 1.3. The Act also introduced nine Protected Characteristics; Age, Disability, Gender Reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion and Belief, Sex and Sexual orientation. Unless otherwise specifically stated, the commitments and objectives set out in this strategy and the associated delivery plan apply equally across all nine protected characteristics.
- 1.4. When developing new policies and making changes to services the Council is required, at the decision-making stage, to assess how changes to policies and service delivery will affect individuals with a protected characteristic. Where a potential for negative impact is identified the Council is required to identify ways in which those negative impacts can be mitigated. By requiring this of Council's, the Act requires that we take steps to ensure equity of access to services for all our residents.
- 1.5. As a Council we acknowledge that we have a key role to play to promote a fair and more equal society and that we can do this by putting equalities considerations at the heart of the decisions we make about strategic priorities, policies and plans, service delivery, contract arrangements and employment. Through the Merton Partnership we will continue to engage with partner organisations to identify ways in which we can work together to deliver better equalities outcomes for our residents and communities.
- 1.6. We also recognise that our understanding of the inequality impacts in relation to each of the nine protected characteristics is not equally well developed and over the lifetime of this strategy we will seek to address this with targeted research and consultation work. There are a number of specific commitments focused on improving our understanding of inequality impacts relating to specific characteristics set out in the delivery plan that supports this strategy.

1.7. In producing this strategy, we have developed objectives that promote equality, diversity and inclusion in Merton by:

- listening to our diverse communities and understanding that everyone is unique and “one size does not fit all”
- taking measures to address existing inequality and differential service outcomes
- developing strong partnerships with our Voluntary and Community Sector to work towards co-producing the delivery of services that increase access to services and opportunities that nurture Civic Pride
- seeking opportunities for building a sustainable future for all
- appreciating the different backgrounds cultures and experiences that make Merton a great place to live, work and visit.

1.8. In developing objectives that promote equality, diversity and inclusion in Merton we have also recognised that there are a number of groups of people with shared characteristics, beyond the nine characteristics protected by the Equality Act 2010, who are at risk of experiencing disadvantage in accessing Council services and in other aspects of their day to day lives. The Council will, therefore, consider these groups to be within the scope of this Strategy and, in particular, will take into account those characteristics when undertaking Equality Impact Assessments. The four identified groups / characteristics are:

- Care experienced young people;
- Armed forces veterans;
- One-parent households;
- Socio-economic status.

### **Our Commitment**

1.9. The Equality Act underpins this Strategy and the objectives apply to all the protected characteristics identified in the Act, as well as to the four additional characteristics / groups identified at 1.7 above. As a Council we will not tolerate discrimination and will endeavour to consider all the protected characteristics in the delivery of our services.

1.10. We have developed an Equality Charter that is our statement of intent and outlines our commitment and sets out the framework for the management and effective delivery of equality, diversity and and inclusion in Merton and contributes to the newly adopted Council Plan for 2023 to 2026 “Building a Better Merton Together”. The council is committed to “Nurturing Civic Pride “ and want residents to be proud of their local area, feel more connected to their community and get more involved in making Merton a great place to live, work and visit. Our Equality Charter is set out in Appendix 1 of this Strategy.

1.11. The Council’s Equality Charter has been informed by London Councils’ Anti-racism Statement (reproduced at Appendix 2 of this strategy) and by the Society of Local Authority Chief Executives’ Statement of Intent on Equality, Diversity and Inclusion ( [ED&I Statement of Intent 2022.pdf](#))

([hubspotusercontent-na1.net](https://hubspotusercontent-na1.net) ). The Council endorses both the London Councils Anti-Racism Statement and the SOLACE Statement of Intent on Equality, Diversity and Inclusion.

- 1.12. The Strategy has been designed to cover the period from January 2024 through to March 2026. This end date aligns with the end Date of the Council Plan and coincides with the end date of the Equality and Human Rights Commission’s four-year cycle. It is intended that the next iteration of this Strategy will be developed alongside the next Council Plan so that reducing and tackling inequality continues to sit at the heart of the Council’s commitment to our residents and communities.

### **Our Equality, Diversity and Inclusion objectives**

- 1.13. To underpin our commitment to prevent or reduce identified inequalities in Merton, and to support and promote diversity and inclusion, we have developed four Equality Objectives that aim to improve the life chances of our residents and create a more level starting point for all. The objectives are outlined below:

**1. Tackling poverty, the structural differences in social circumstances and the resulting differences in access and outcomes**

**2. Promoting Community engagement to empower our residents, improve understanding of the issues faced by local people and develop services to meet the differing needs.**

**3. Promoting a safe, healthy and cohesive borough where communities get on well together**

**4. Improving our evidence base to inform our decision making**

These four objectives underpin this Strategy and the action plan which accompanies it.

### **Intersectionality**

- 1.14. We recognise that people share more than one protected characteristic and as a result some may face multiple disadvantage and discrimination. As a council we will do all we can to address issues of intersectionality and inequality, both in our actions to reduce inequality and in recognising the potential for cumulative impact when undertaking Equality Impact Assessments.

### **The Council as an employer**

The Council recognises that as well as our obligations to promote and enable equality, diversity and inclusion across the borough in the way we deliver services, we also have a key responsibility to our own workforce, both current and future. We are committed to creating an environment that drives systemic change and works to ensure that we bring to life our pledges, remain committed to our values, and embed a diverse and inclusive culture that allows everyone to realise their potential. As an organisation our Equality, Diversity and Inclusion approach will include fair recruitment, continuous education and awareness of EDI to make everyone feel their uniqueness is valued, and ensure all staff are comfortable in their own skin. The Council's people strategy, 'Our People and Culture' is where we set out our equalities objectives as they relate to our workforce. Our People and Culture should, therefore, be viewed as a companion document to the Equality, Diversity and Inclusion Strategy.

## 2. Merton the place

### Demographics

- 2.1. We are a growing and diverse borough – Merton is home to 215,187 people, an increase of 7% over the last 10 years, and the population is made up of a broad range of ethnicities. One third of residents were born outside the UK and the most common languages spoken after English are Polish, Tamil, Portuguese and Urdu, which reflects the Polish, European, South American and Asian communities across Merton. Contextual demographic information, taken from the Council Plan, is reproduced overleaf.

### Local issues and how the Strategy aims to address these

- 2.2. The aim of the Equality Diversity and Inclusion strategy 2024-26 is to nurture Civic Pride and address key issues evidenced from extensive engagement with residents, communities and organisations in the borough; commissioned research into the impact of COVID-19; and a range of demographic data. More detail on these evidence sources is contained in the next section of the Strategy.
- 2.3. Based on this evidence, the aims of our work to promote equality, diversity and inclusion are:
- 2.3.1. bridging the gap between the levels of deprivation and prosperity in the borough particularly focusing on:
- raising educational attainment for all children and young people and reduce attainment gaps for target groups including children with special education needs or disabilities, those who are looked after in care, specific B.A.M.E groups, specific groups of White boys and those who are excluded from school
  - tackling rising unemployment particularly among young B.A.M.E. communities and disabled residents and supporting those who are long term unemployed back into work
  - Reducing health inequalities particularly the issues affecting some B.A.M.E. communities, disabled and older residents.
  - Supporting residents who may be affected by mental illness or dementia
  - increasing education and economic opportunity in the east of the borough
  - Providing good quality and affordable homes
  - Supporting residents with the pressures of the Cost-of-Living crisis
- 2.3.2. Improving understanding of the borough's diversity and fostering better understanding between communities.

- 2.3.3. Working towards being a borough of sport and supporting residents to be active and have equal access to sporting facilities
- 2.3.4. Supporting those who do not usually get involved in decision-making to better understand how they can get involved and get their voices heard
- 2.3.5. Tackling the effects of the COVID-19 pandemic that has compounded existing inequalities
- 2.3.6. Tackling financial and food insecurity that disproportionately affects residents in the Wards to the east of the borough
- 2.3.7. Supporting residents to access on-line access services
- 2.3.8. Providing services that meet the needs of a changing population and that are equally accessible to all.

### **3. What has informed the strategy and what we are doing to address issues.**

- 3.1. In developing the strategy and identifying the Equality Objectives set out in the introduction to the Strategy several cross-cutting themes have emerged that inform and underpin our approach to Equality, Diversity and Inclusion. These themes reflect issues that affect our residents in different ways and it is important, therefore, that the development of our Strategy takes account of these issues. It is also important that we implement measures to produce positive outcomes for all and recognise that successful implementation will require collaborative working across the council and Merton Partnership
- 3.2. The issues and themes identified are not all new and existing strategies such as the Health and Wellbeing Strategy and our Cost of Living Action Plan have started to address those known themes and issues. The new Council Plan similarly seeks to address a range of relevant issues including those relating to housing and the environment as well as focusing on inclusion and equality through nurturing Civic Pride.
- 3.3. The COVID-19 pandemic, the Black Lives Matter movement and the Cost-of-Living crisis have brought to the forefront a range of challenges faced by our residents that increasingly requires the council and our partners to deliver services in a joined-up way that acknowledges and understand the borough's diversity and is culturally sensitive to the varying backgrounds and needs of our residents.
- 3.4. We recognise not everyone receives the same start in life and this can significantly shape an individual's opportunities throughout their life. As a council we recognise that understanding this inequality is key to addressing some of the complex issues that create barriers and exclusion for some of our residents. On this basis, we are committed to working toward:
  - Everyone having an opportunity to fulfil their potential from the outset
  - Individuals having choice and control to improve life chances and outcome
  - Tackling the structural barriers that lead to inequality
- 3.5. It is evident that some families experience inter-generational disadvantage that results in individuals experiencing inequality throughout their lives. The challenge, therefore, is for the council to work with partners to find ways to break the cycle of deprivation still faced by many. The complex challenge of cyclical disadvantage is experienced by a range of people including Black

Asian and Minority Ethnic communities; children growing up in lower socio-economic households; Gypsies and Travellers; the long-term unemployed; people living with a disability; and young adults leaving care.

- 3.6. The Covid-19 pandemic has impacted all our lives and has further entrenched the inequalities that were already evident in society as a whole and across our borough . This has focused our attention even more on the need to work with our communities to promote opportunity and proactively take steps to eliminate discrimination and the disadvantage faced by many.

### **Health Inequalities**

- 3.7. The existence of health inequalities in the borough is well evidenced by our Joint Strategic Needs Assessment. The key findings from the Joint Strategic Needs Assessment have informed commitments in our existing work, including measures in the Health and Wellbeing strategy to address the poorer health outcomes for residents of the East of the borough. Everyone has the right to live a healthy life regardless of income and social status and should be able to have a good quality of life.
- 3.8. The Joint Strategic Needs Assessment highlights inequalities in the wards in the East of the borough in life expectancy, mortality and morbidity for main diseases. Overall life expectancy in the borough is 78.6 years in males and 83.5 years in females, and healthy life expectancy is 66.6 years in males and 67.1 years in females. The gap in life expectancy between the 10% most deprived, primarily in the East of the borough, and the 10% least deprived in Merton, is 7.7 years for males and 5 years for females.
- 3.9. The pre-existing health inequalities have been compounded by the COVID-19 pandemic. The Joint Strategic Needs Assessment 2022 illustrates that “the pandemic has not impacted health and wellbeing in Merton equally, with some groups affected more than others including older people, young people, those with learning disabilities, those living in wards in the East of the borough and some ethnic minorities.
- 3.10. The Health and Wellbeing Board commissioned research by Black Asian Minority Ethnic Voice and Mencap that gave an insight into the effects of the pandemic on B.A.M.E. communities and residents living with a disability. The findings and recommendations from this work have informed the development of our Equality, Diversity and Inclusion Strategy. The council is committed to working in partnership to tackle the long term impact of Covid-19 and supporting our communities to be resilient and have access to the tools to promote healthy lifestyles.

- 3.11. In the short term we have worked with local community organisations such as Black Asian Minority Ethnic Voice and the Polish Families Association to better understand the issues their communities face and have gained insights that now inform this Strategy.
- 3.12. Going forward we will continue to work with Voluntary and Community organisations and the Integrated Care System to deliver the Health and Wellbeing strategy and the Local Outbreak Management Plan to provide fair and equal access to health care.

### **Black Lives Matter**

- 3.13. The disproportionate impact of Covid-19 on B.A.M.E. communities and the horrific death of George Floyd in the United States prompted a resurgence in the Black Lives Matter movement across the world. Both events have underlined the ongoing issues of structural inequalities and racism that affect B.A.M.E. communities in the UK.
- 3.14. In Merton we are committed to continuing to engage with our diverse communities to better understand and develop appropriate measures to address the issues affecting the borough's B.A.M.E. communities. We will continue to work in partnership to identify and address the causes of the inequality still faced by some of our residents.
- 3.15. Within the council we have re-established a B.A.M.E. staff forum and have been working with the Race Equality Network (REN) to develop Equality Diversity and Inclusion training and anti-racist initiatives across the council.
- 3.16. The disproportionate impact of Covid-19 on some communities underlines the importance of small community led voluntary groups in Merton to support and engage with more marginalised communities. These groups have consistently told us that our criteria for awarding grant funding do not always recognise the benefits that these smaller grass roots organisations can offer. As part of our response to Black Lives Matter, we committed ourselves to recognising the contribution of these groups to tackling inequalities and this led to us reviewing the way that we award funding through the Civic Pride Investing in Communities Grant Programme to ensure a fair and balanced distribution of resources. We will continue to refine this approach for future funding rounds.

### **Community Engagement**

- 3.17. In 2021 we undertook extensive engagement to get a better understanding of the impact of the pandemic on our residents and young people and what is important to them. We spoke to individuals and community groups and we discovered that residents valued the amount of green spaces in the borough and the strong community feel. Residents' frustrations included feeling isolated

as a result of the pandemic; litter and cleanliness; traffic and congestion; anti-social behaviour and crime; and concern about the declining high streets.

- 3.18. Looking to the future residents could see opportunities to build on the community spirit that emerged during the pandemic; maximising our green assets such as parks; making Merton a green borough through active travel and green transport; and revitalising our high streets for the whole community. Additionally, young people asked for improvements to make them feel safe and wanted to be included in decision making.
- 3.19. We have reviewed our existing corporate engagement structures and developed a new approach for engaging with residents and other stakeholders that includes using new digital tools and refreshing some of our existing structures, such as the Community Forums.

### **Cost of Living**

- 3.20. We are committed to supporting our residents with the Cost-of-Living crisis and are working in partnership with the Voluntary sector to address five priority themes:
1. Food Poverty
  2. Energy Efficiency and Homes
  3. Finance, Benefits and Debt
  4. Jobs and Skills
  5. The Next Generation.
- 3.21. Working with our voluntary partners means that our cost-of-living support is informed by and embedded in our communities. The Young Peoples survey conducted in 2021 showed the level of food poverty in Merton. Ten percent of young people have skipped meals because there wasn't enough food, while twenty percent went a whole day without eating. By considering how residents are being affected and how best to prepare them for future challenges, we are delivering support that meets immediate needs and also starts to build longer-term resilience.

### **Education inequality**

- 3.22. We are committed to providing Merton's children with the best start in life and a good or outstanding education for all. Further information about how Merton works in partnership with schools to secure and maintain improvement to educational outcomes for all children can be found in our education standards report, Celebrating Success.
- 3.23. Merton also works in partnership with schools to facilitate the Black Lives Matter and Equalities Forum, which meets half-termly. The forum has enabled

opportunities to hold events, discussions and consultations which drives forward our work on anti-racism and equalities. A review of achievements in 2022 and priorities for 2023 are captured in The Strategy to Address Racism and Racial Inequality across Merton Schools 2022 – 2023.

### **Access to decent housing**

- 3.24. Merton, like other London boroughs, faces a housing crisis with increasing numbers of households in temporary accommodation, the pressures of living with high housing costs and poor-quality accommodation.
- 3.25. We are working towards improving our housing offer for care experienced young people.
- 3.26. We are also committed to increasing the supply of affordable and sustainable homes aiming to build 400 affordable homes on council owned land by 2026 and prioritising the regeneration of Mitcham and Morden. We are working to improve standards in social and private housing through introducing selective licensing and strengthening our housing enforcement activities.

### **Transforming How We Work With Communities**

- 3.27. Through the Transforming How We Work with Communities project, we have developed a new bespoke 'Working Better with Communities' Framework in partnership with a range of stakeholders including the voluntary and community sector. This Framework provides a toolkit for services to use to work collaboratively with communities. It sets out how the council can take action at different levels to mobilise all the assets in the borough and to create the connectivity and community resilience needed to ensure that everyone gets help when they need it. Tackling disadvantage and promoting equality and inclusion is a key element of the framework.

### **Digital Inclusion**

- 3.28. Increasingly public services are moving online and the pandemic has demonstrated that not all households have access to smart devices or broadband (either at all or at speeds that enable good access) – highlighting a digital divide. As such there is a risk that a sizeable number of residents may be digitally excluded from accessing services. Data from Merton Mencap shows that Merton carers are above the national average for digital poverty; 33% are basic or non-users compared with the national average of 22%, and likely to be the most digitally excluded group of residents. Over the period of this strategy we will be undertaking significant work to improve the ways in which residents and businesses can access services and communicate with us as a Council.

Avoiding further exclusion of digitally excluded households and individuals will be central to our approach to this work.

## **Funding**

- 3.29. “The Covid-19 pandemic has not just revealed some of the inequalities existing within Merton’s wards east of the borough, it has also exposed a failure to protect and keep afloat, B.A.M.E. organisations which knew and understood the needs of their communities” – B.A.M.E. Voice report, 2021.

We have listened to the concerns of our communities, using the Transforming How we Work with Communities framework, and revised the grant funding process to enable smaller organisations to successfully bid for Civic Pride funds.

- 3.30. The Civic Pride Fund 2023-26: Supporting the Voluntary and Community Sector aims to:
1. Invest in and support Merton’s local voluntary and community infrastructure
  2. Nurture a strong sense of community and reduce inequalities
  3. Bring together preventative services that provide information, advice and support in the community to strengthen Merton resident’s physical, social, emotional, and economic resilience.
- 3.31. We have allocated almost £5million, over the three years 2023 to 2026, from the Civic Pride Fund to organisations in the voluntary and community sector – a sizeable amount has been given to organisations supporting; older people, people living with disabilities and B.A.M.E. communities.

## **Black Asian and Minority Ethnic (B.A.M.E.) terminology**

- 3.32. In Merton we value the borough’s diversity and aim to provide an inclusive and culturally sensitive service to all. Through engagement with our residents we have learned that many people from Black, Asian and Minority Ethnic (B.A.M.E.) backgrounds do not identify with or feel comfortable with the use of that term to describe their ethnic identity.
- 3.33. For the purpose of data collection and analysis the term B.A.M.E. can be useful for the collective categorisation of ethnic groups. However, we understand and respect that our diverse ethnic communities have their distinct characteristics histories, cultures and identities that should not be homogenised. We are working to improve our understanding of the different communities in the borough and collaborate with voluntary sector partners to shape inclusive services that are culturally sensitive.

- 3.34. We are developing an inclusive language guide for staff and through continued engagement with our communities, we are aiming to develop more appropriate terminology to describe the borough's diverse communities.

### **Equality Analysis**

- 3.35. An Equality Analysis (EA) is an assessment and improvement process that helps us to determine how the Council's policies, procedures, services, practices, or new proposals will impact on or affect different communities – especially those groups or communities who experience inequality, discrimination, social exclusion or disadvantage. Undertaking Equality Analyses is a key way in which the Council ensures ongoing compliance with the Equality Act 2010 and Public Sector Equality Duty.
- 3.36. In Merton Equality Analysis is generally used to inform and or support the following:
- Growth and Savings proposals (as part of the annual budget setting process)
  - Major policy changes that could impact on service access
  - Proposals to close or remodel services, or to change availability
  - Organisational restructuring proposals
- 3.37. Senior managers within Departments are responsible for identifying which proposed changes require an Equality Analysis. Additionally, officers are required to provide decision takers, including Cabinet Members, with sufficient evidence about who the stakeholders are; how they will be affected by proposed changes; and what mitigation is required to reduce / remove any negative impacts.
- 3.38. As noted in the introduction to this Strategy, we are reviewing our approach to Equality Analyses to ensure, among other improvements, that consideration of the potential impact on four characteristics / groups is included in addition to the core nine Protected Characteristics. The four characteristics / groups are:
- Care experienced young people;
  - Armed forces veterans;
  - One-parent households;
  - Socio-economic status.

#### **4. How performance in delivering the strategy will be measured.**

##### **Leadership – responsibility and accountability**

- 4.1. The Equality, Diversity and Inclusion Strategy is part of the Council’s policy framework and elected members therefore have overall responsibility for delivery. The Cabinet Member for Civic Pride has the executive responsibility for promoting equality and diversity across the partnership and all council services, including those delivered on its behalf by businesses, voluntary, community and faith organisations.
- 4.2. Our Corporate Management Team and Departmental Management Teams will have responsibility for the operational implementation of the strategy. This includes making sure that equality diversity and inclusion is central to all work done by the council, communicating and promoting the strategy to others inside and outside the council, setting out what we aim to achieve in terms of equality and diversity, and holding departments to account through performance reviews.
- 4.3. All managers must be familiar with the strategy and be responsible for ensuring equality and diversity is an integral part of any policy development; service design and delivery; employment practices; and procuring and commissioning of goods and services.
- 4.4. All staff including those in organisations we work in partnership with, and who are contracted or commissioned to work on our behalf, have a responsibility to promote equality; eliminate discrimination in their day-to-day work; and recognise and respect the different backgrounds and circumstances of people.

##### **Monitoring of delivery**

- 4.5. The strategy will be monitored through the governance structure outlined below:
- 4.6. The Corporate Equality Steering Group is chaired by the Corporate Management Team Equalities Champion and includes senior departmental representatives. The group will take the lead in monitoring the delivery of the strategy’s commitments and where necessary highlight issues of concern and make recommendations to the Corporate Management Team for further improvements.

- 4.7. Departmental Equality Steering Groups - each department has a steering group comprised of representatives from across the department. They will be responsible for local delivery of the corporate objectives and will review and revise the priorities based on assessment of service need.
- 4.8. Departments, Services and Teams - will be responsible for the delivery of the strategy through service planning and personal development plans.
- 4.9. The Corporate Management Team - will receive progress reports twice a year.
- 4.10. The Overview and Scrutiny Commission - will receive an annual update on our progress towards achieving the priorities identified in the strategy. This annual update will also be taken to the Joint Consultative Committee with Ethnic Minorities.

### **Implementation Plan**

- 4.11. During the consultation period we will develop a range of robust equality diversity and inclusion related performance indicators that will help us monitor our performance and to report on our progress in delivering against the strategy. These will be included in the final version of the action plan outlining the priorities for action against each objective.

### Merton Council's Equality Charter

The Equality, Diversity and Inclusion strategy will be delivered to meet the aims of our Equality Charter

#### **We are committed to making a real difference by:**

- Making Merton a welcoming borough where everyone feels they belong
- Inspiring trust and confidence in all the borough has to offer
- Recognising, valuing and celebrating diversity
- Listening to and understanding the diverse needs of all people
- Building good relations and understanding between people
- Creating a fairer borough through promoting inclusion, participation and equal access
- Challenging discrimination, harassment, bullying, hate crime and victimisation
- Eliminating barriers, encouraging people to reach their full potential, raising aspirations and creating opportunities for growth beyond limit.
- Eliminating subtle and covert unchecked "prejudice, assumptions, ignorance, thoughtlessness and racist stereotyping that lead to Institutional racism" (McPherson Report)

#### **As an organisation we will:**

- Actively promote equality
- Work with partners and the community to make our information, services and products more accessible and inclusive
- Put equal opportunity at the heart of our recruitment, employee development and service delivery
- Continually review the diversity of our workforce and ensure it's representative of our local community across all levels
- Address all allegations of discrimination, harassment, bullying and victimisation
- Promote good relations between people from different backgrounds
- Share good equality practice with our partners
- Measure and share our progress and success.

# London Local Government Anti-Racism Statement

**Local authorities in London are committed to achieving racial equality because we recognise that persistent racial inequalities are unacceptable and adversely affect all Londoners.**

We know that some groups are more likely to face inequality, experience poor outcomes and to live in poverty. We also know that this is sometimes used as an excuse not to acknowledge racial inequality. But groups don't happen to be more disadvantaged by chance. Structural disadvantage is rooted in racism and discrimination that is both historical and current.

We do have legislation to protect against overt racism, negative attitudes and treatment, but many of the systems that discriminate do so because of more subtle and covert unchecked "prejudice, assumptions, ignorance, thoughtlessness and racist stereotyping."

This wording draws on the Macpherson Report 1999 definition of institutional racism which is still relevant today. This is a dehumanising process that is unacceptable and communities are tired of being treated this way.

We cannot let another generation down by not responding to what remains a clear and compelling articulation of what must change.
