

Healthier Communities and Older People Work Programme 2014/15

This table sets out the Healthier Communities and Older People Panel Work Programme for 2014/15 that was agreed by the Panel at its meeting on 3rd September 2014. This Work Programme will be considered at every meeting of the Panel to enable it to respond to issues of concern and incorporate reviews or to comment upon pre-decision items ahead of their consideration by Cabinet/Council.

The work programme table shows items on a meeting by meeting basis, identifying the issue under review, the nature of the scrutiny (pre decision, policy development, issue specific, performance monitoring, partnership related) and the intended outcomes. The last page provides information on items on the Council's Forward Plan that relate to the portfolio of the Healthier Communities and Older People Panel so that these can be added to the work programme should the Commission wish to.

The Panel is asked to identify any work programme items that would be suitable for the use of an informal preparatory session (or other format) to develop lines of questioning (as recommended by the 2009 review of the scrutiny function).

The Healthier Communities and Older People Panel has specific responsibilities regarding Budget and Business Plan Scrutiny and Performance Monitoring for which Lead Members are appointed:

Councillor Suzanne Grocott is lead for Performance Management
All papers members will take responsibility for Budget Scrutiny.

Scrutiny Support
